2022-23

I° semestre Confronto a 6 anni

NB 2021-22 Dati non raccolti per motivi tecnici

Nel dettaglio

1	Nel caso l'insegnamento preveda attività di reparto e/o di ambulatorio, i contenuti delle lezioni frontali previsti nel corso garantiscono allo studente un'adeguata preparazione di base per approcciarsi all'attività clinica? Indicare il grado di adeguatezza della preparazione fornita	Propedeuticità fra Lezioni Frontali/ Tirocinio
2	Nel caso si alternino più docenti nell'insegnamento, vi è coordinazione su programma e modalità di insegnamento? Indicare il grado di coordinazione	Coordinazione fra docenti
3	Gli obiettivi formativi del tirocinio sono indicati in uno specifico programma ? Indicare il grado di chiarezza del programma (1= programma non fornito)	Programma (= definizione degli obiettivi)
4	Il tirocinio è adeguato rispetto agli obiettivi formativi? Indicare il grado di adeguatezza	Adeguatezza rispetto obiettivi
5	Il tirocinio è organizzato in maniera tale da fornire un apporto utile all'apprendimento della materia? Indicare il grado di utilità	Organizzazione e Utilità
6	I/il docenti/e responsabili/e del tirocinio (tutor) sono effettivamente presenti, disponibili e garantiscono una continuità di insegnamento? Indicare il livello di presenza effettiva del docente/tutor (1= non presente)	Presenza Tutor
7	Con quale modalità è stata eseguita la valutazione del Tirocinio? <i>Indicare la tipologia di valutazione del Tirocinio</i>	Valutazione dell'apprendimento delle skills di tirocinio
8	Il sistema di valutazione da parte del docente è definito e chiaro, trasparente, e le modalità di esame predefinite vengono rispettate in sede di esame? Indicare il grado di chiarezza di gestione della valutazione	Adeguatezza delle modalità di valutazione

Top

Anestesia e Rianimazione

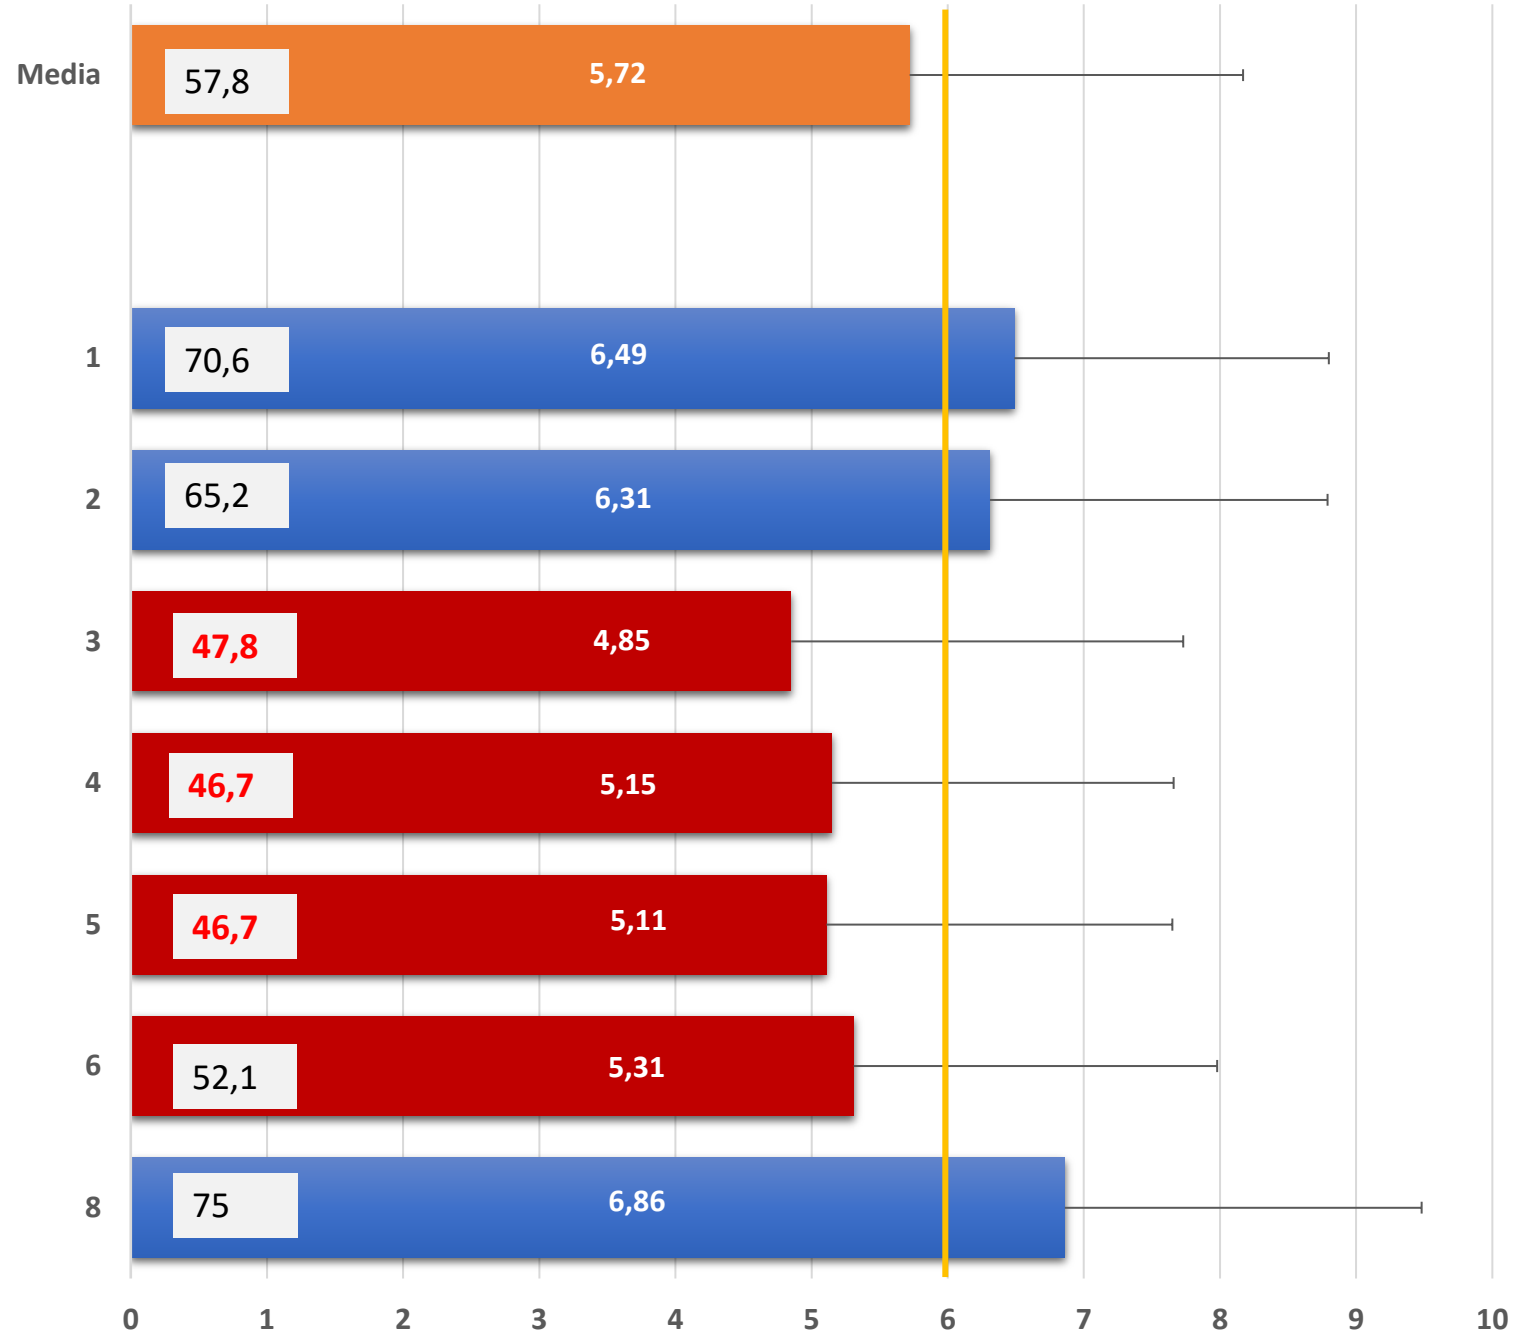

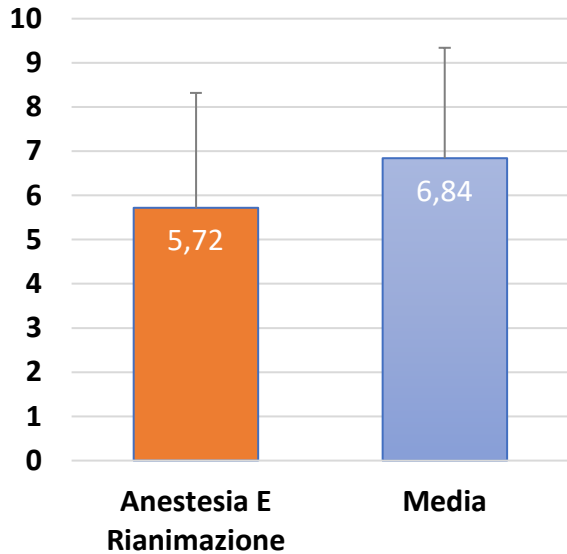

N=94 2016-2017

Note:

Emergono notevoli criticità legate all'affidamento degli studenti, non seguiti durante la fase di presenza in reparto.

Aspetto da discutere col docente di riferimento.

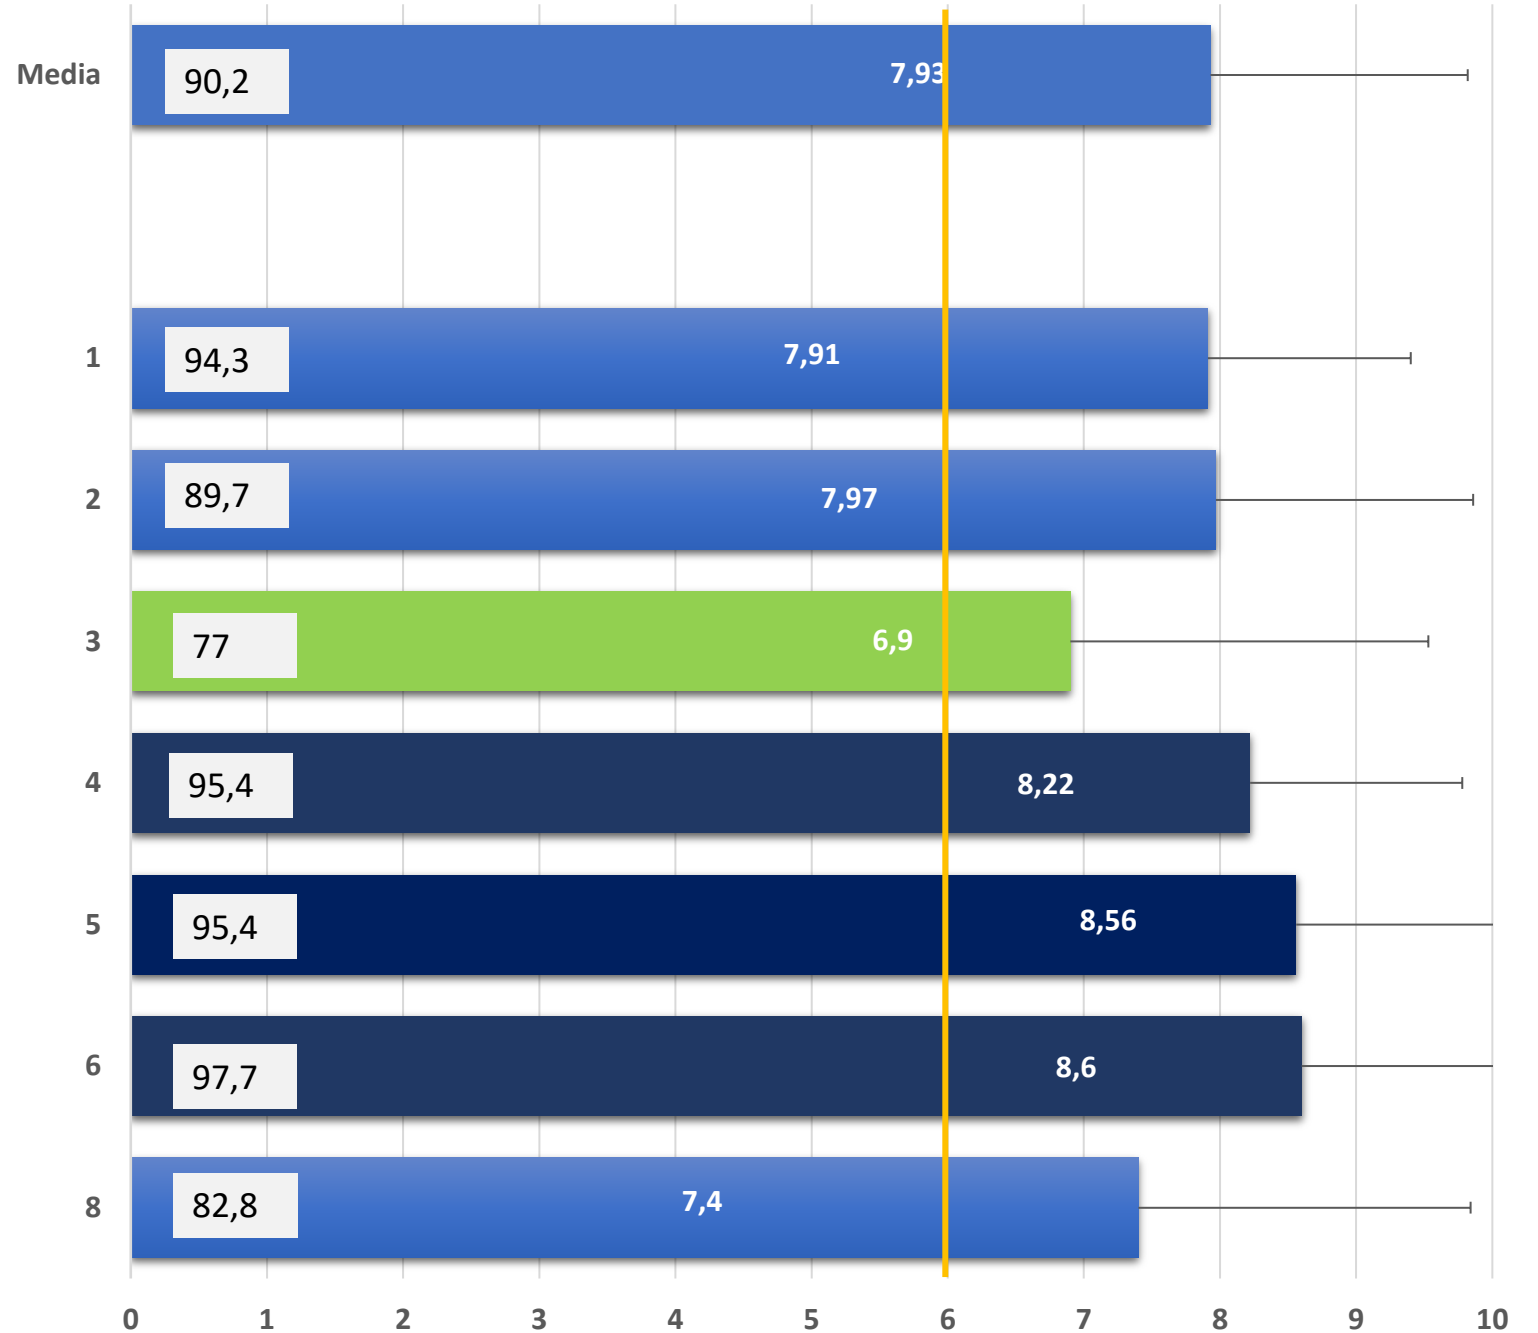

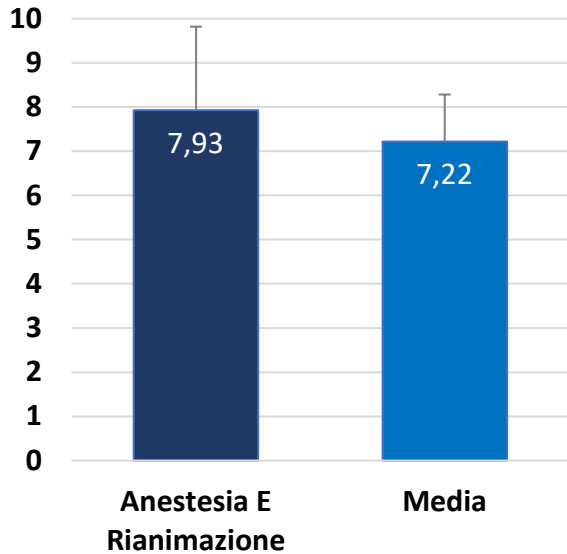

Molto bene attività simulate su manichino.

