I dati di molti tirocini del secondo semestre 2019-2020 non sono disponibili in quanto i tirocini non stati eseguiti causa emergenza pandemica

I dati dei tirocini dell'AA 2021-2022 mancano causa mancata raccolta per motivi tecnici (migrazione del sistema informatico di raccolta)

2016-2017

Media
7,23

2017-2018

2018-2019

2019-2020

Secondo semestre 2020 molti tirocini non eseguiti
causa emergenza covid

2020-21

2021-22 Dati non raccolti per motivi tecnici

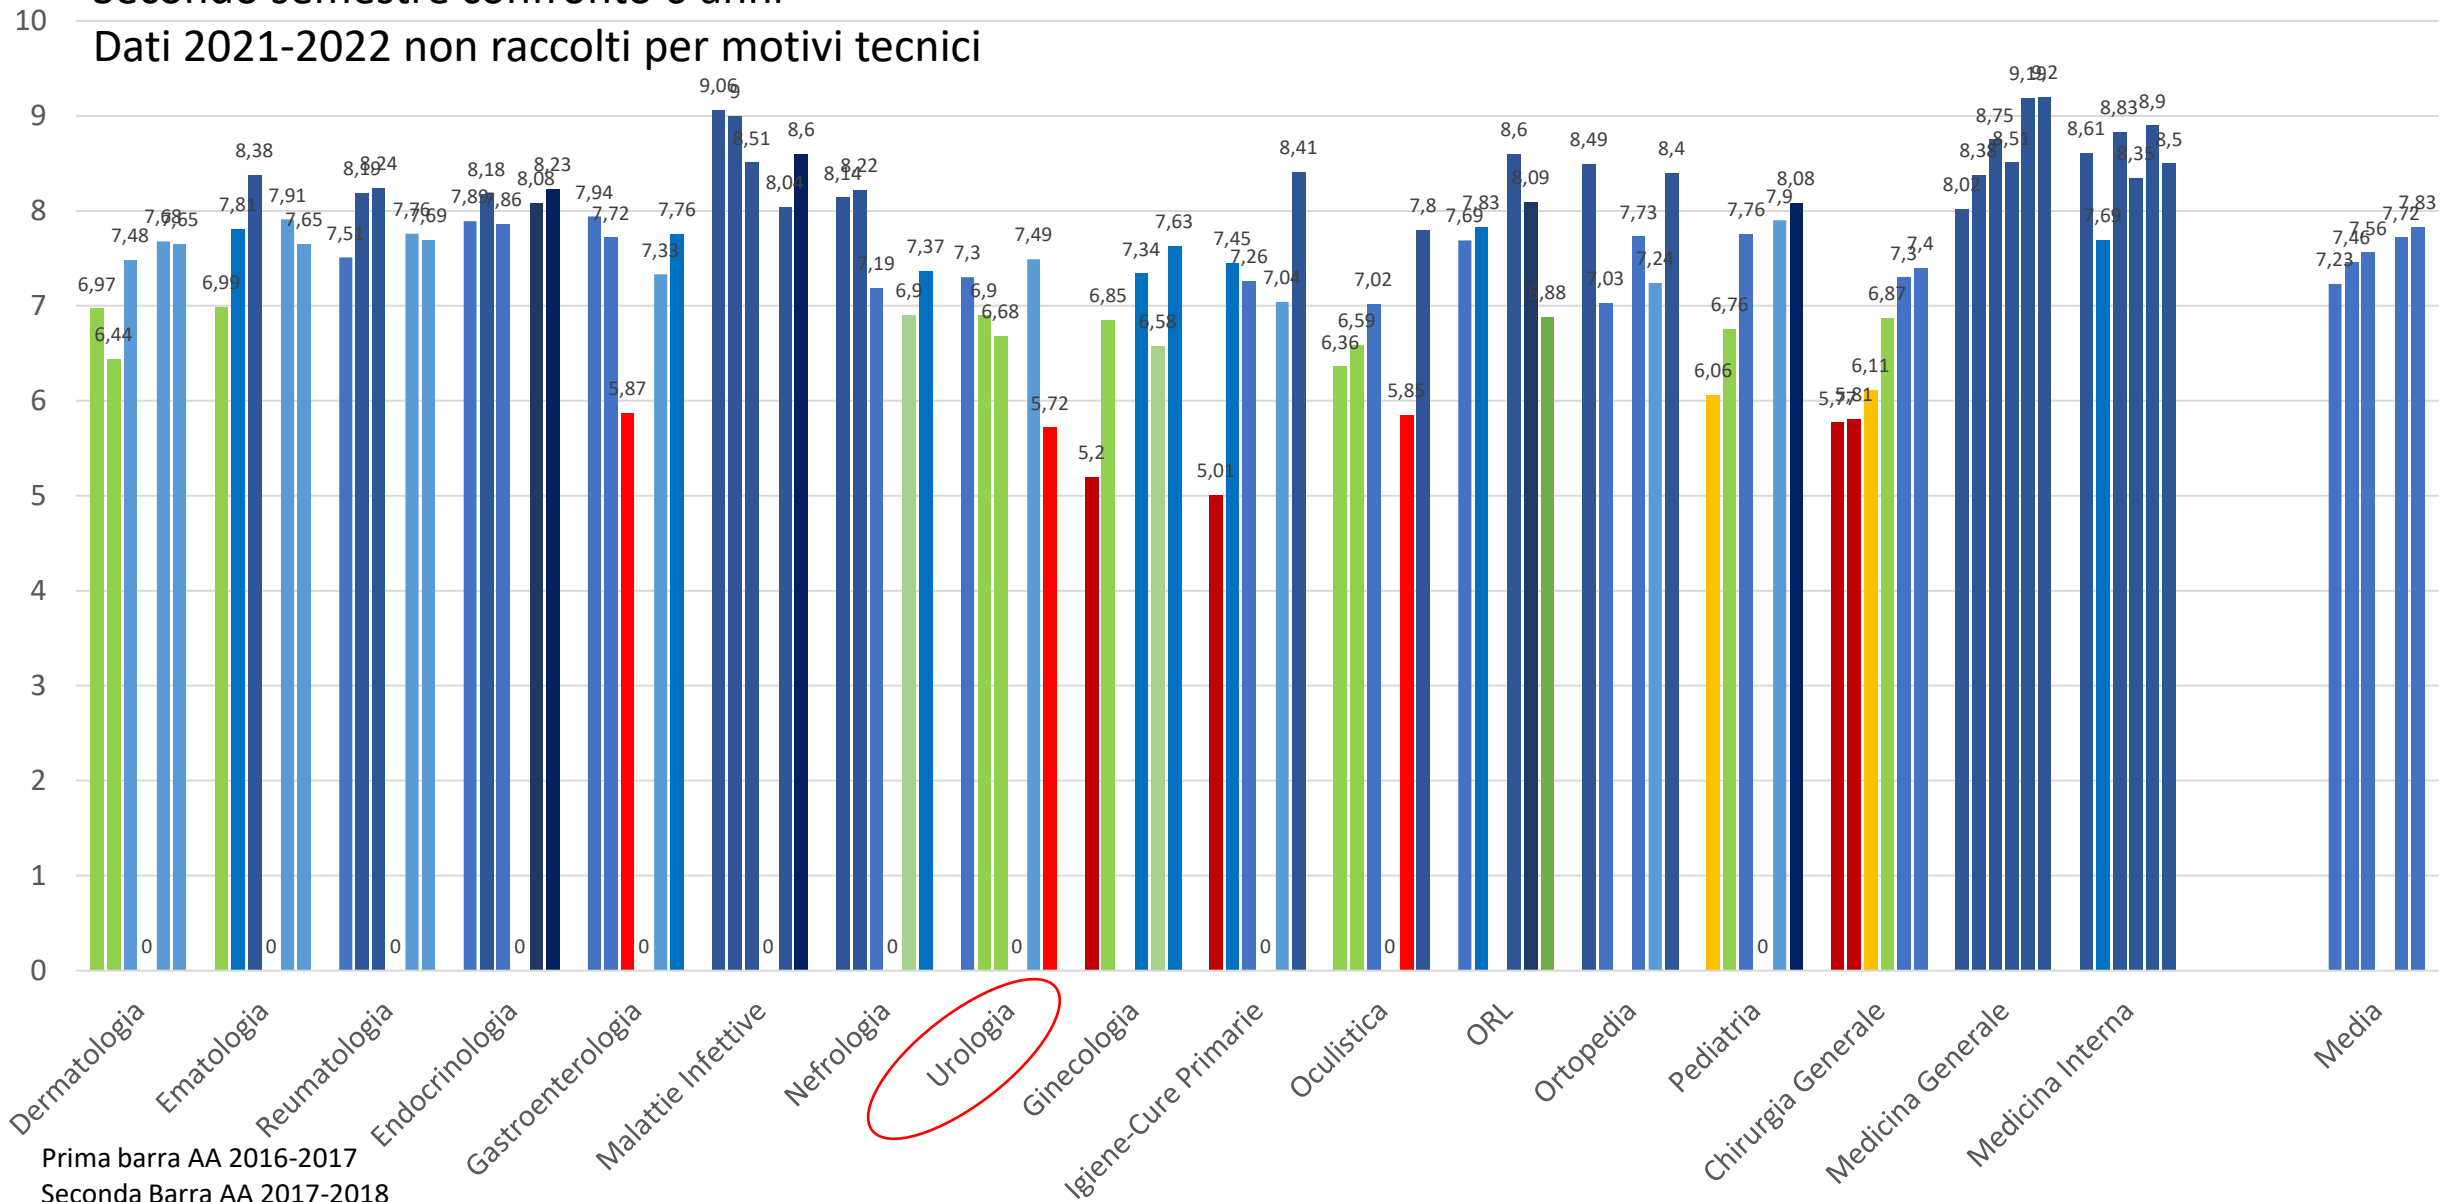

2022-23

Secondo semestre confronto 6 anni

Dati 2021-2022 non raccolti per motivi tecnici

Note: Causa emergenza Covid 2020 secondo semestre molti dati mancanti
 Per Chirurgia e Medicina Interna dal 2020 inserita la media fra curriculare e abilitante

Nel dettaglio