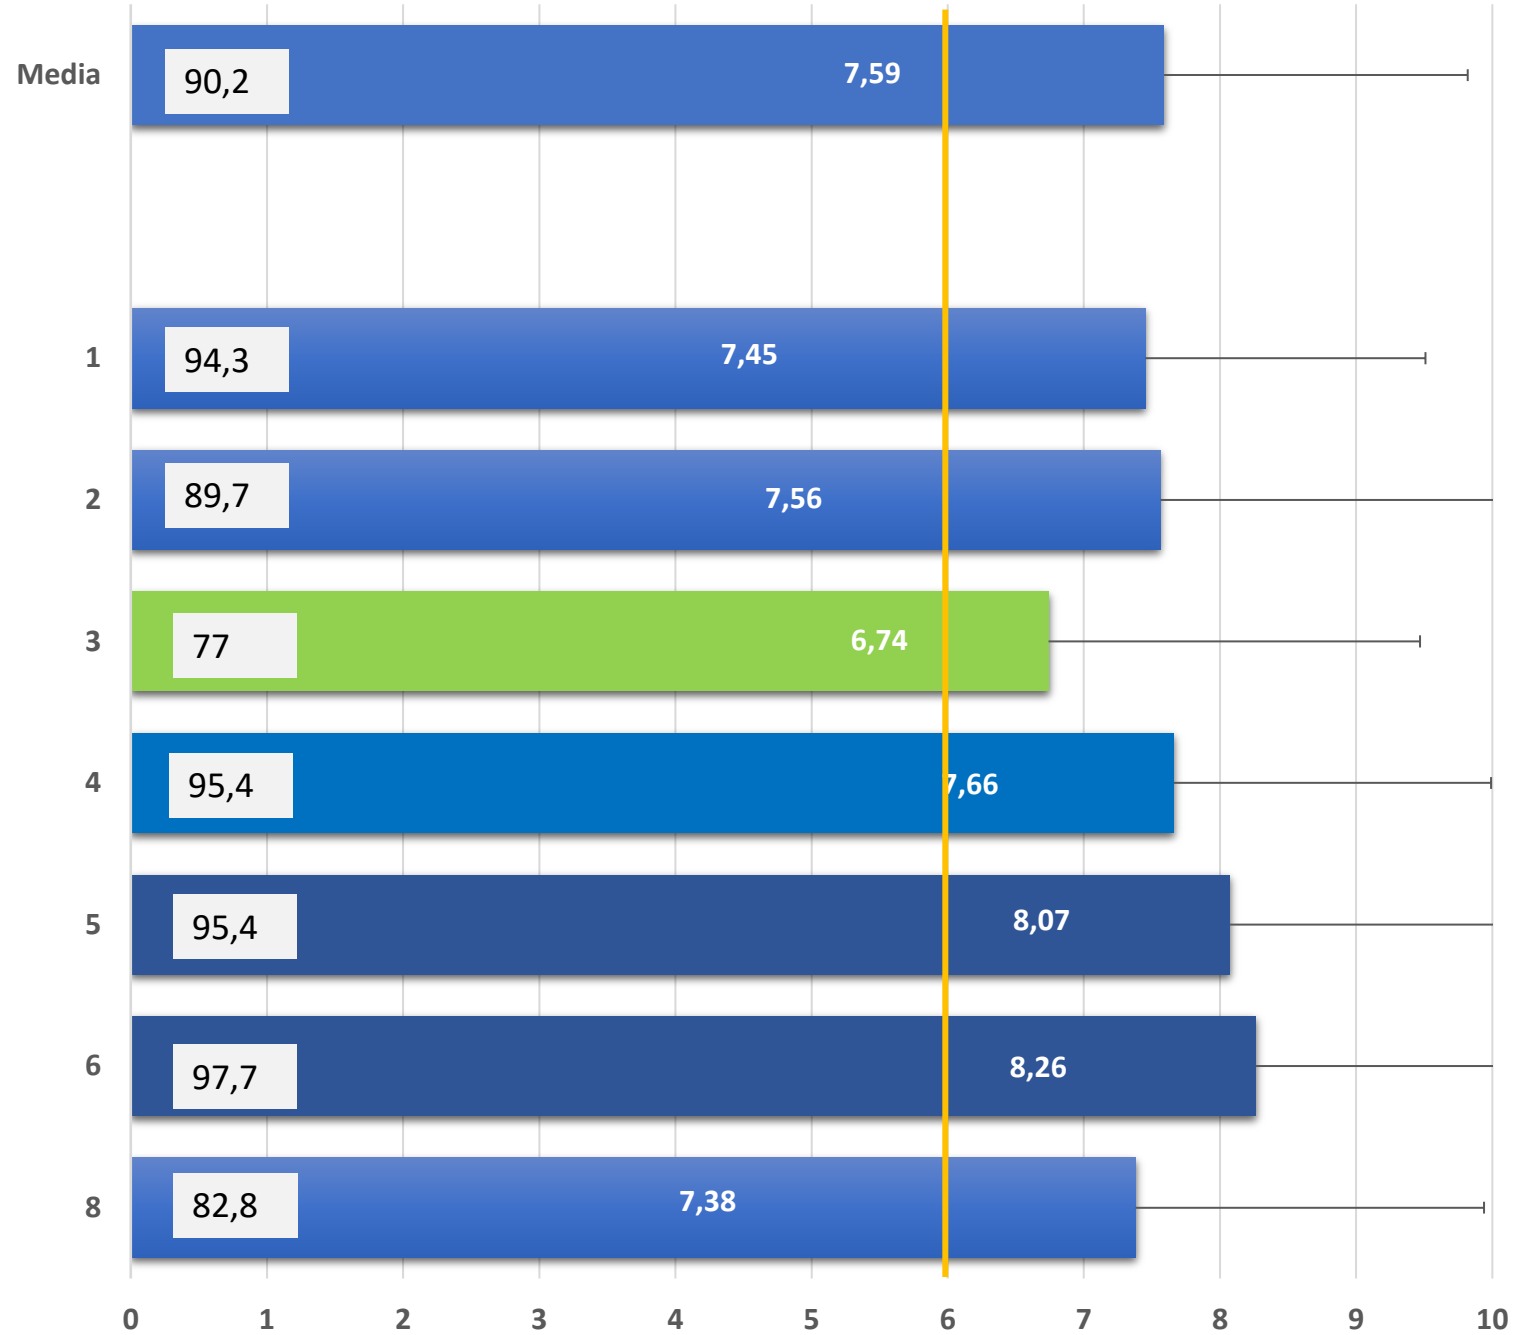

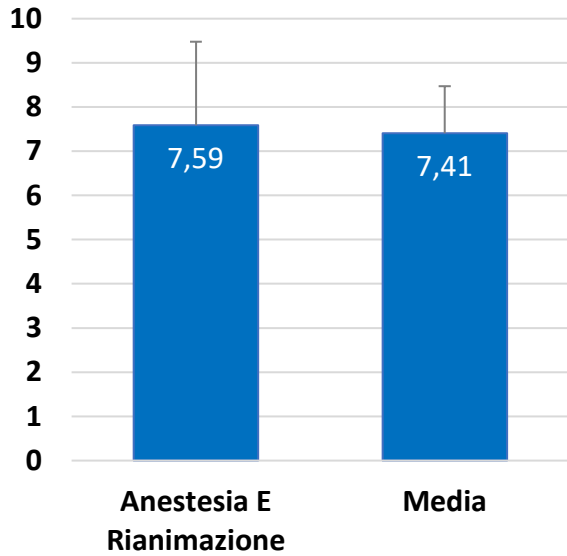

Anestesia e Rianimazione 2017-2018 N=87

Ottimo miglioramento
Tirocinio quasi top

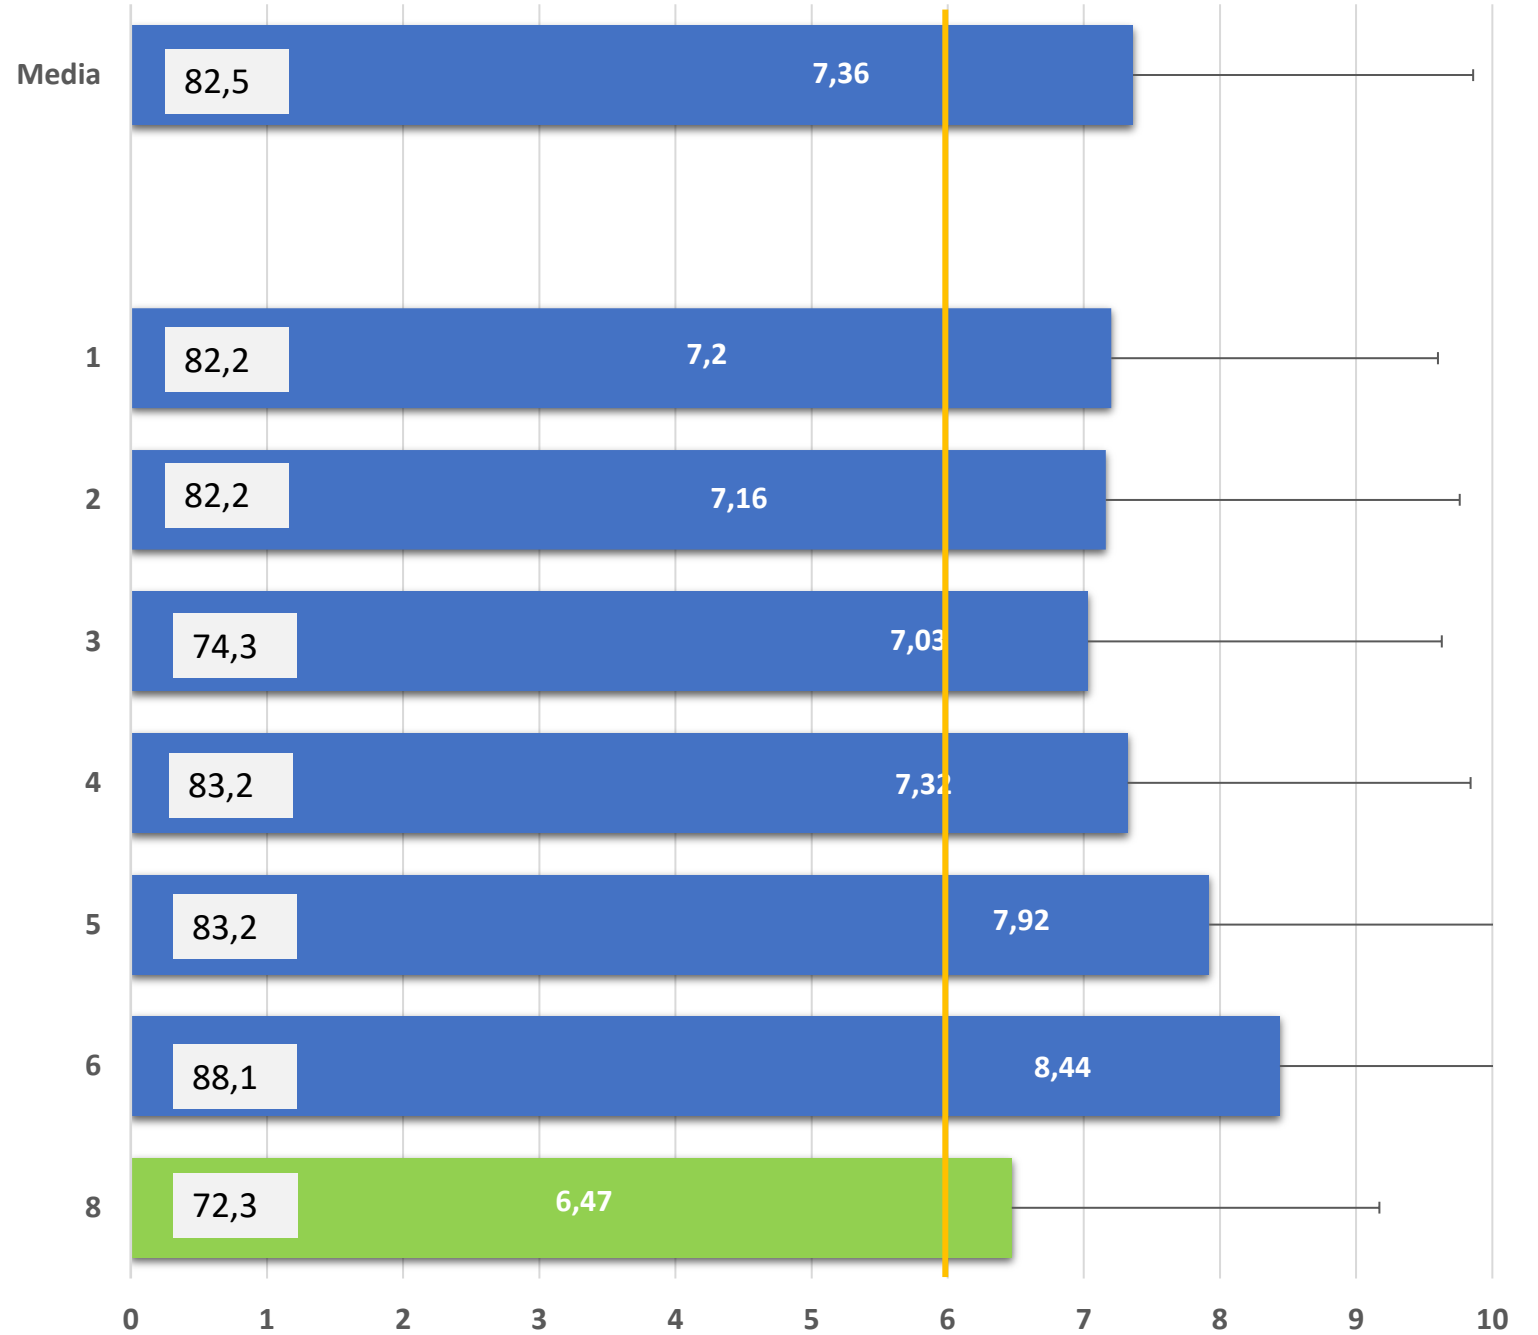

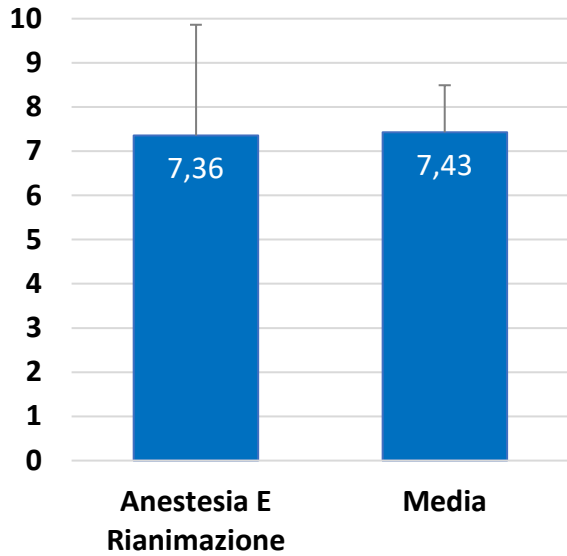

Ottimi commenti sui docenti
e organizzazione. Apprezzato
molto il FASIM.

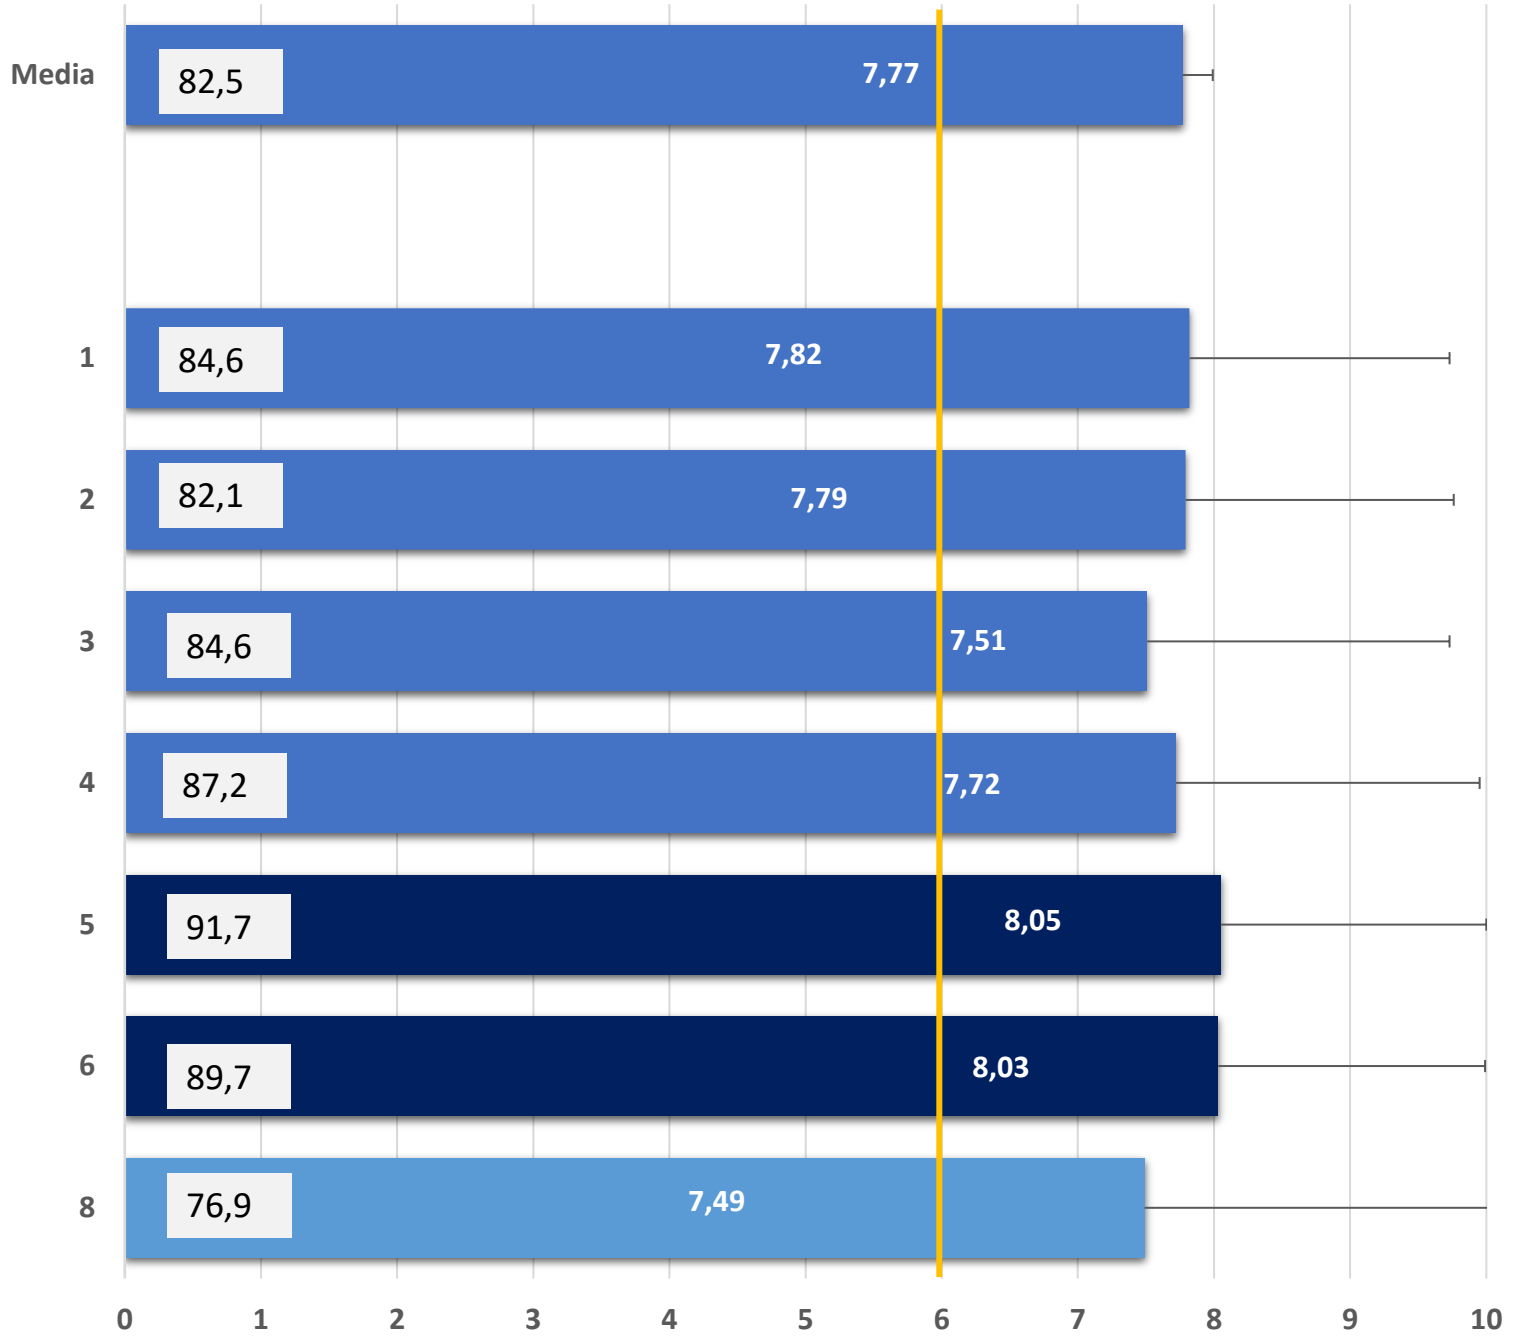

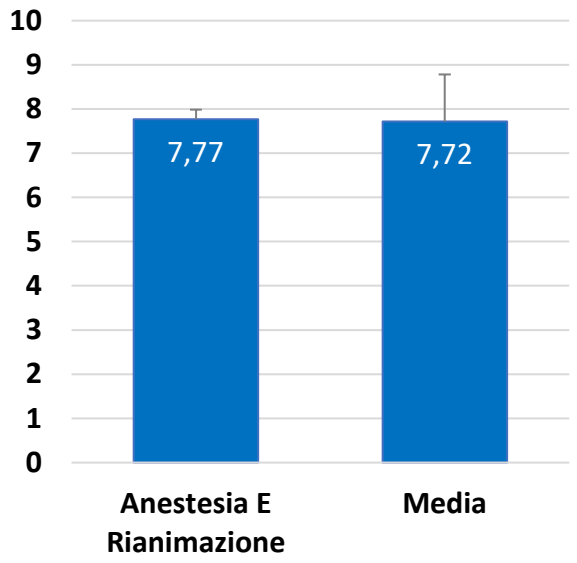

Anestesia e Rianimazione 2018-2019 N=94

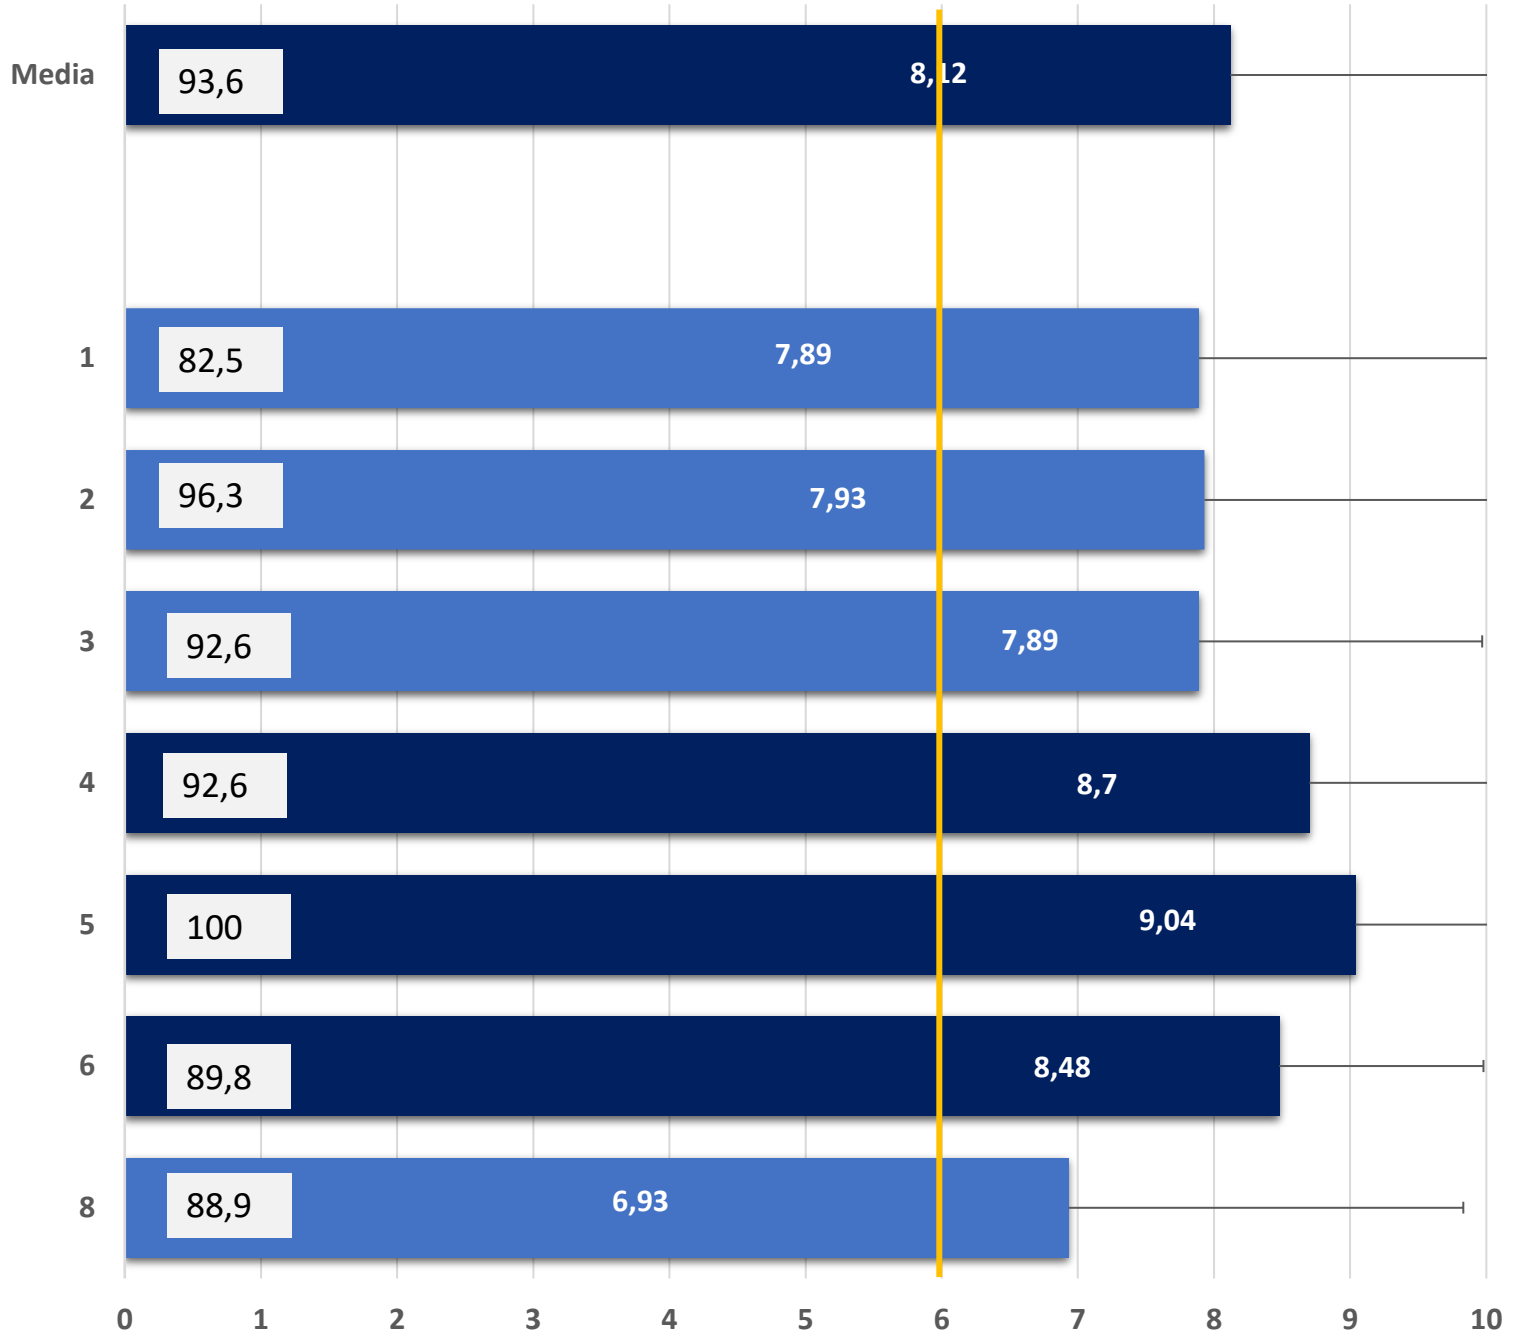

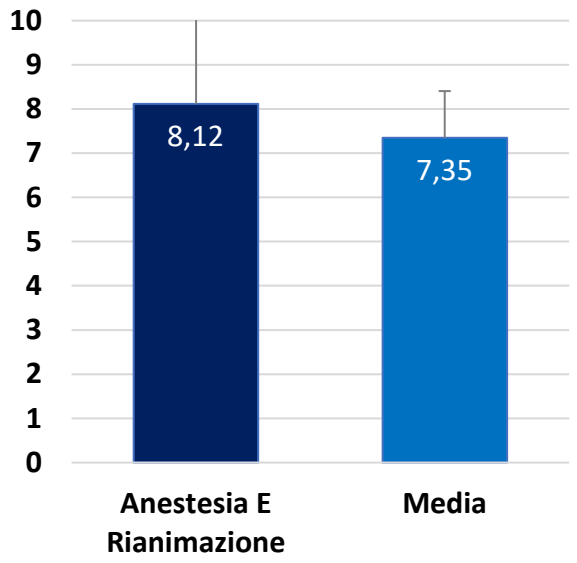

Anestesia e Rianimazione
2019-2020

Anestesia e Rianimazione
2022-2023
N=27

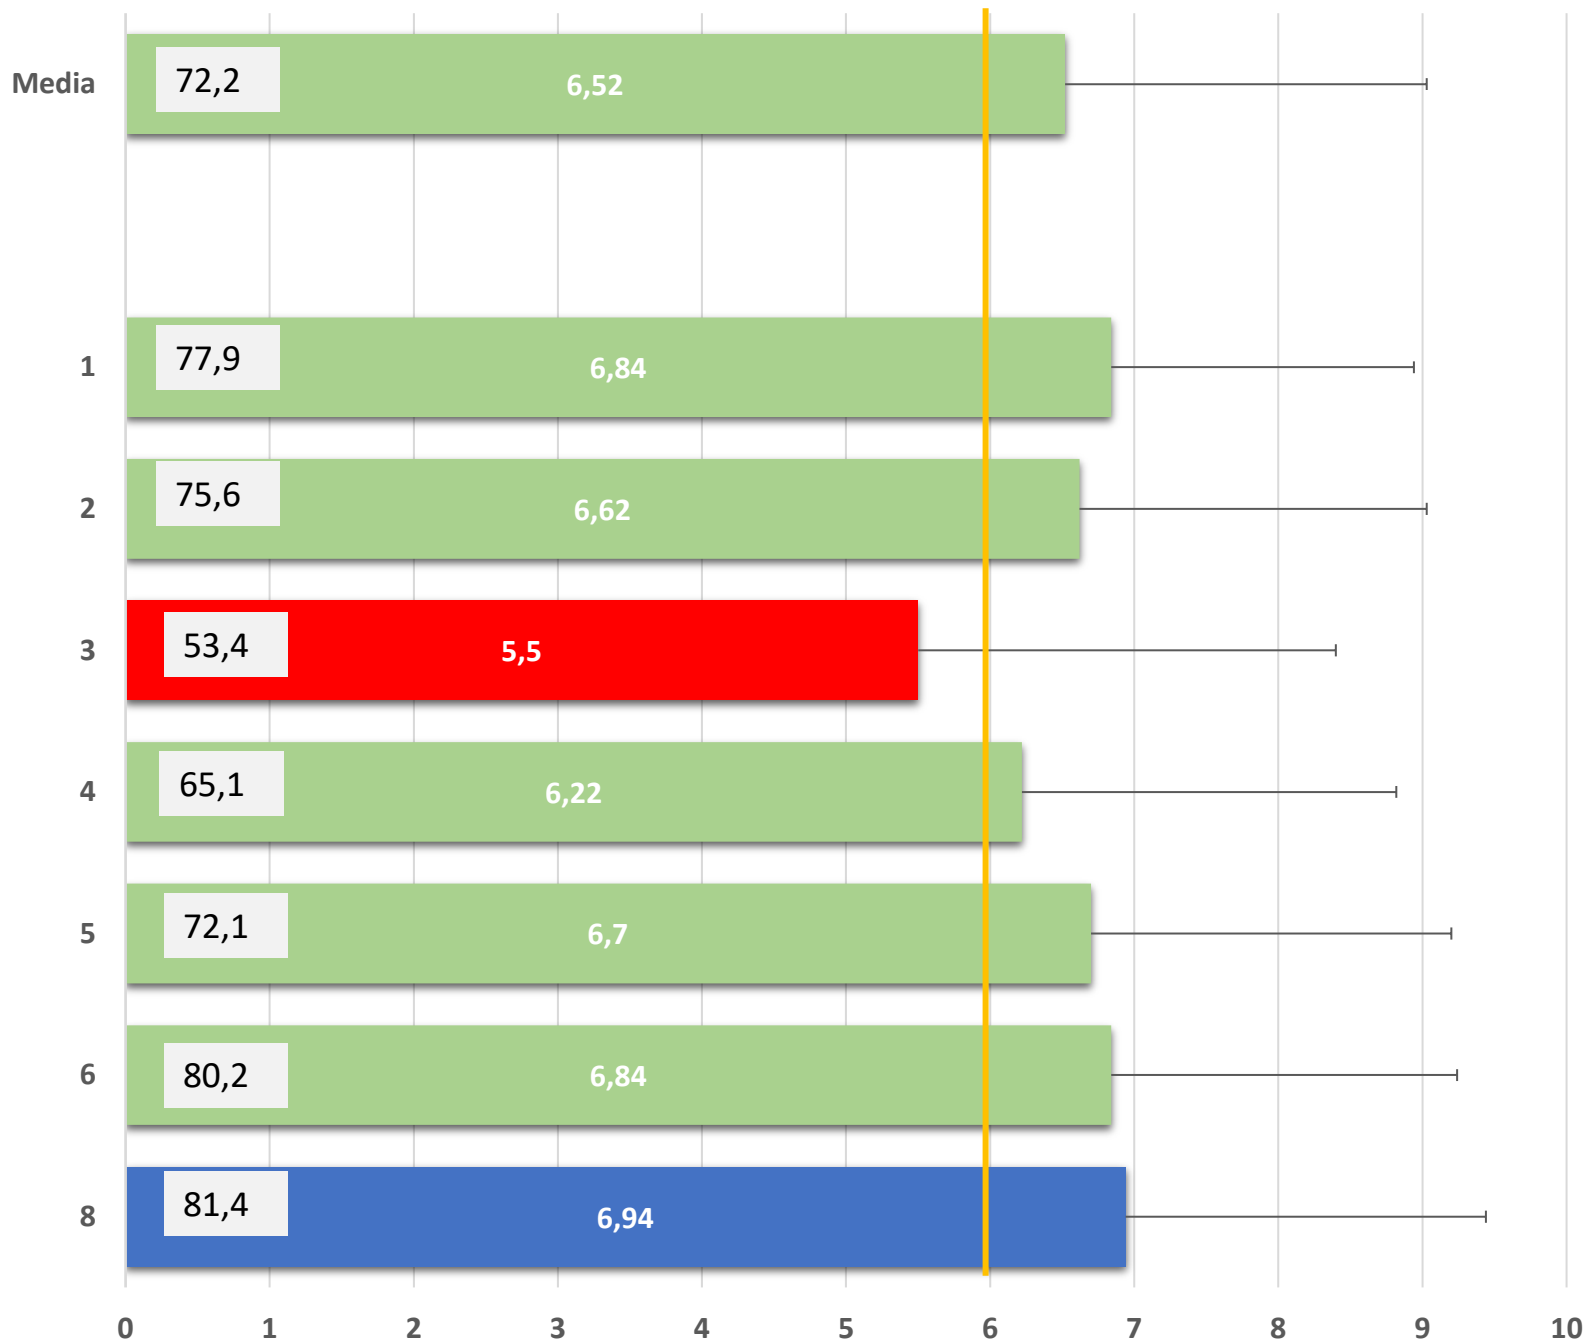

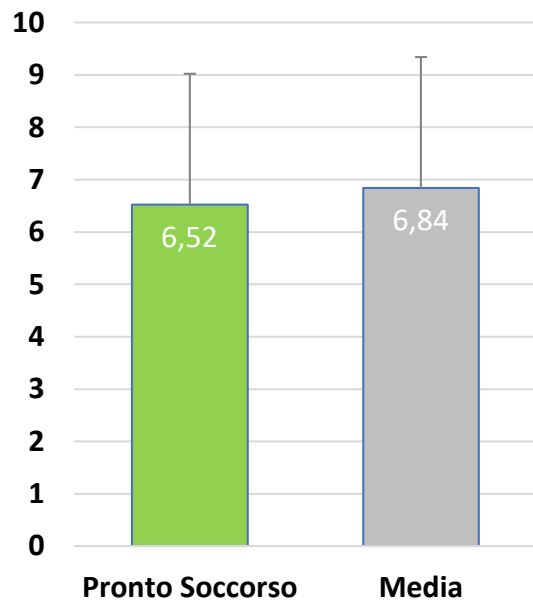

PS 2016-2017

N=90

Note:

Nel complesso positivo,
considerando le difficoltà
gestionali «locali»

Qualche differenza fra i tutor

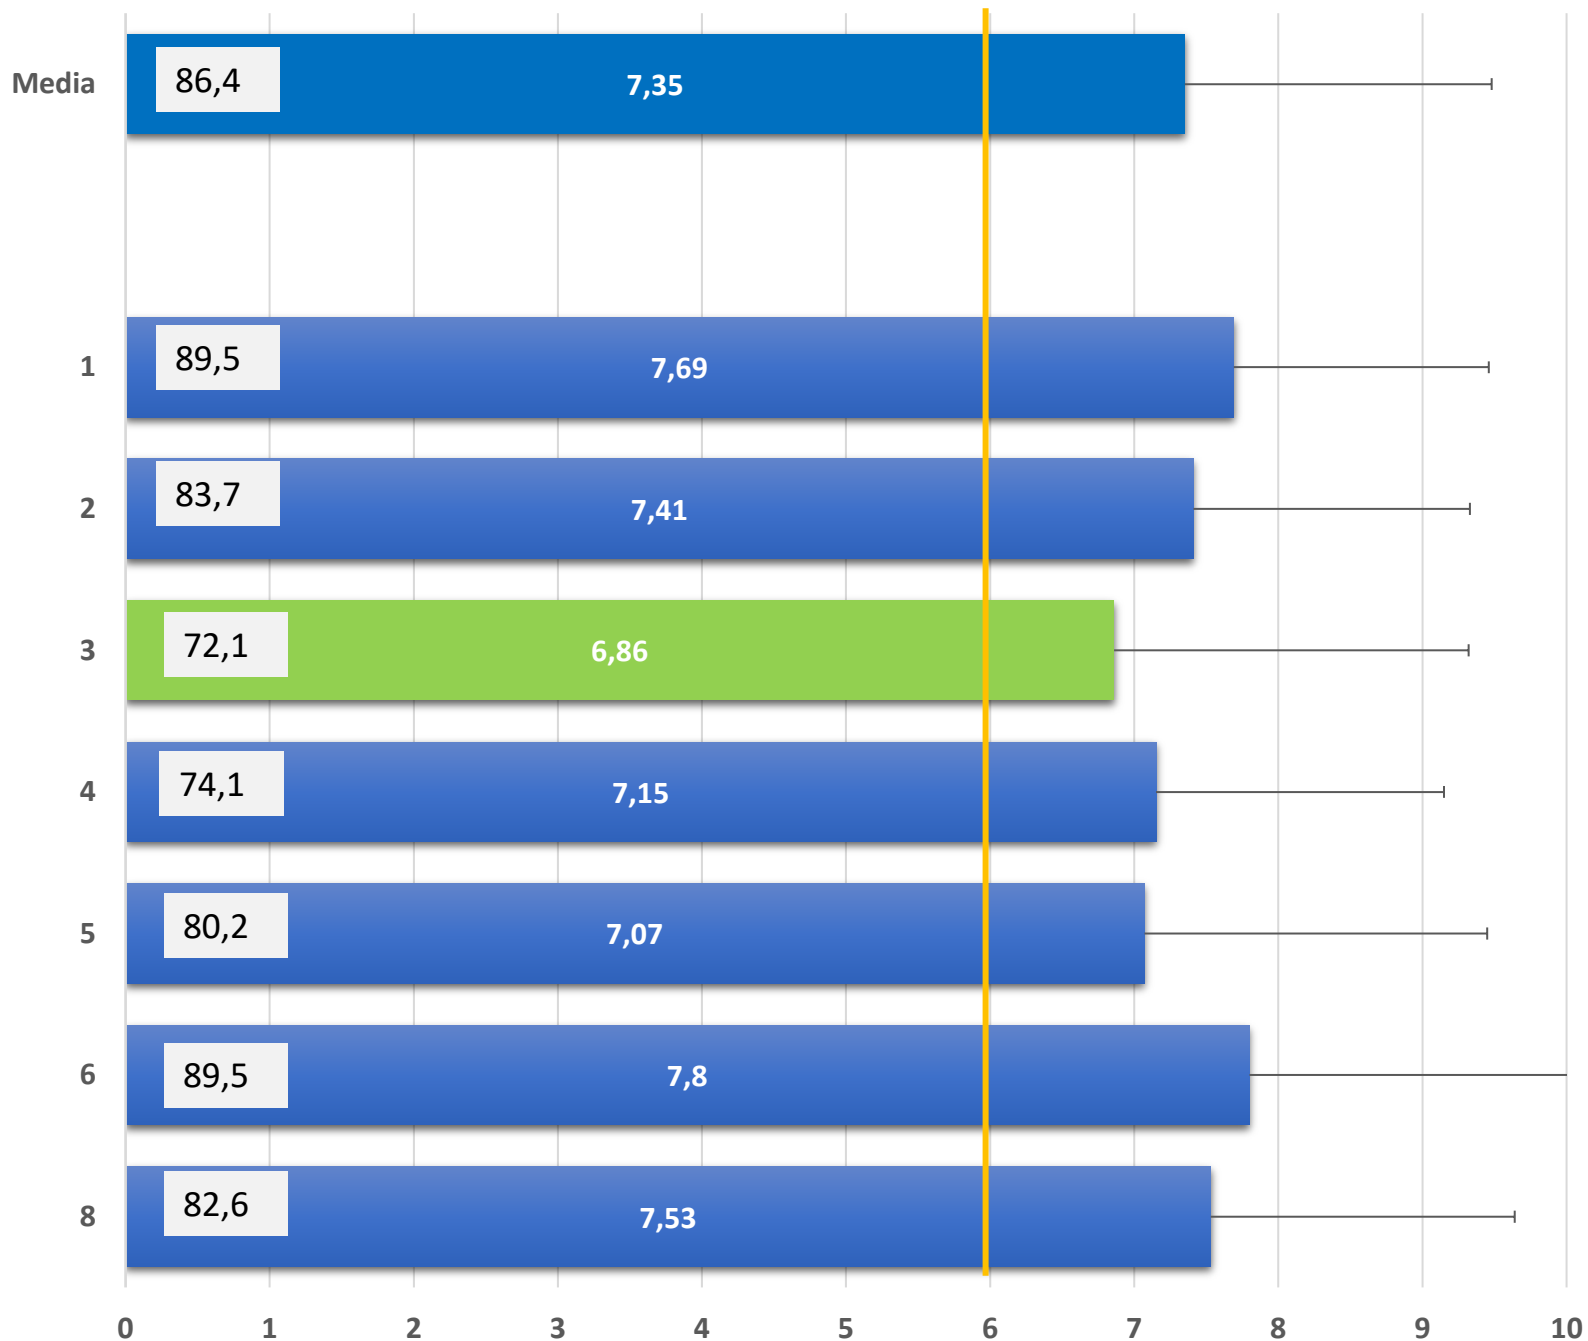

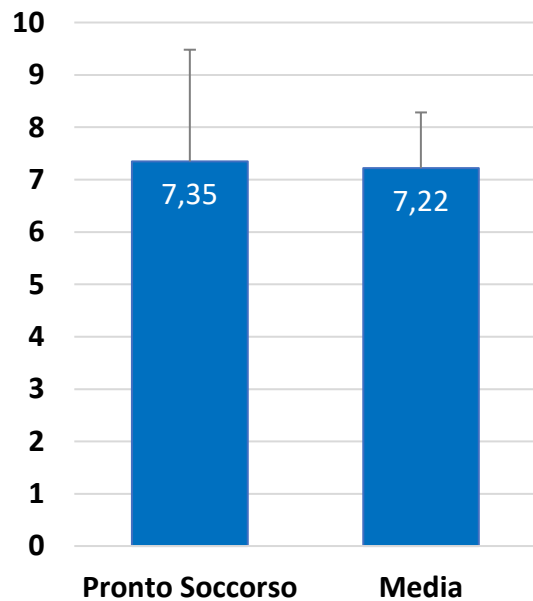

PS 2017-2018

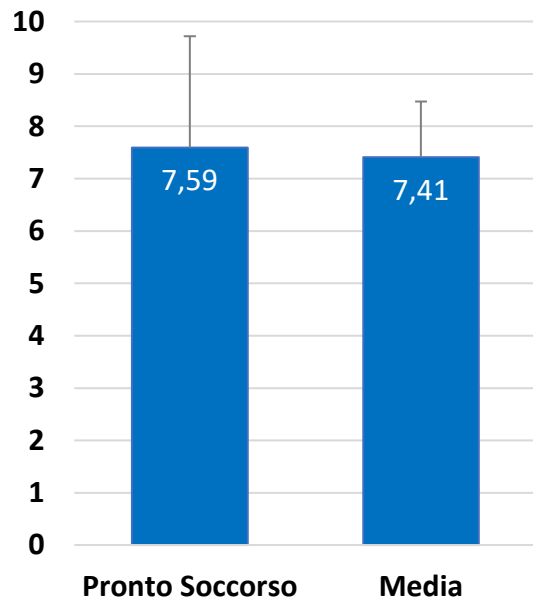

N=86

Miglioramento complessivamente giudicato positivamente.