1	Nel caso l'insegnamento preveda attività di reparto e/o di ambulatorio, i contenuti delle lezioni frontali previsti nel corso garantiscono allo studente un'adeguata preparazione di base per approcciarsi all'attività clinica? Indicare il grado di adeguatezza della preparazione fornita	Propedeuticità fra Lezioni Frontali/ Tirocinio
2	Nel caso si alternino più docenti nell'insegnamento, vi è coordinazione su programma e modalità di insegnamento? Indicare il grado di coordinazione	Coordinazione fra docenti
3	Gli obiettivi formativi del tirocinio sono indicati in uno specifico programma ? Indicare il grado di chiarezza del programma (1= programma non fornito)	Programma (= definizione degli obiettivi)
4	Il tirocinio è adeguato rispetto agli obiettivi formativi? Indicare il grado di adeguatezza	Adeguatezza rispetto obiettivi
5	Il tirocinio è organizzato in maniera tale da fornire un apporto utile all'apprendimento della materia? Indicare il grado di utilità	Organizzazione e Utilità
6	I/il docenti/e responsabili/e del tirocinio (tutor) sono effettivamente presenti, disponibili e garantiscono una continuità di insegnamento? Indicare il livello di presenza effettiva del docente/tutor (1= non presente)	Presenza Tutor
7	Con quale modalità è stata eseguita la valutazione del Tirocinio? <i>Indicare la tipologia di valutazione del Tirocinio</i>	Valutazione dell'apprendimento delle skills di tirocinio
8	Il sistema di valutazione da parte del docente è definito e chiaro, trasparente, e le modalità di esame predefinite vengono rispettate in sede di esame? Indicare il grado di chiarezza di gestione della valutazione	Adeguatezza delle modalità di valutazione