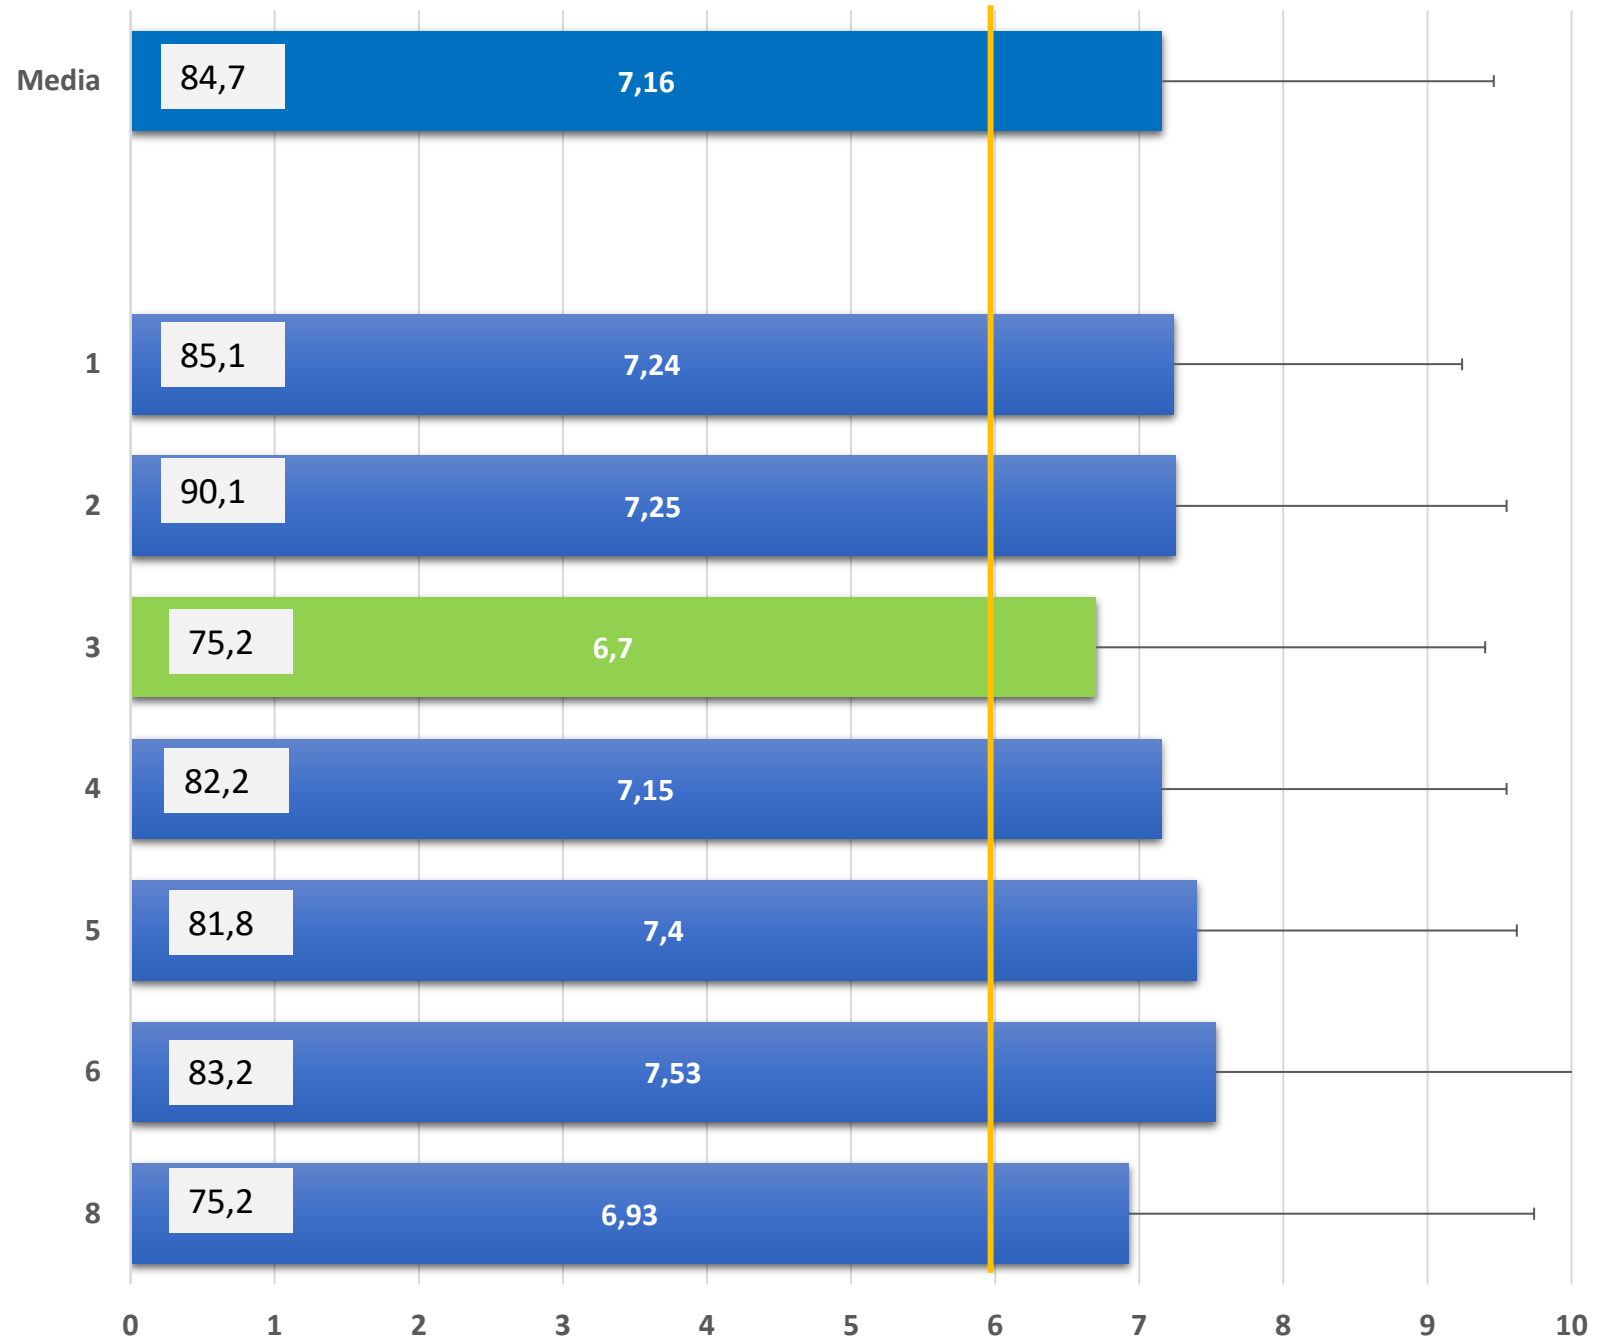

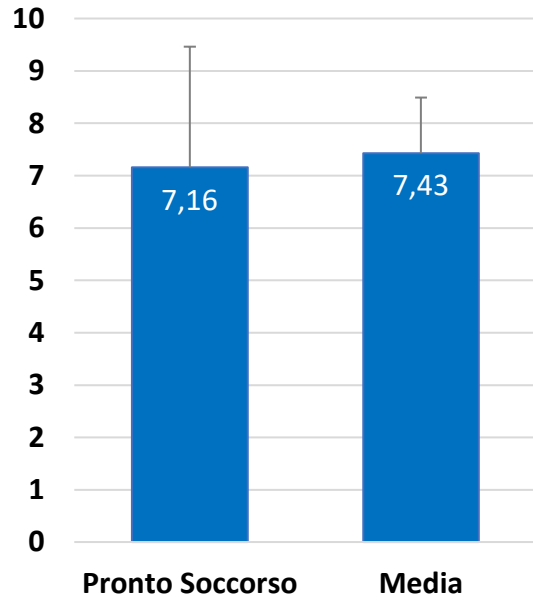

Aspetti negativi: pochi turni (2 guardie di 6 ore), tutor dipendente, maggior coinvolgimento dello studente.

PS 2018-2019
N=92

PS 2019-2020
N=101

PS 2020-21

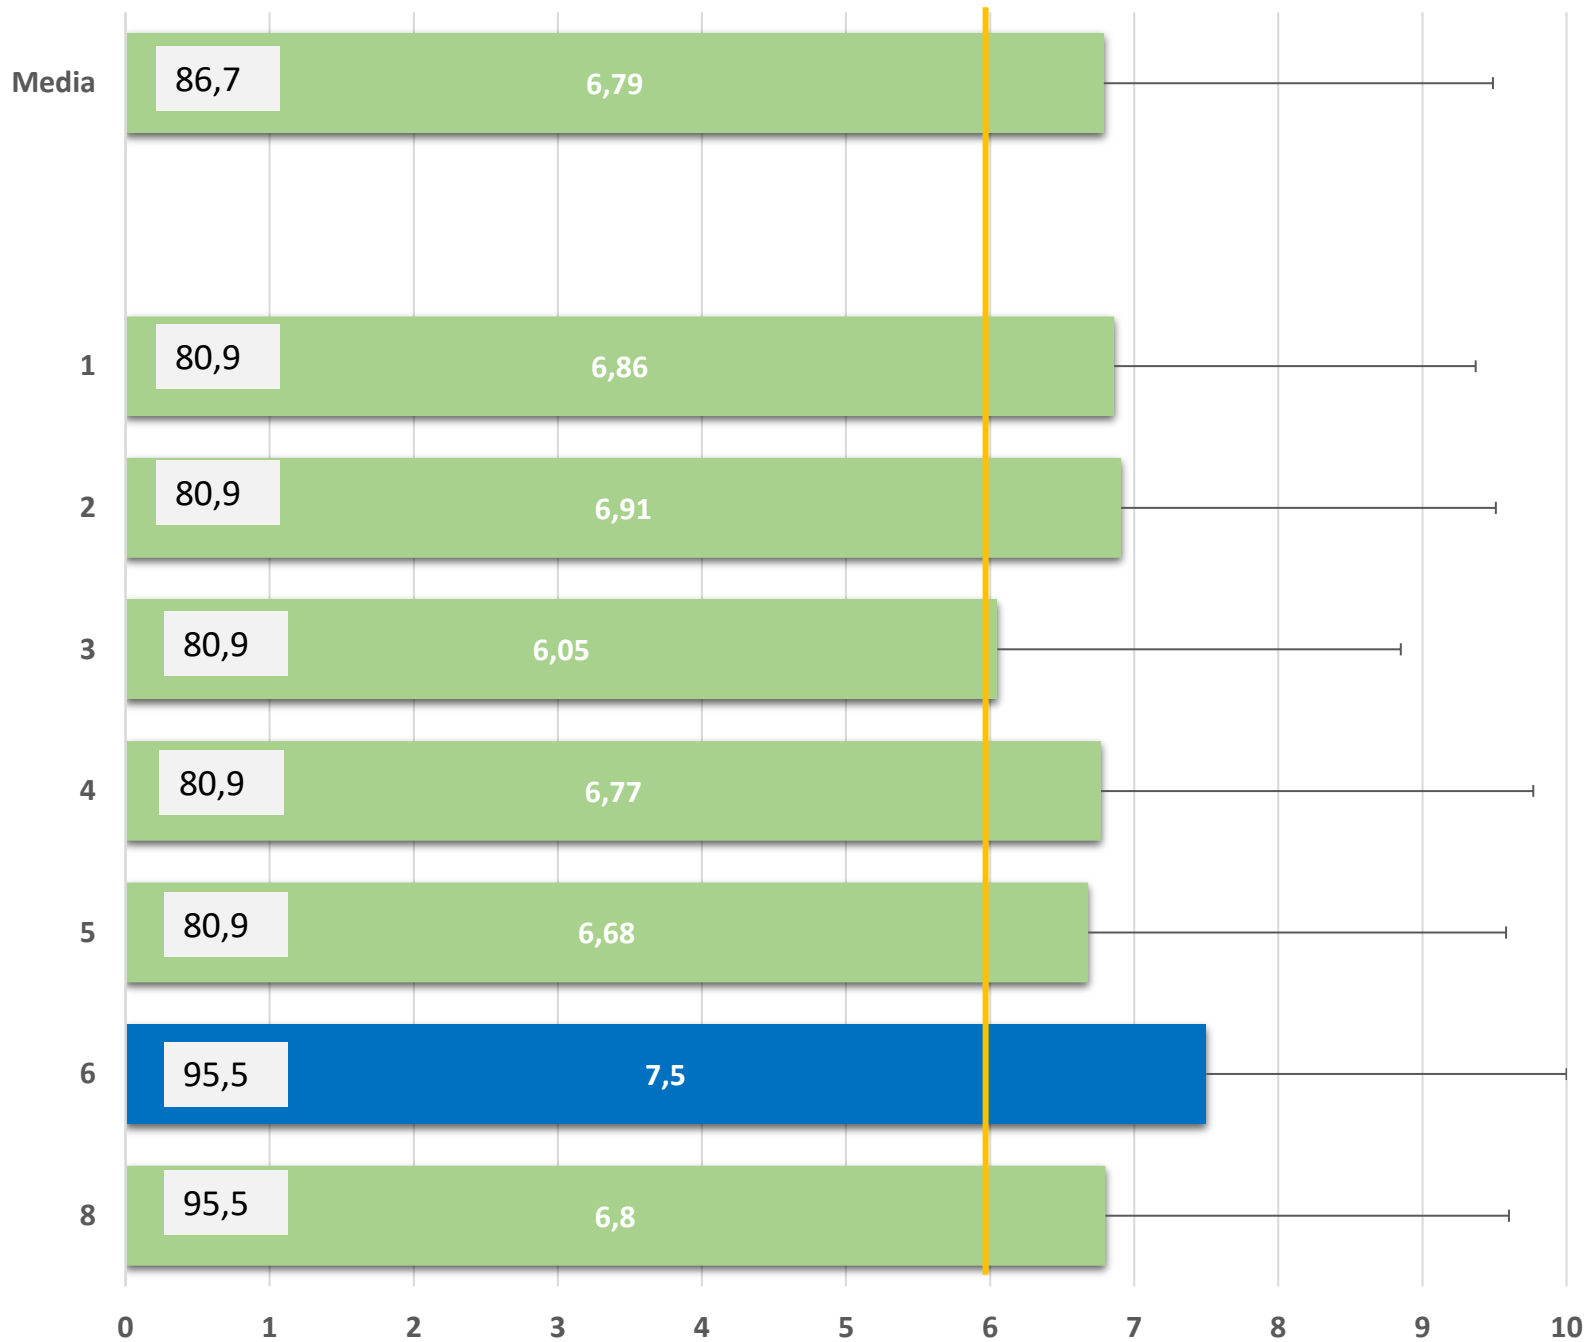

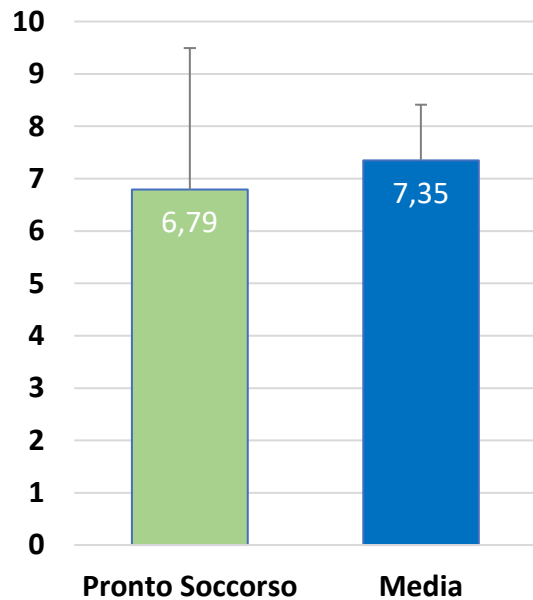

N=0

**Non Eseguito
(Emergenza Covid)**

PS 2022-23

N=22

Ripresa dopo emergenza Covid; da rivedere una volta a regime AA successivo
Problemi logistici

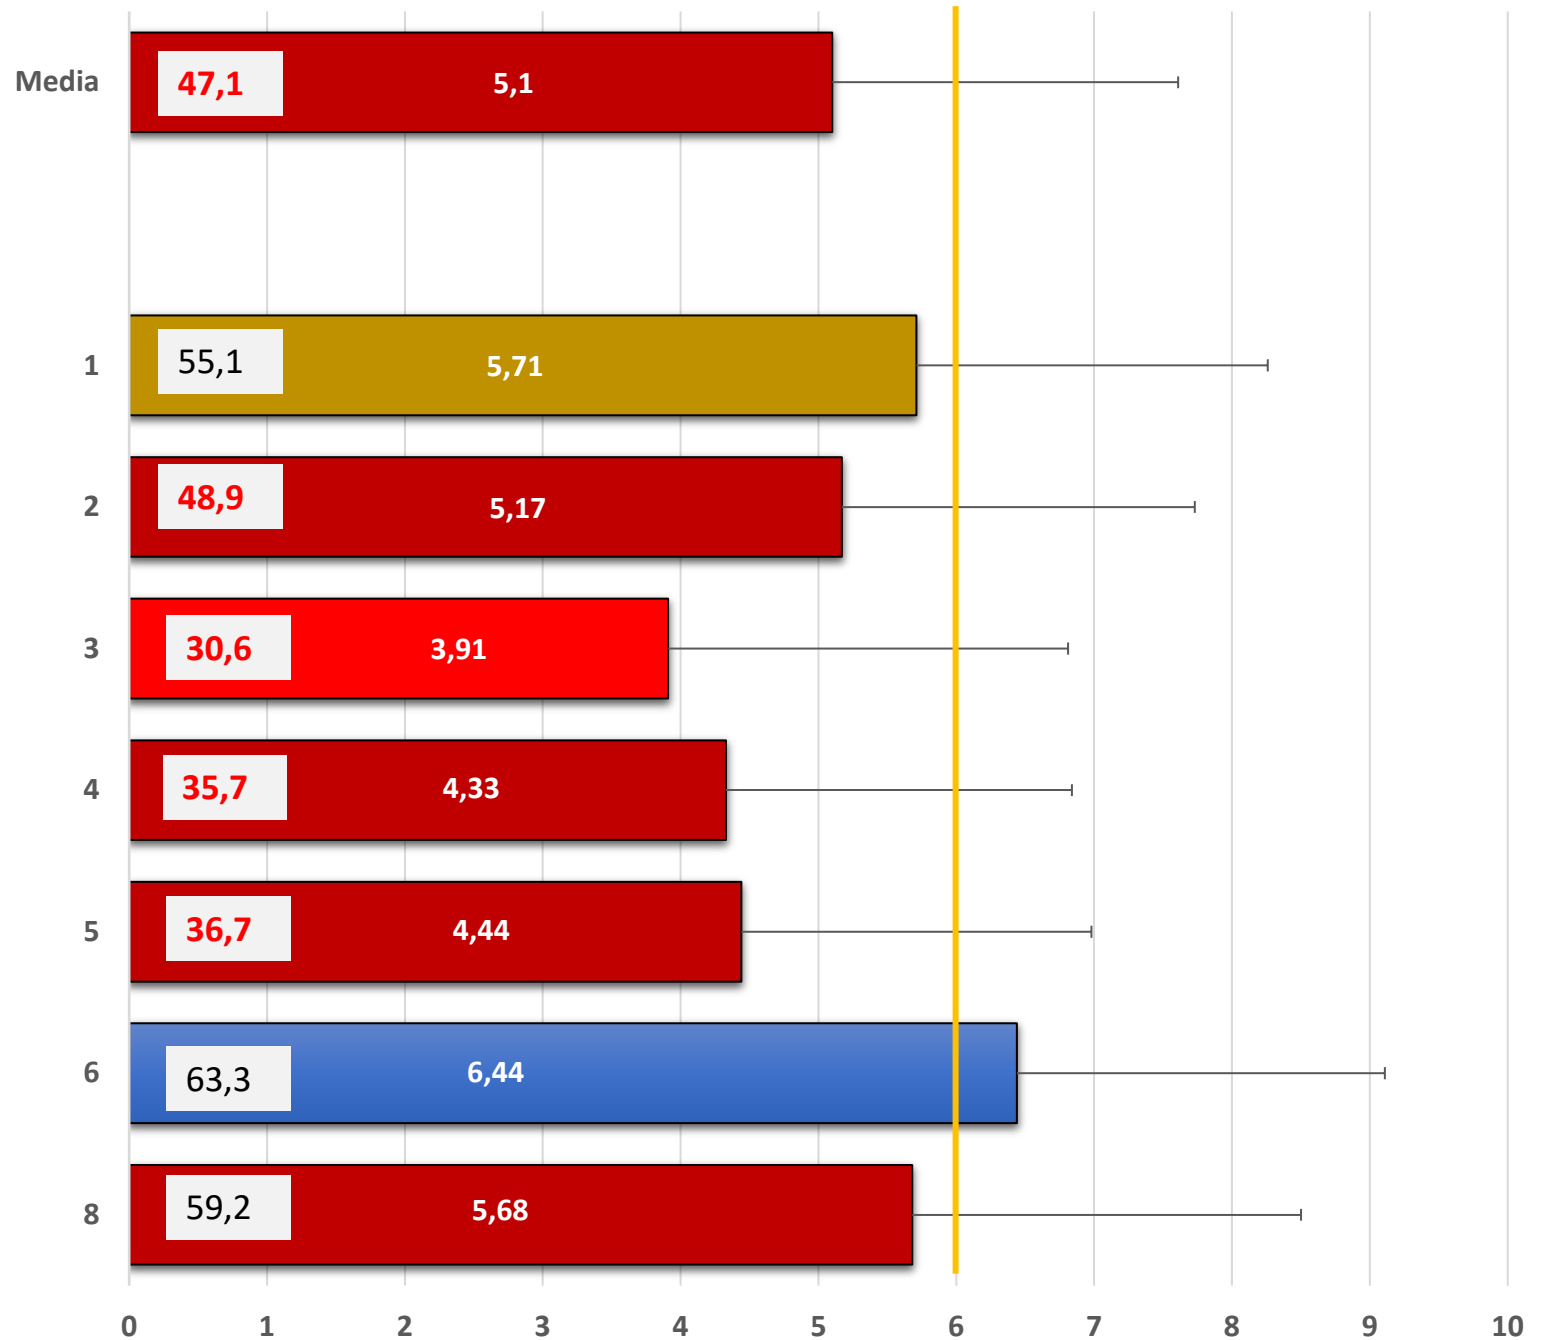

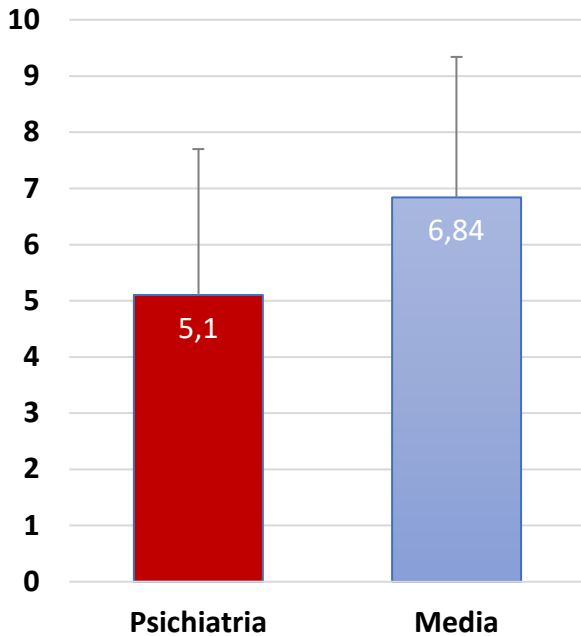

Psichiatria 2016-2017

N=99

Note:

Emergono notevoli criticità.

Da discutere coi referenti
Ha in un item la peggiore
valutazione assoluta

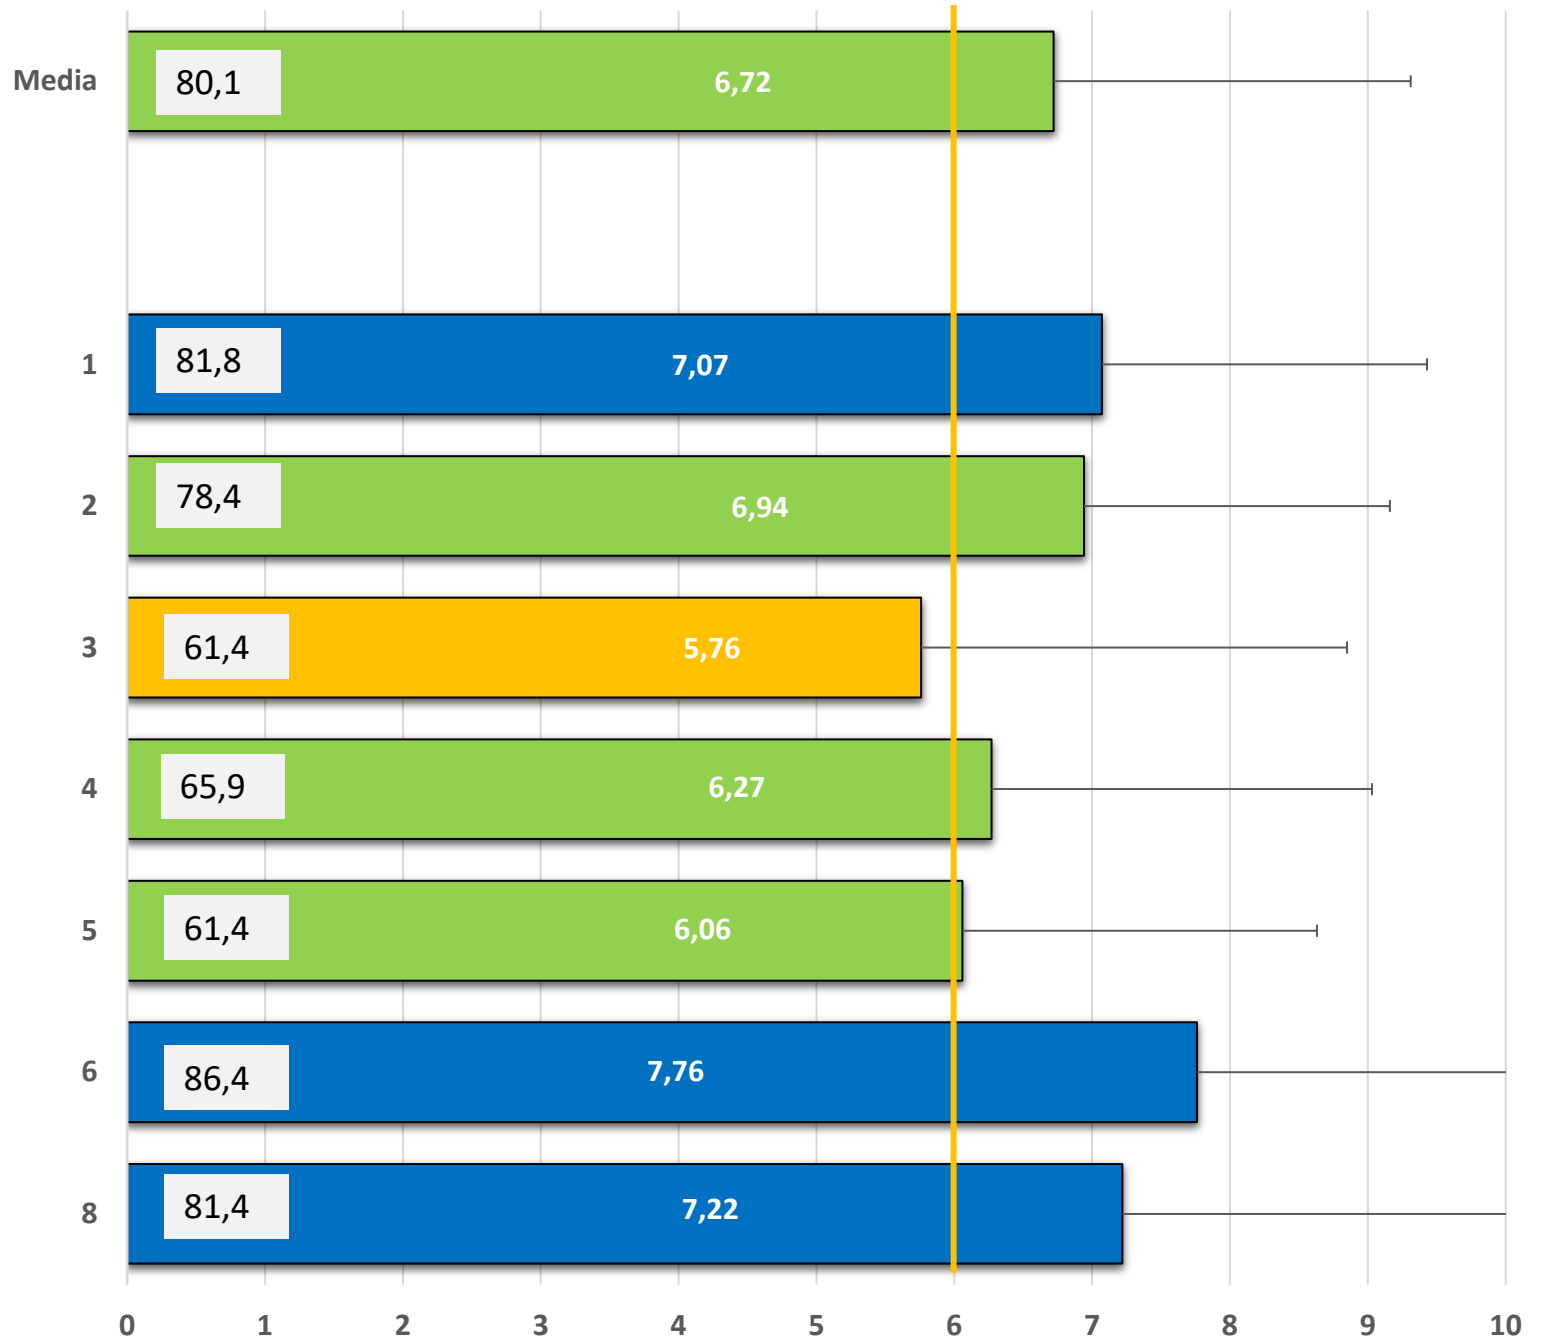

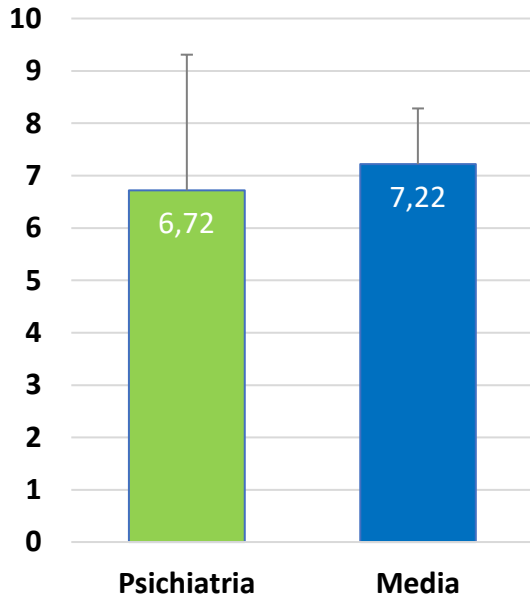

Psichiatria 2017-2018

N=88

Note:

In netto miglioramento

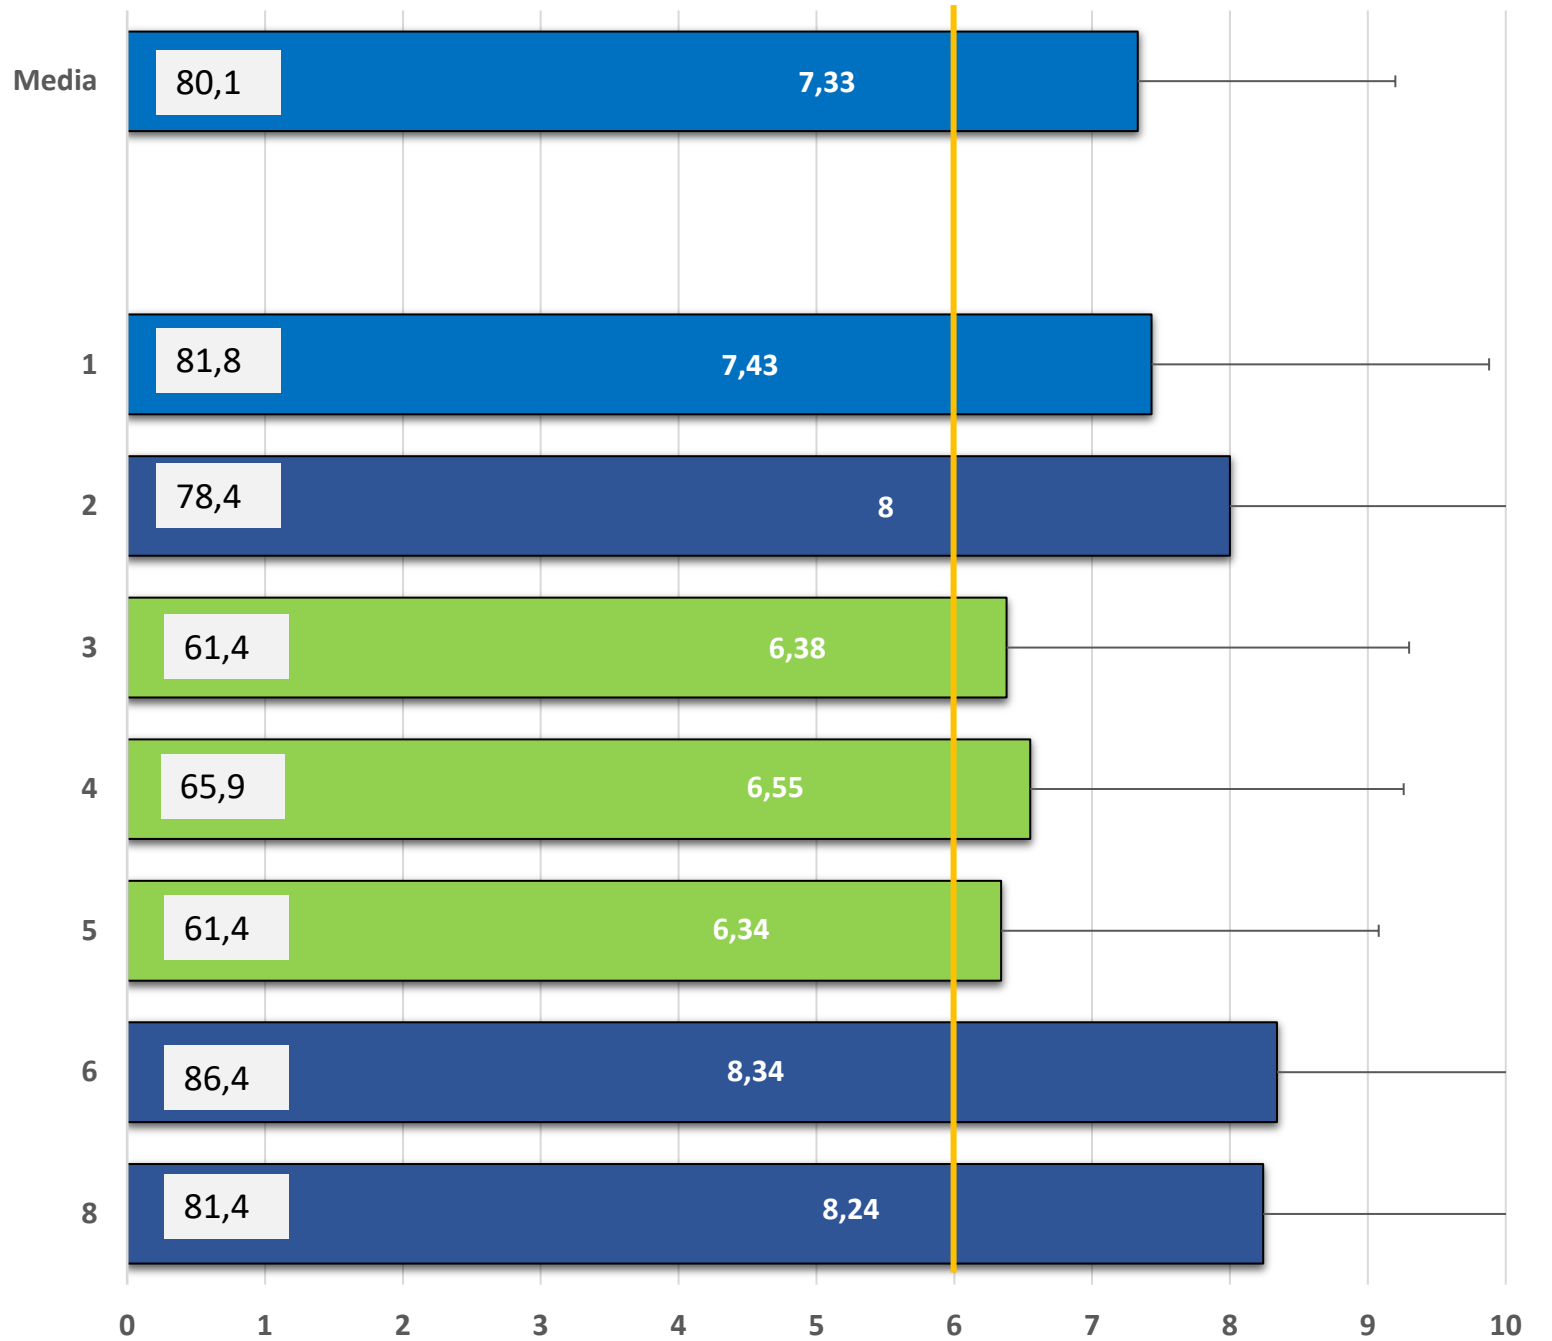

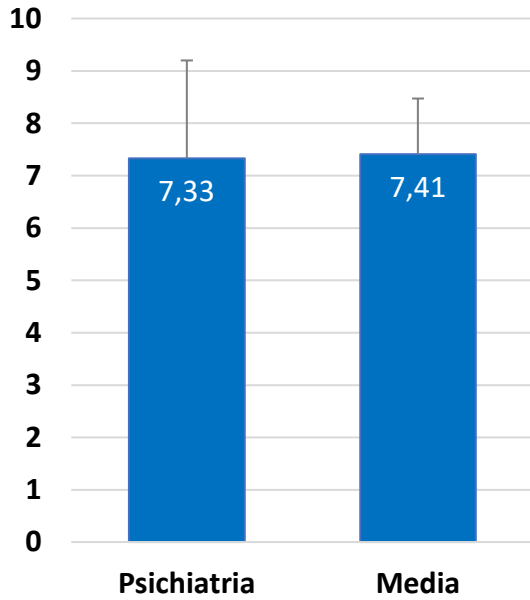

Definito poco utile troppe lezioni frontali (seppur nella maggior parte dei casi giudicate interessanti).
Guardie inutili non coinvolti gli studenti. Criticate le lezioni frontali di un docente.

Psichiatria 2018-2019

N=95

Netto miglioramento

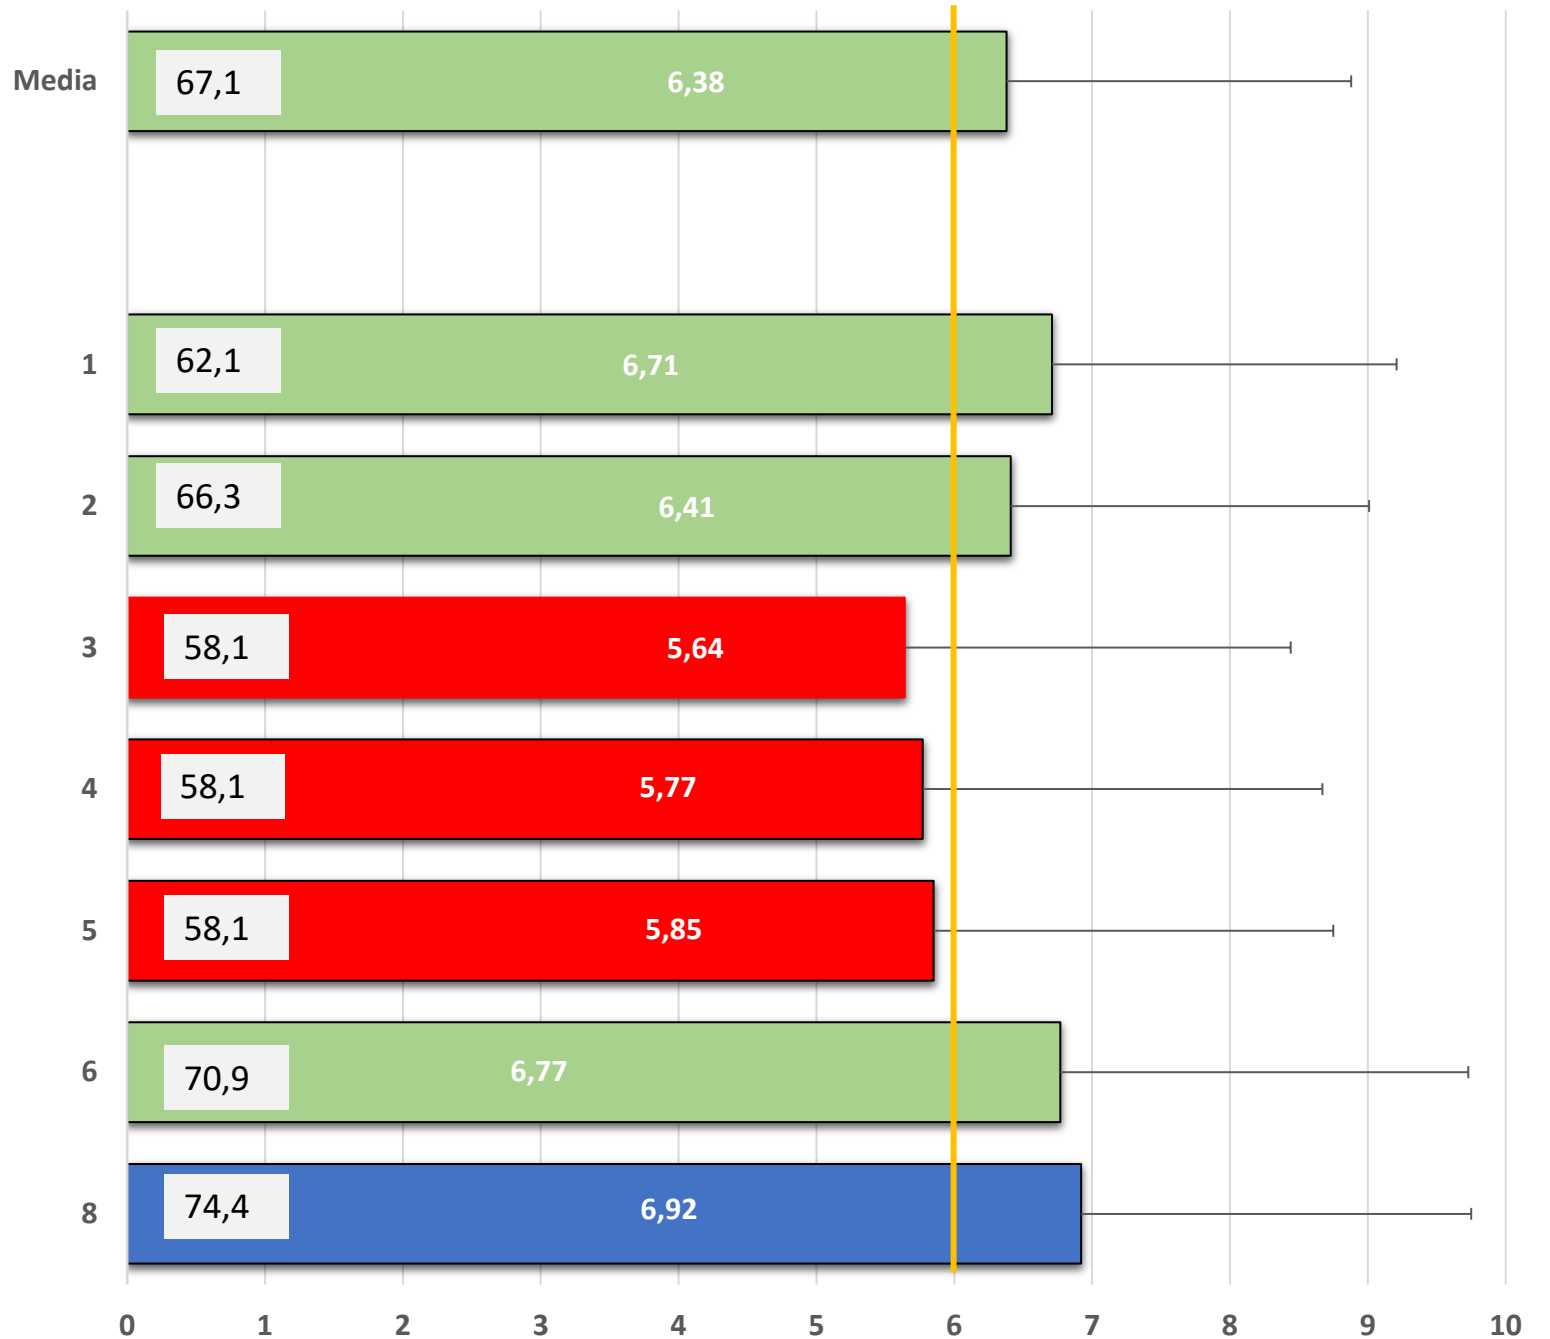

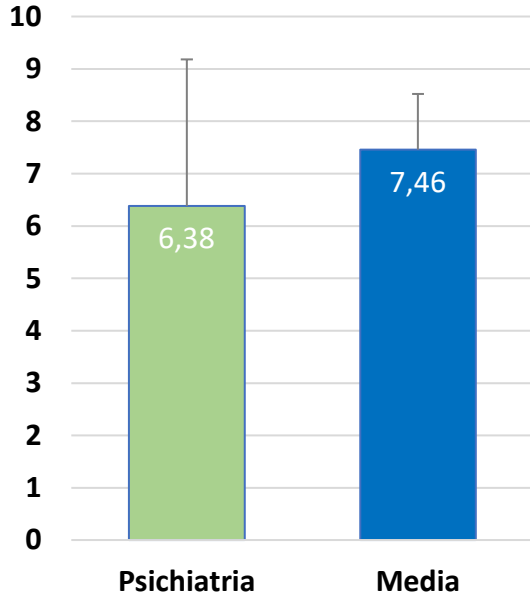

Psichiatria 2019-2020

N=86

Note:

**Nuovamente in Peggioramento
Da discutere con referente**

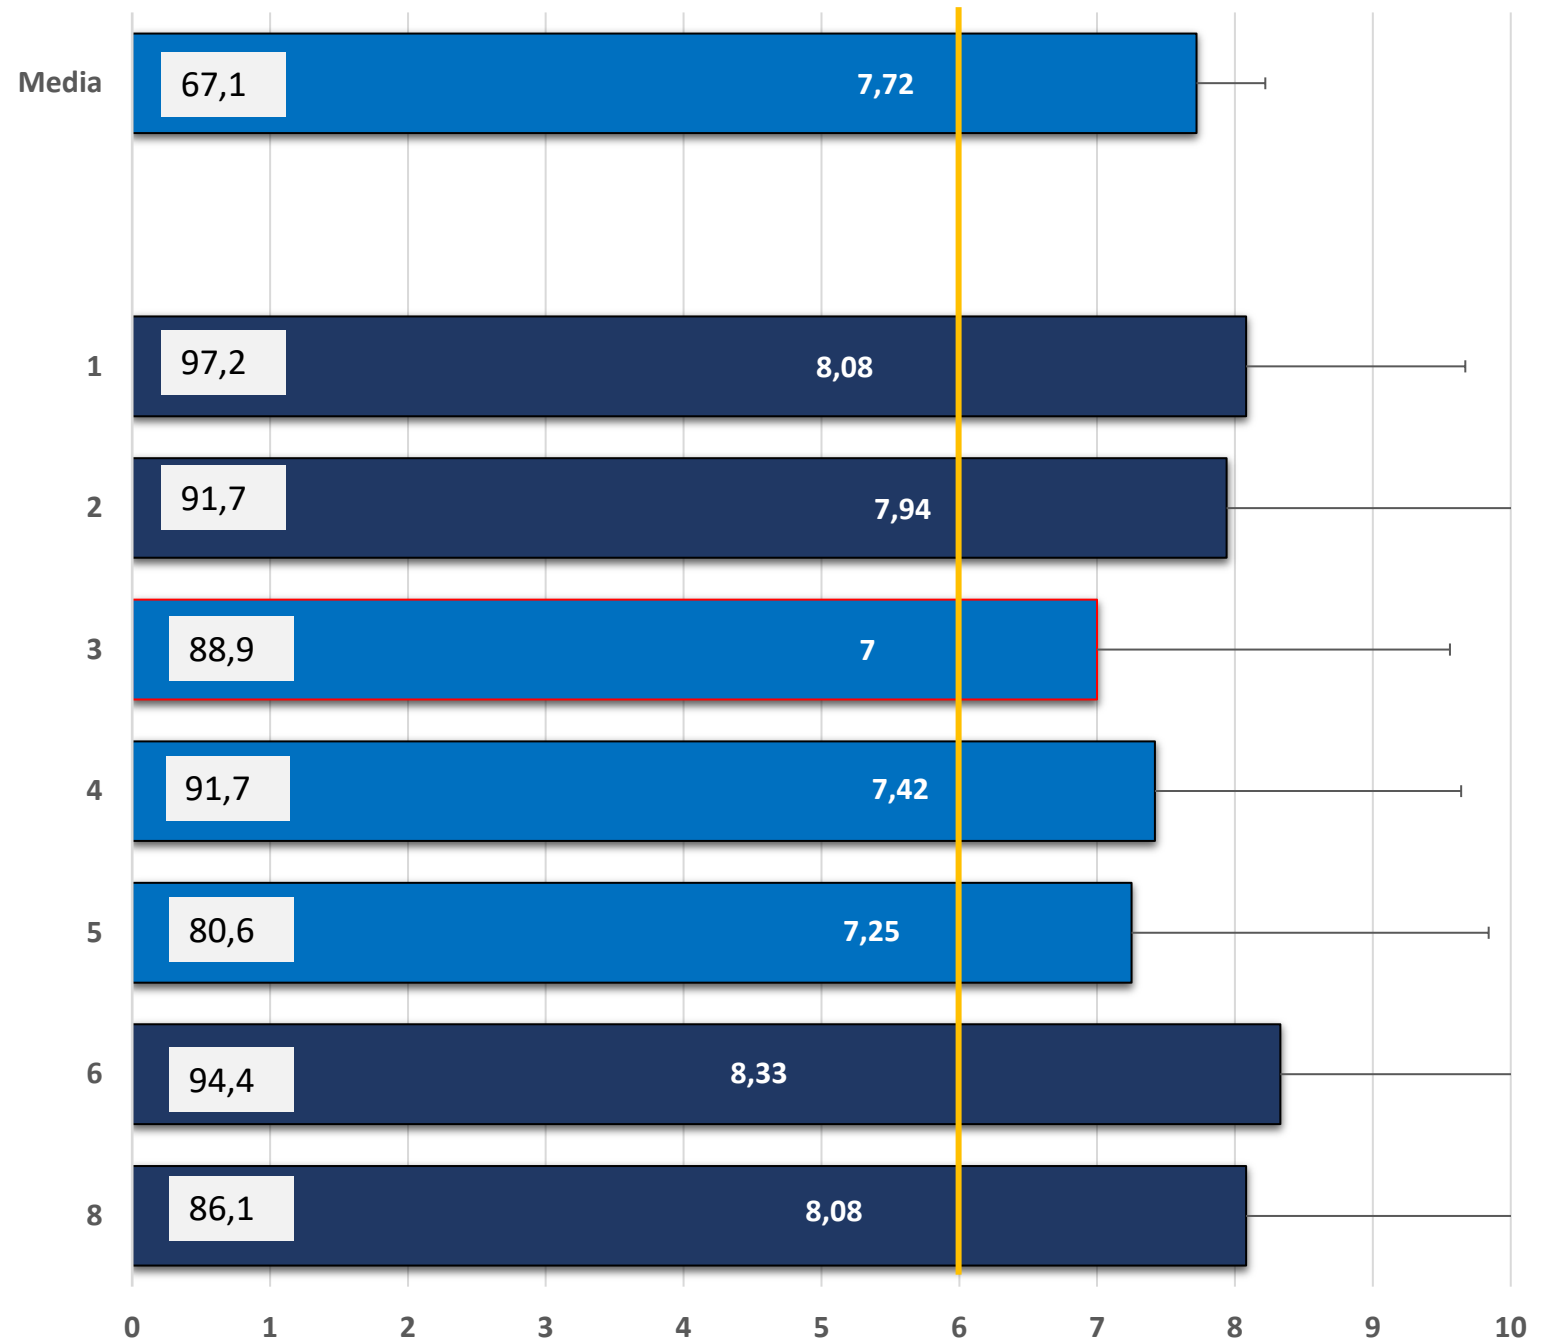

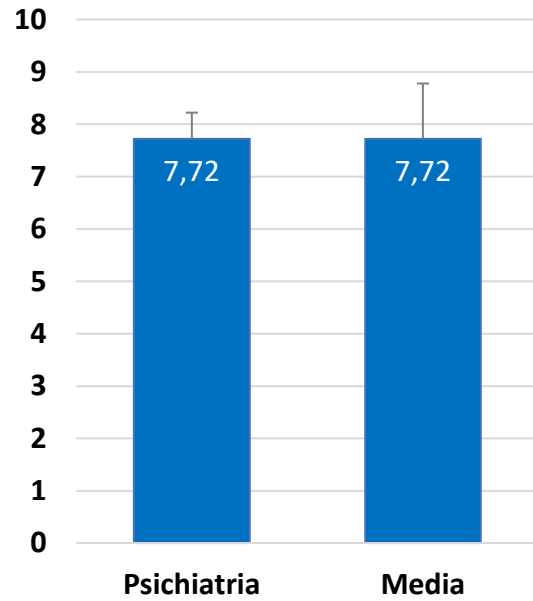

Vedi valutazioni

Psichiatria 2020-2021

N=36

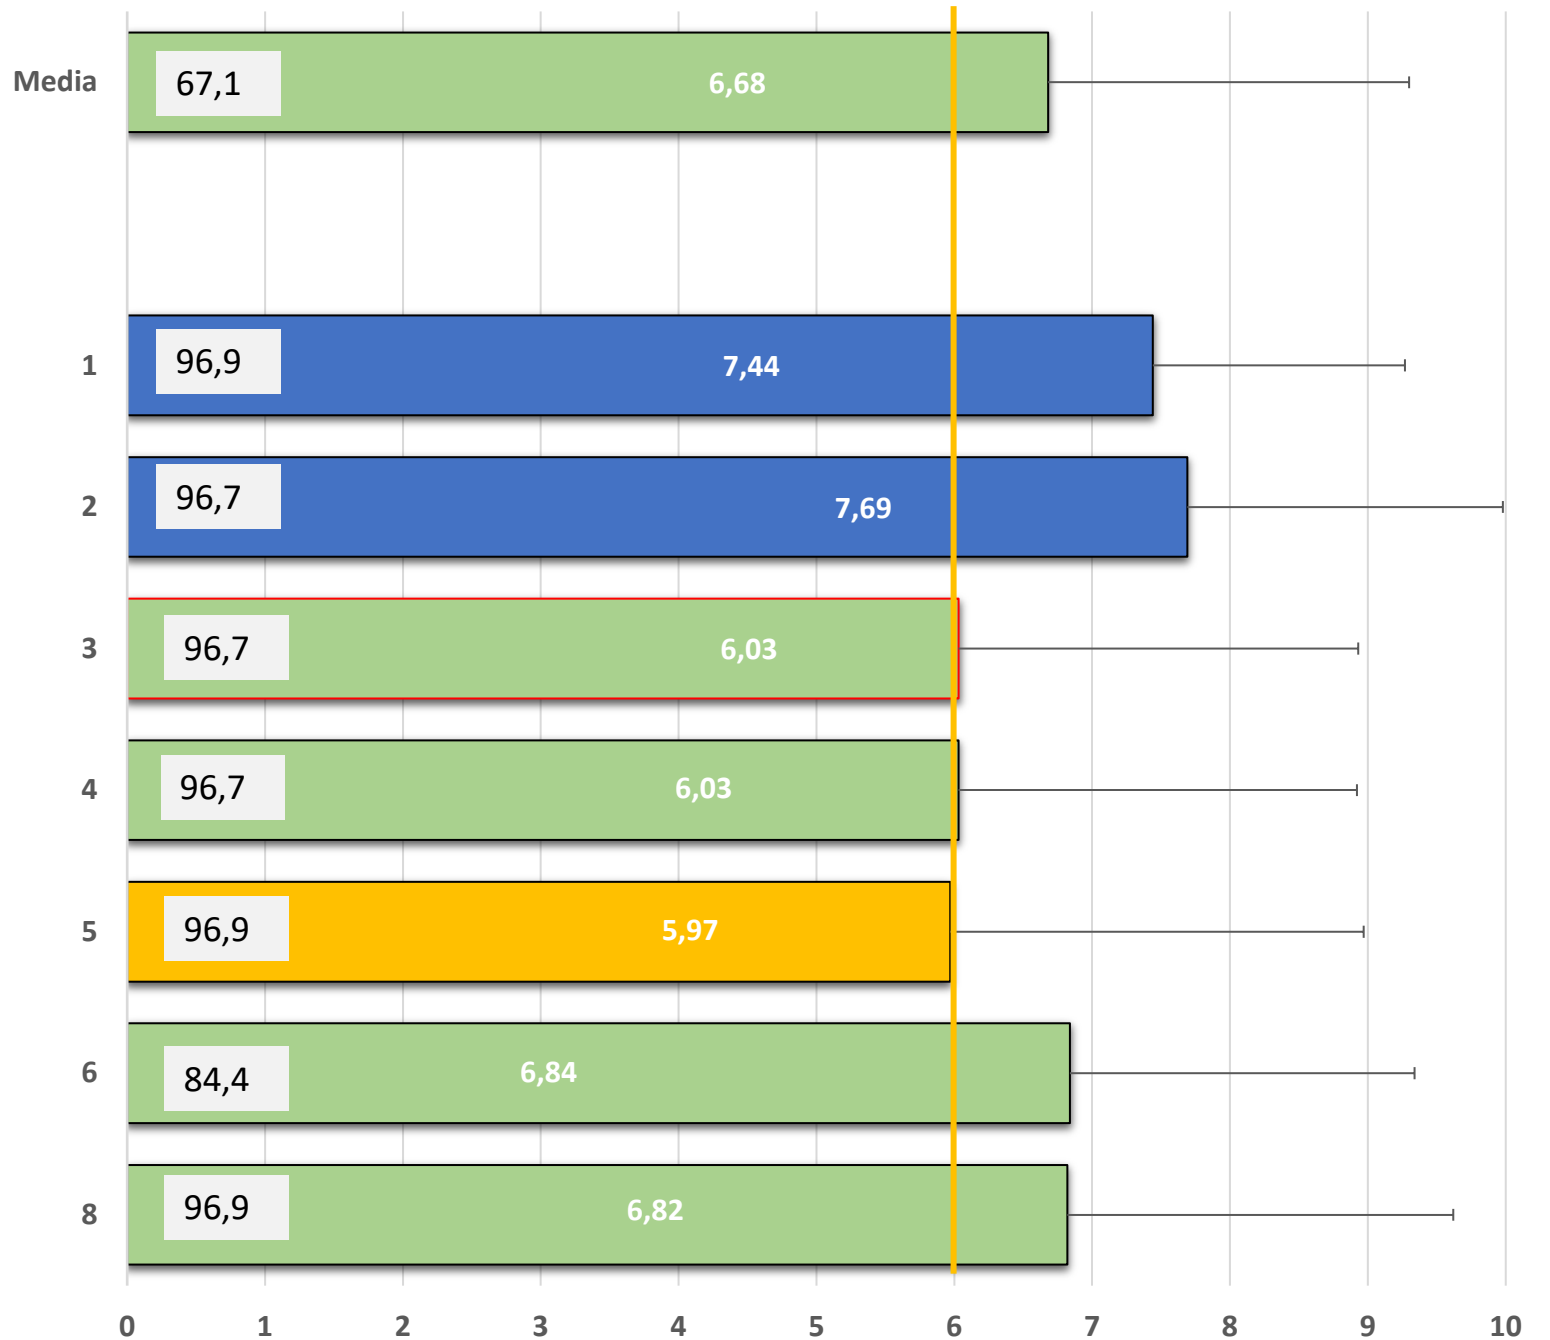

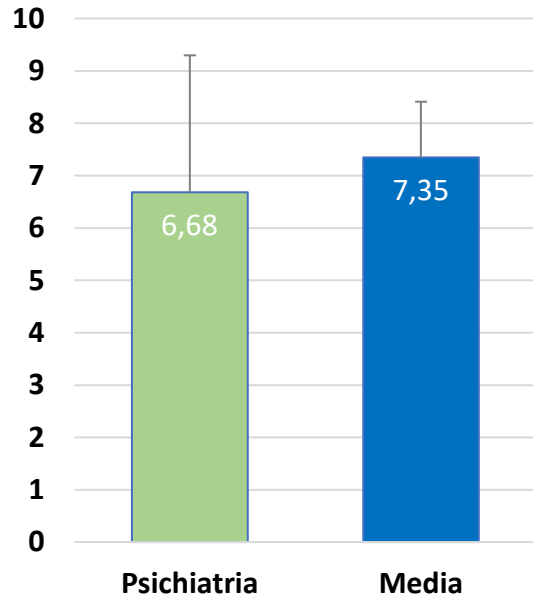

Netto miglioramento

Psichiatria 2022-2023

N=32

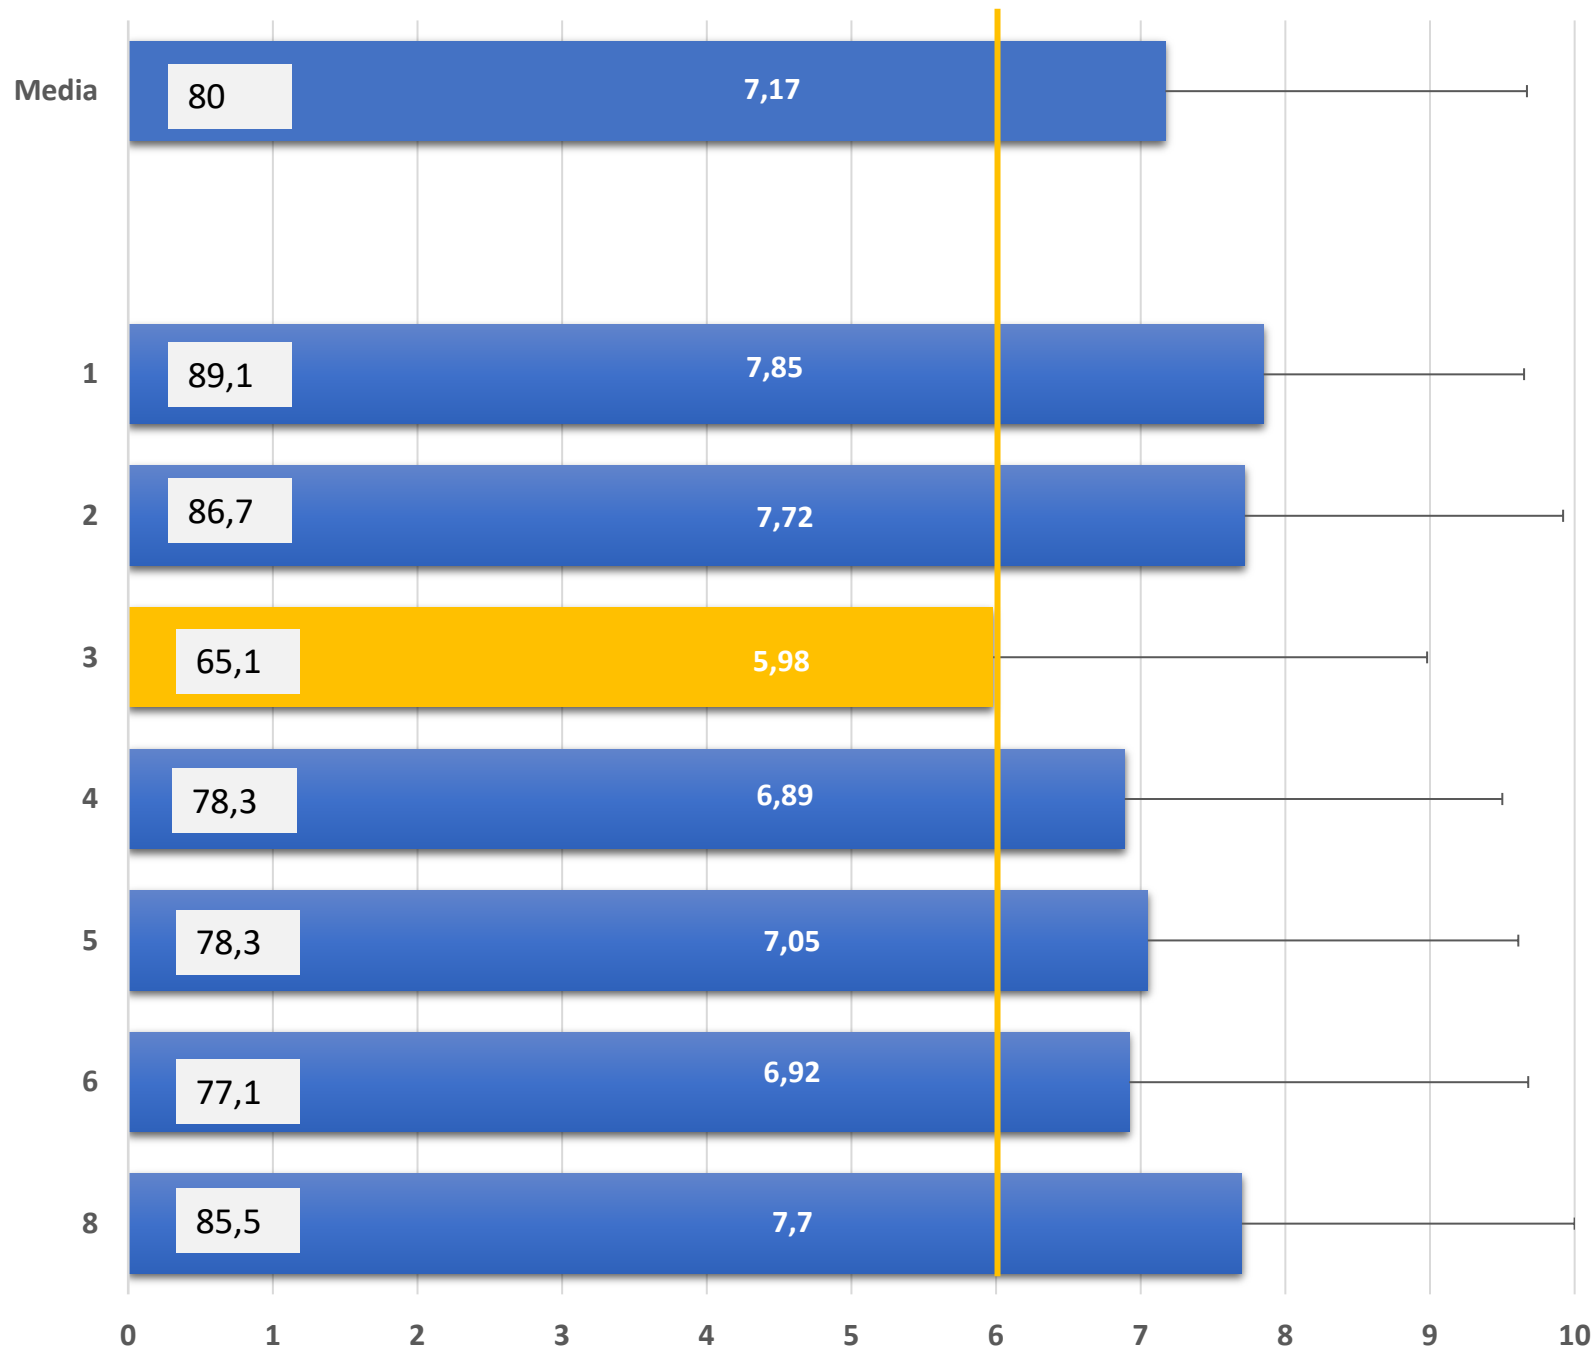

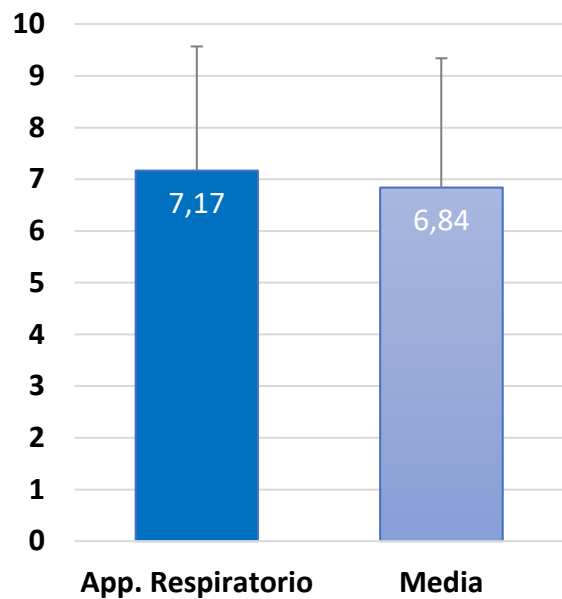

Note : In lieve peggioramento.
Da segnalare al referente

Mal. App. respiratorio 2016-2017

N=83

Note:
Nulla di significativo. Bene
Alcuni punti organizzativi da
sistemare

Mal. App. respiratorio 2017-2018

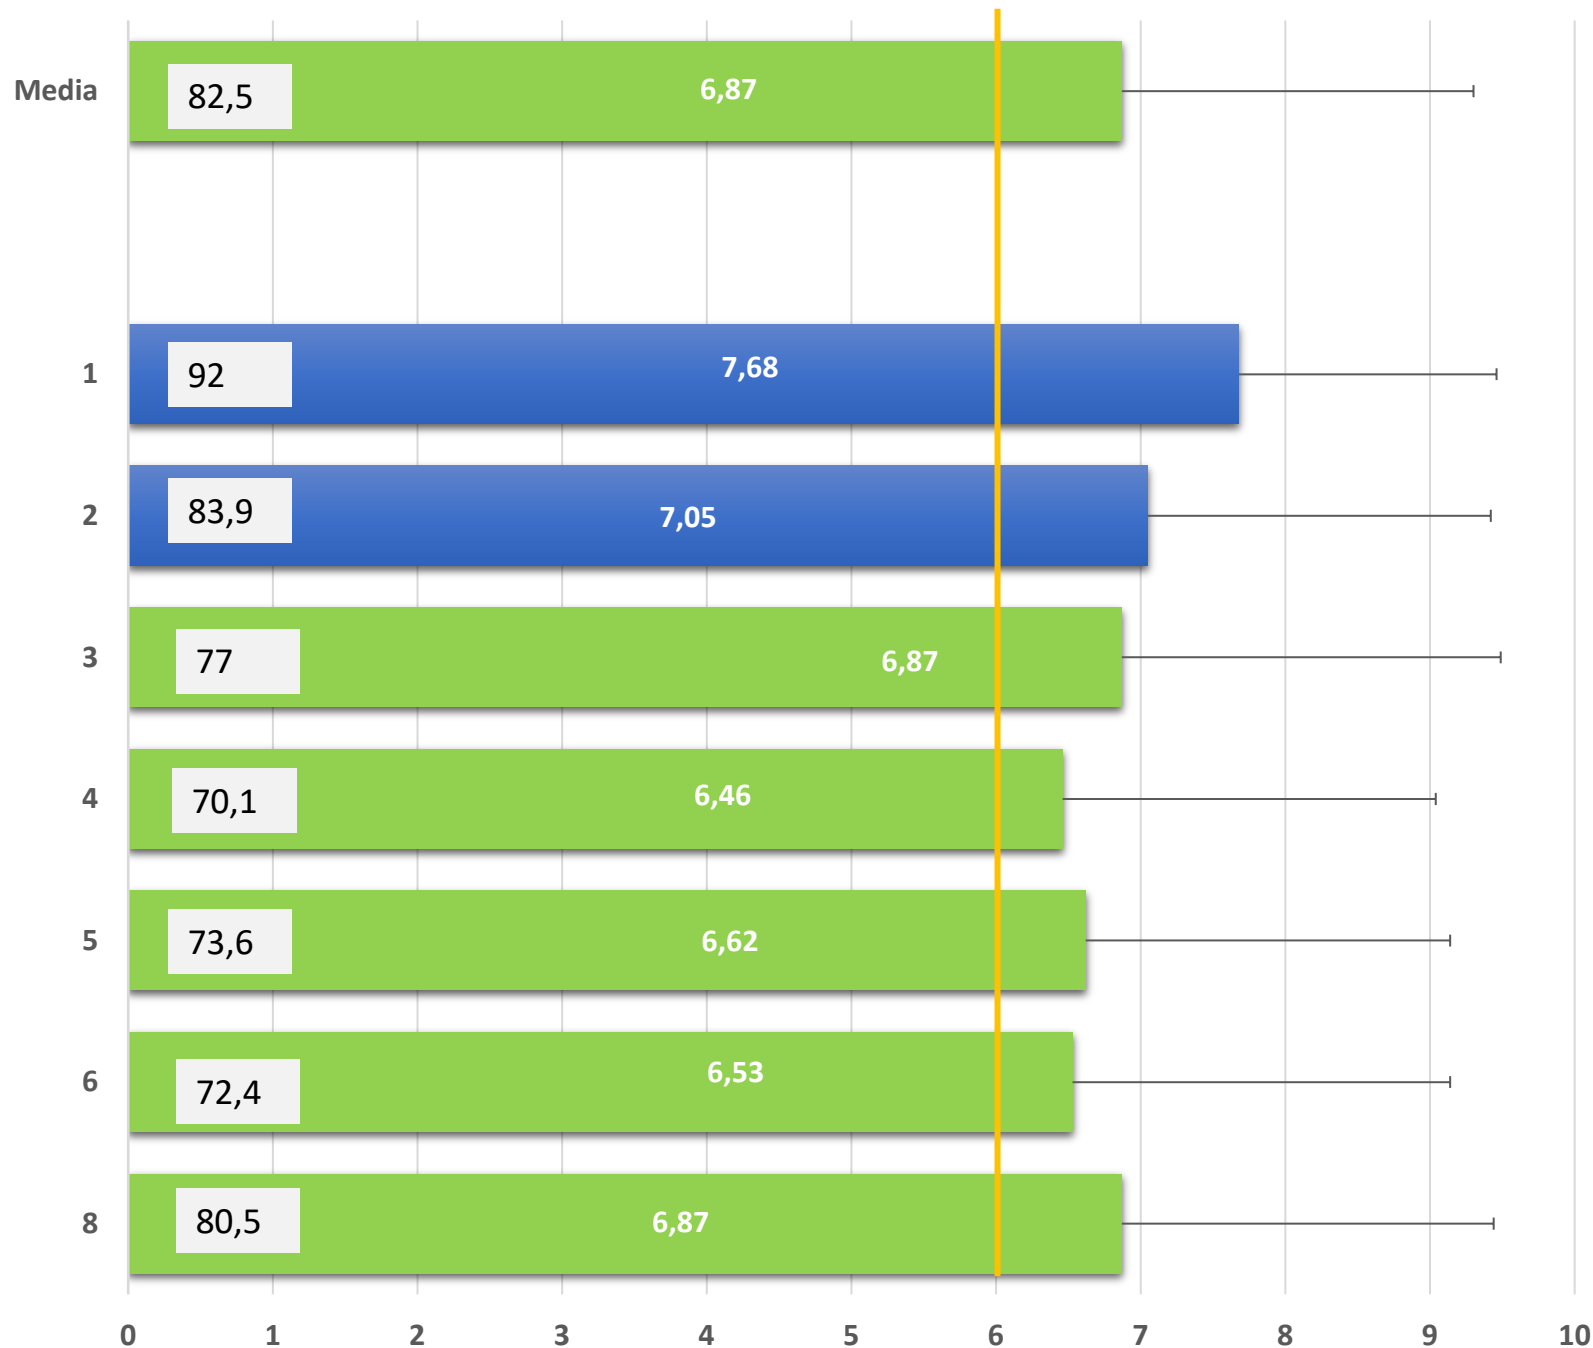

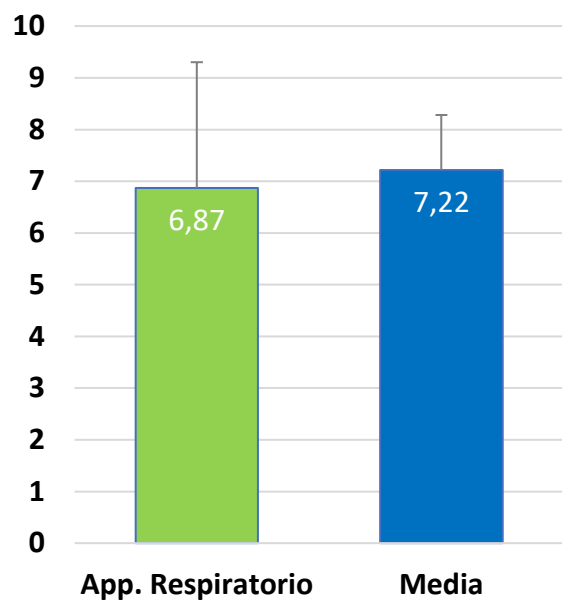

N=87

Note:

Peggioramento

Alcuni punti organizzativi da sistemare

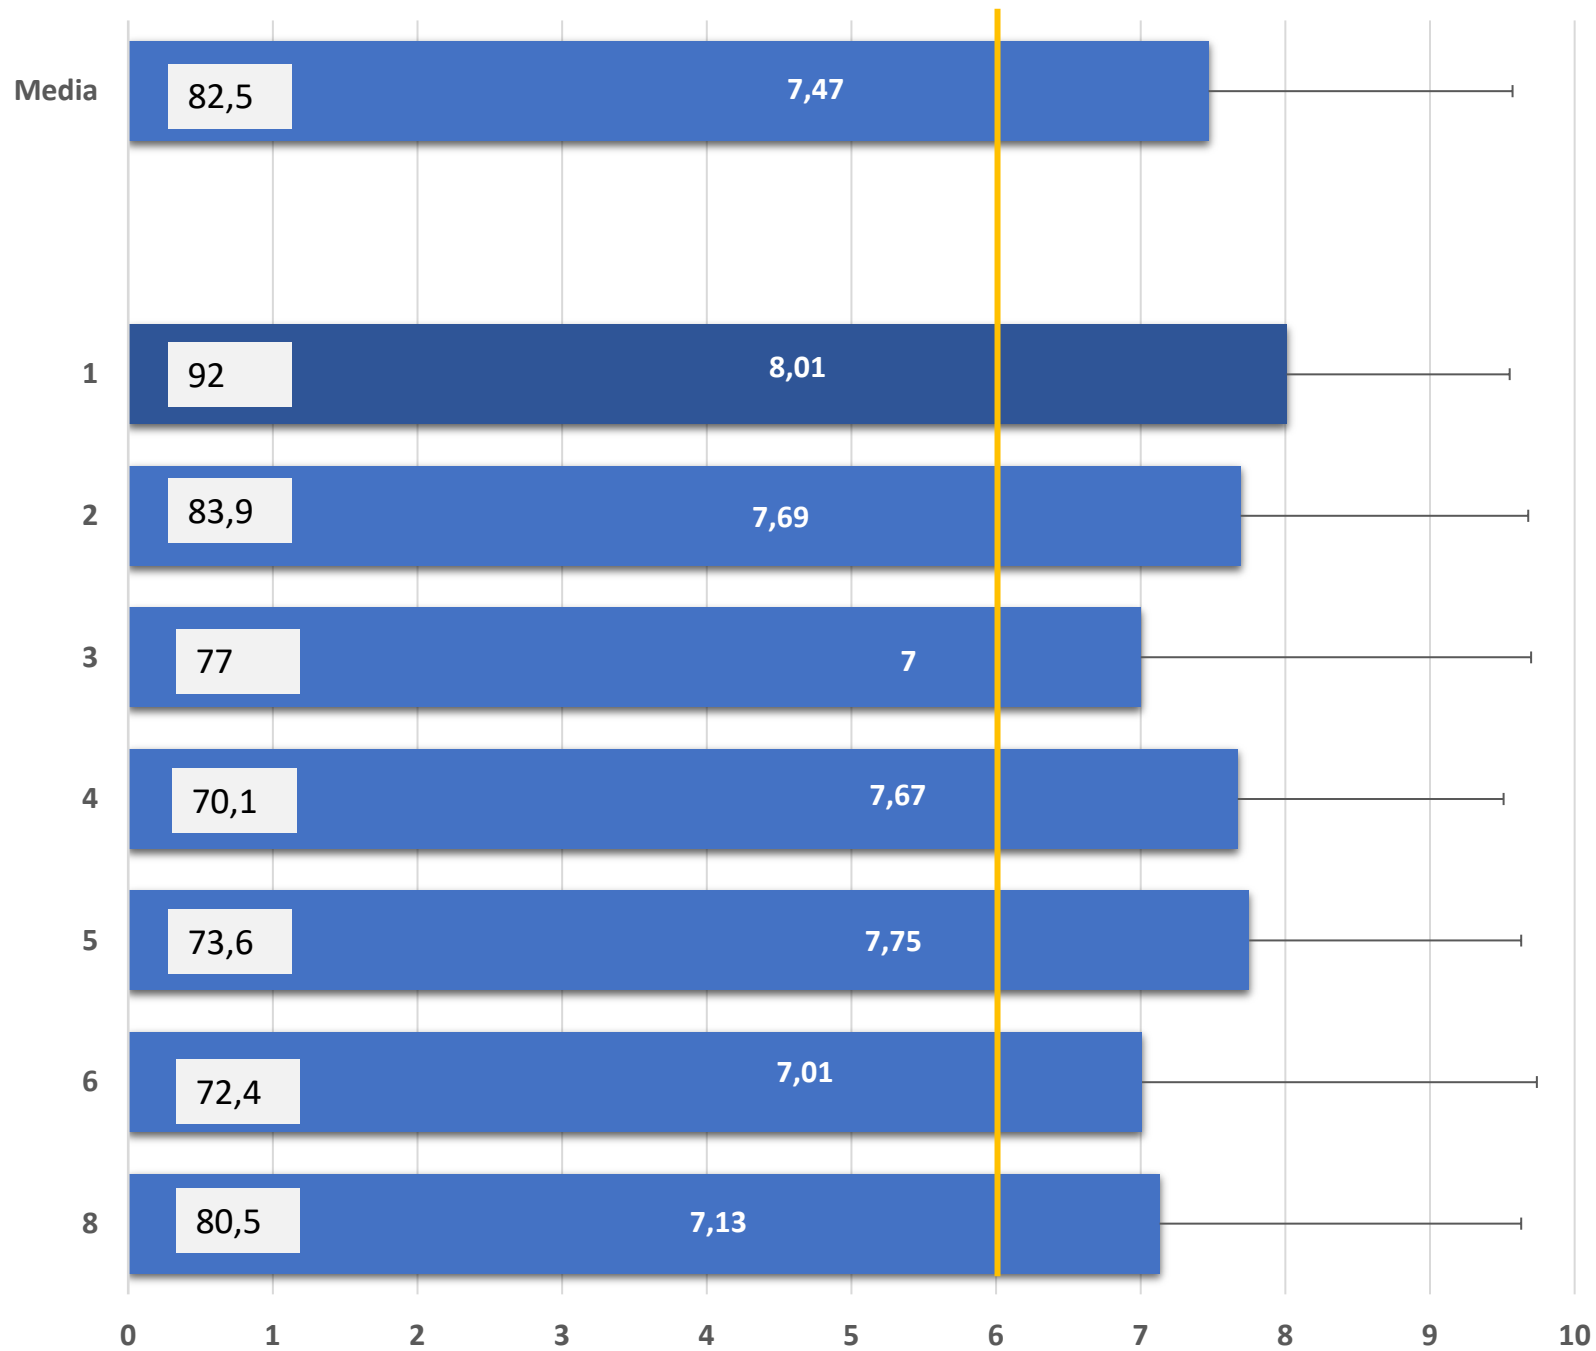

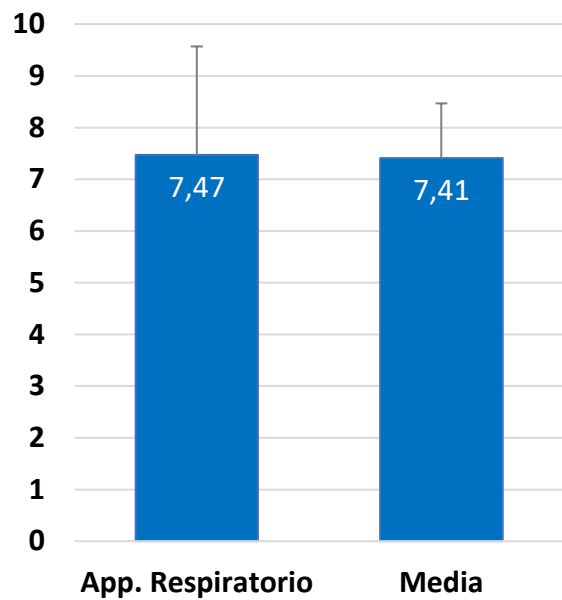

Disorganizzato negli ambulatori, utile attività in reparto, scarsa disponibilità di alcuni tutor

Mal. App. respiratorio 2018-2019

N=97

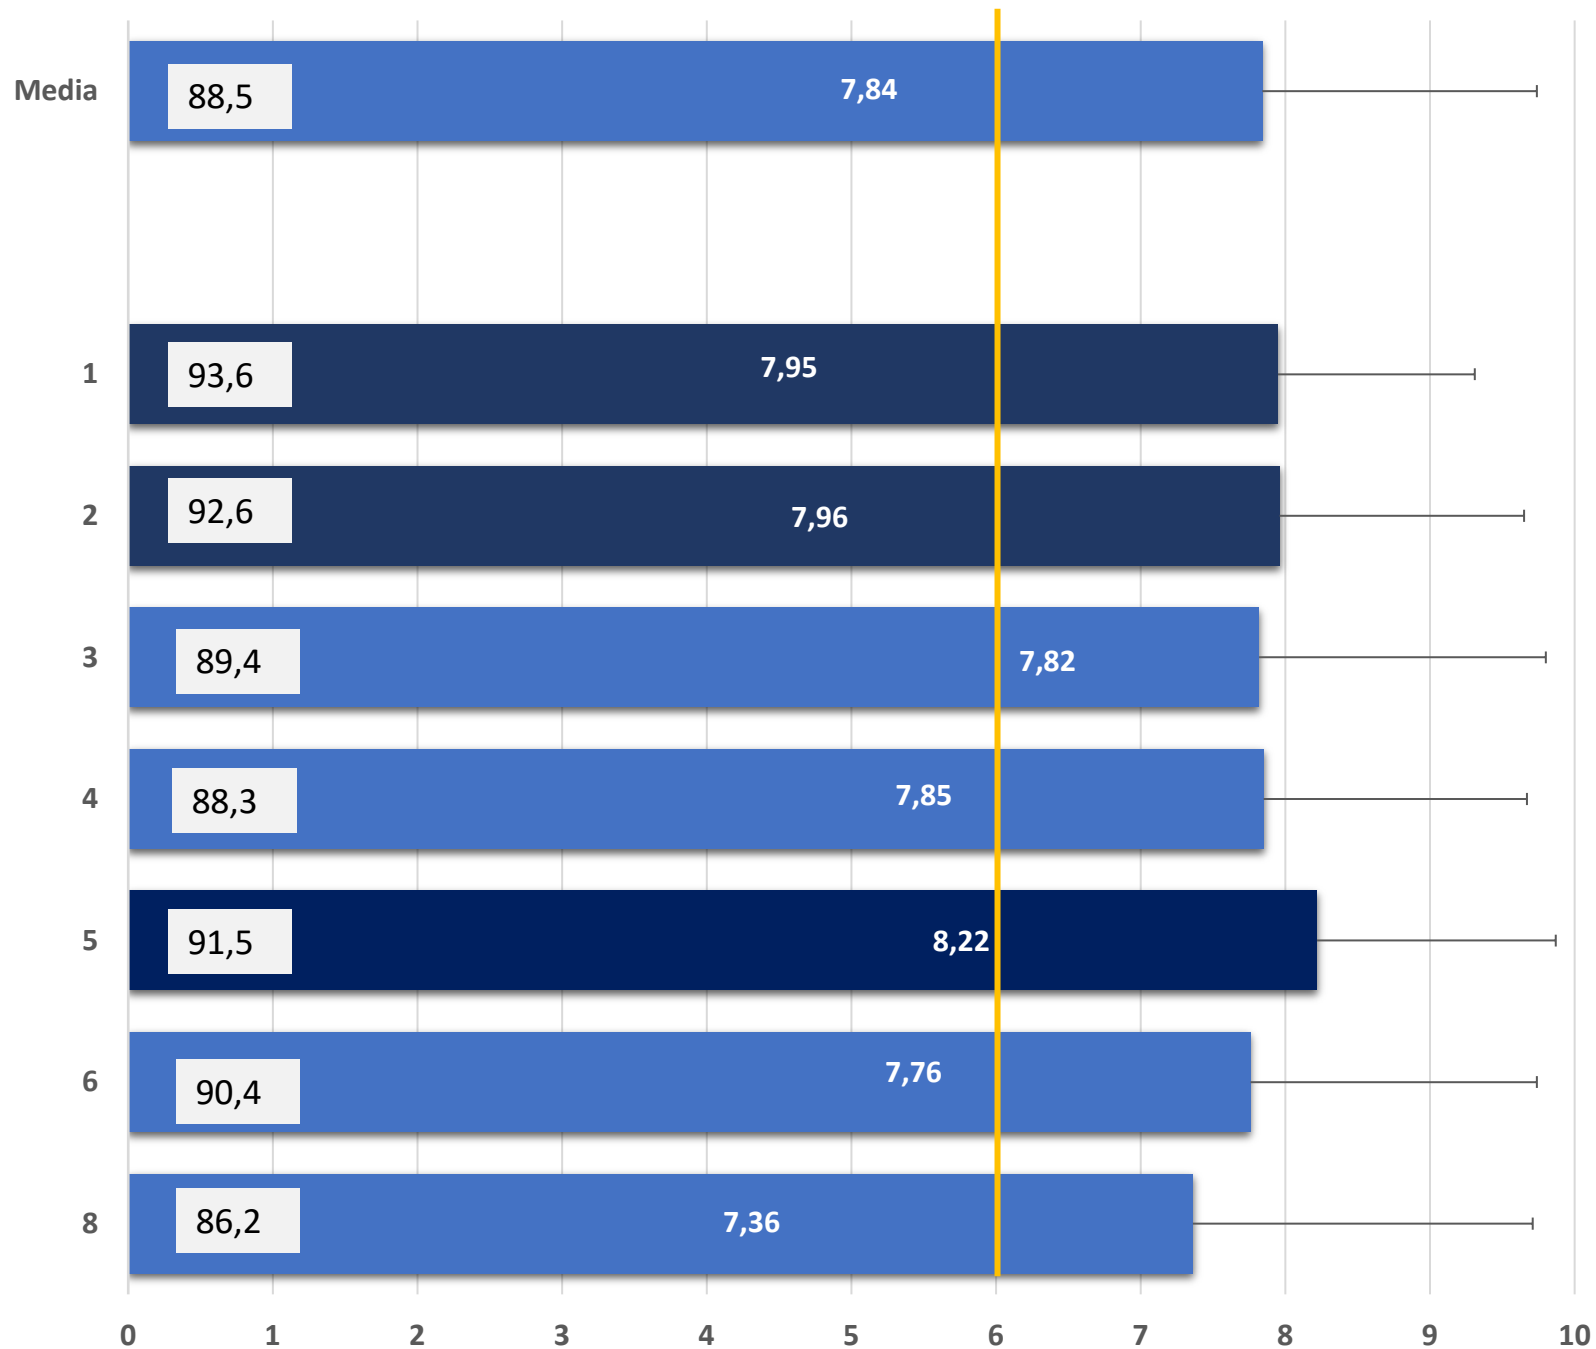

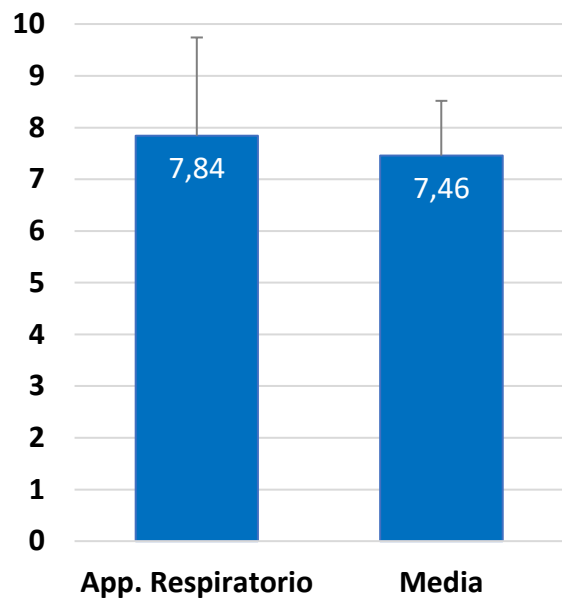

Note:
Migliorato vedi valutazioni

Mal. App. respiratorio 2019-2020

N=94

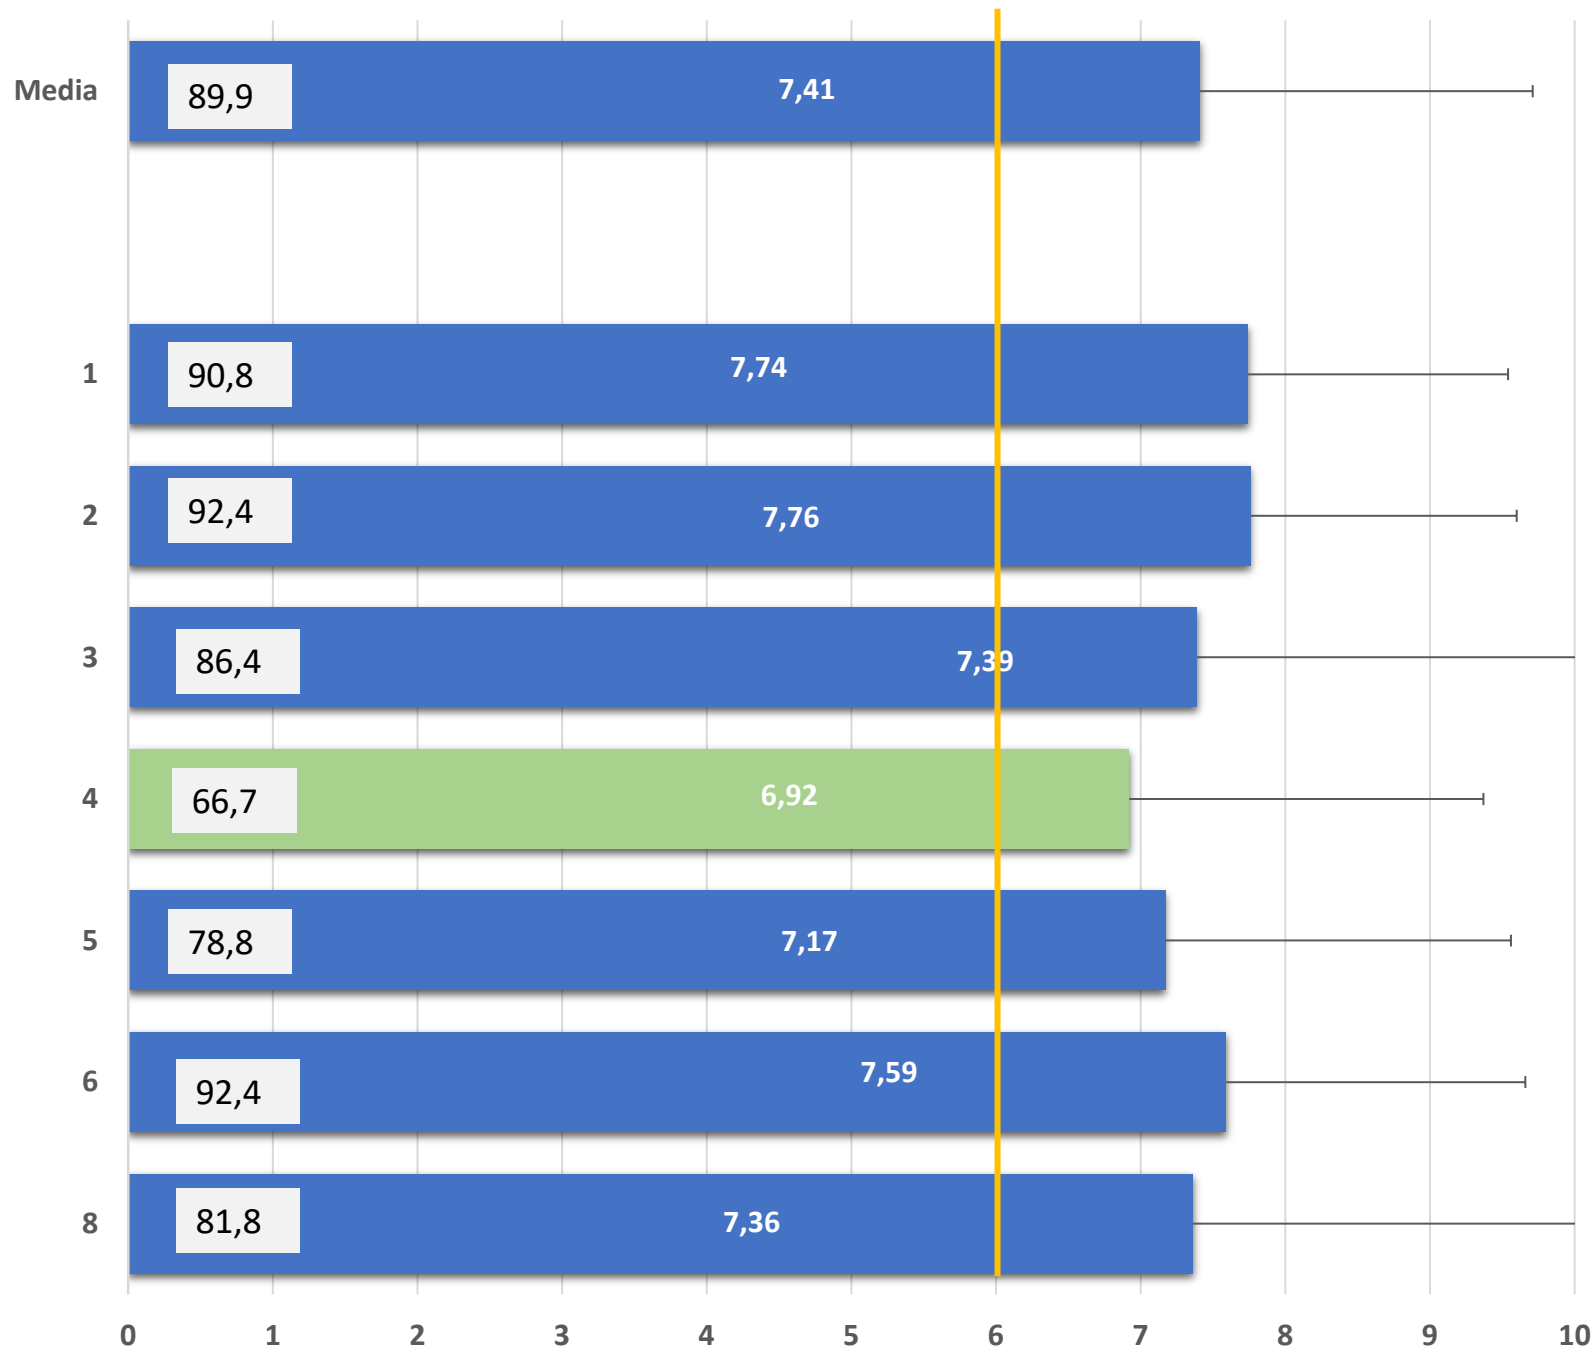

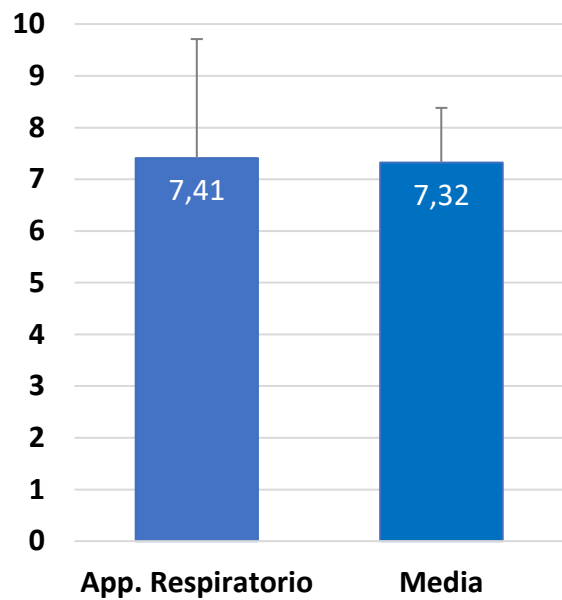

Note: ulteriore miglioramento ormai Top

Mal. App. respiratorio 2022-2023

N=66

Note: Lieve flessione

Cardiovascolare 2016-2017

N=84

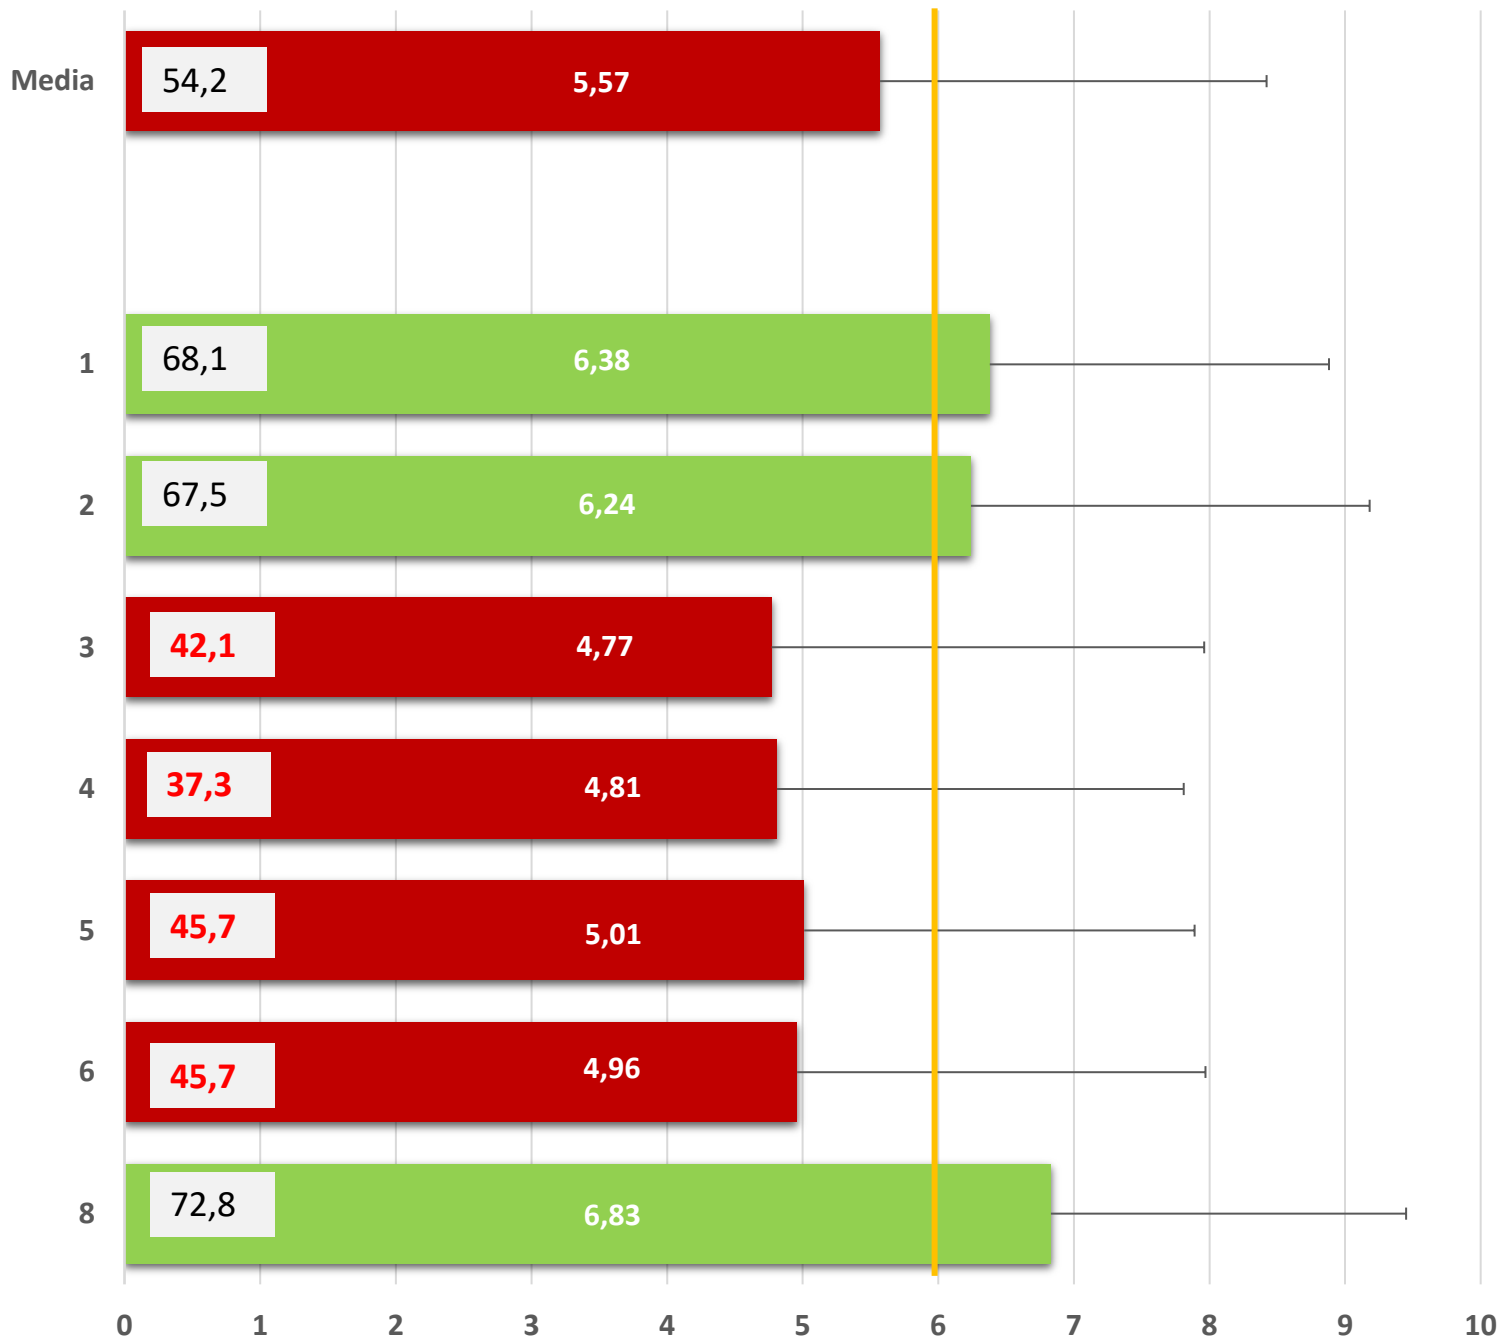

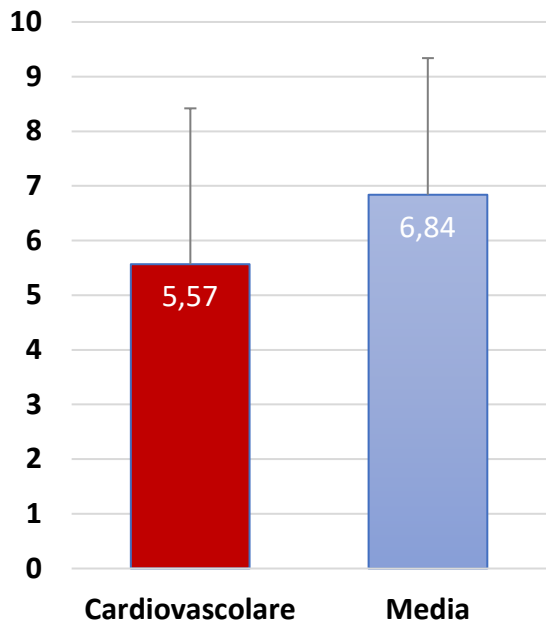

Note:

Notevoli criticità

Notevole discrepanza fra Cardiologia e Chir. Vascolare.

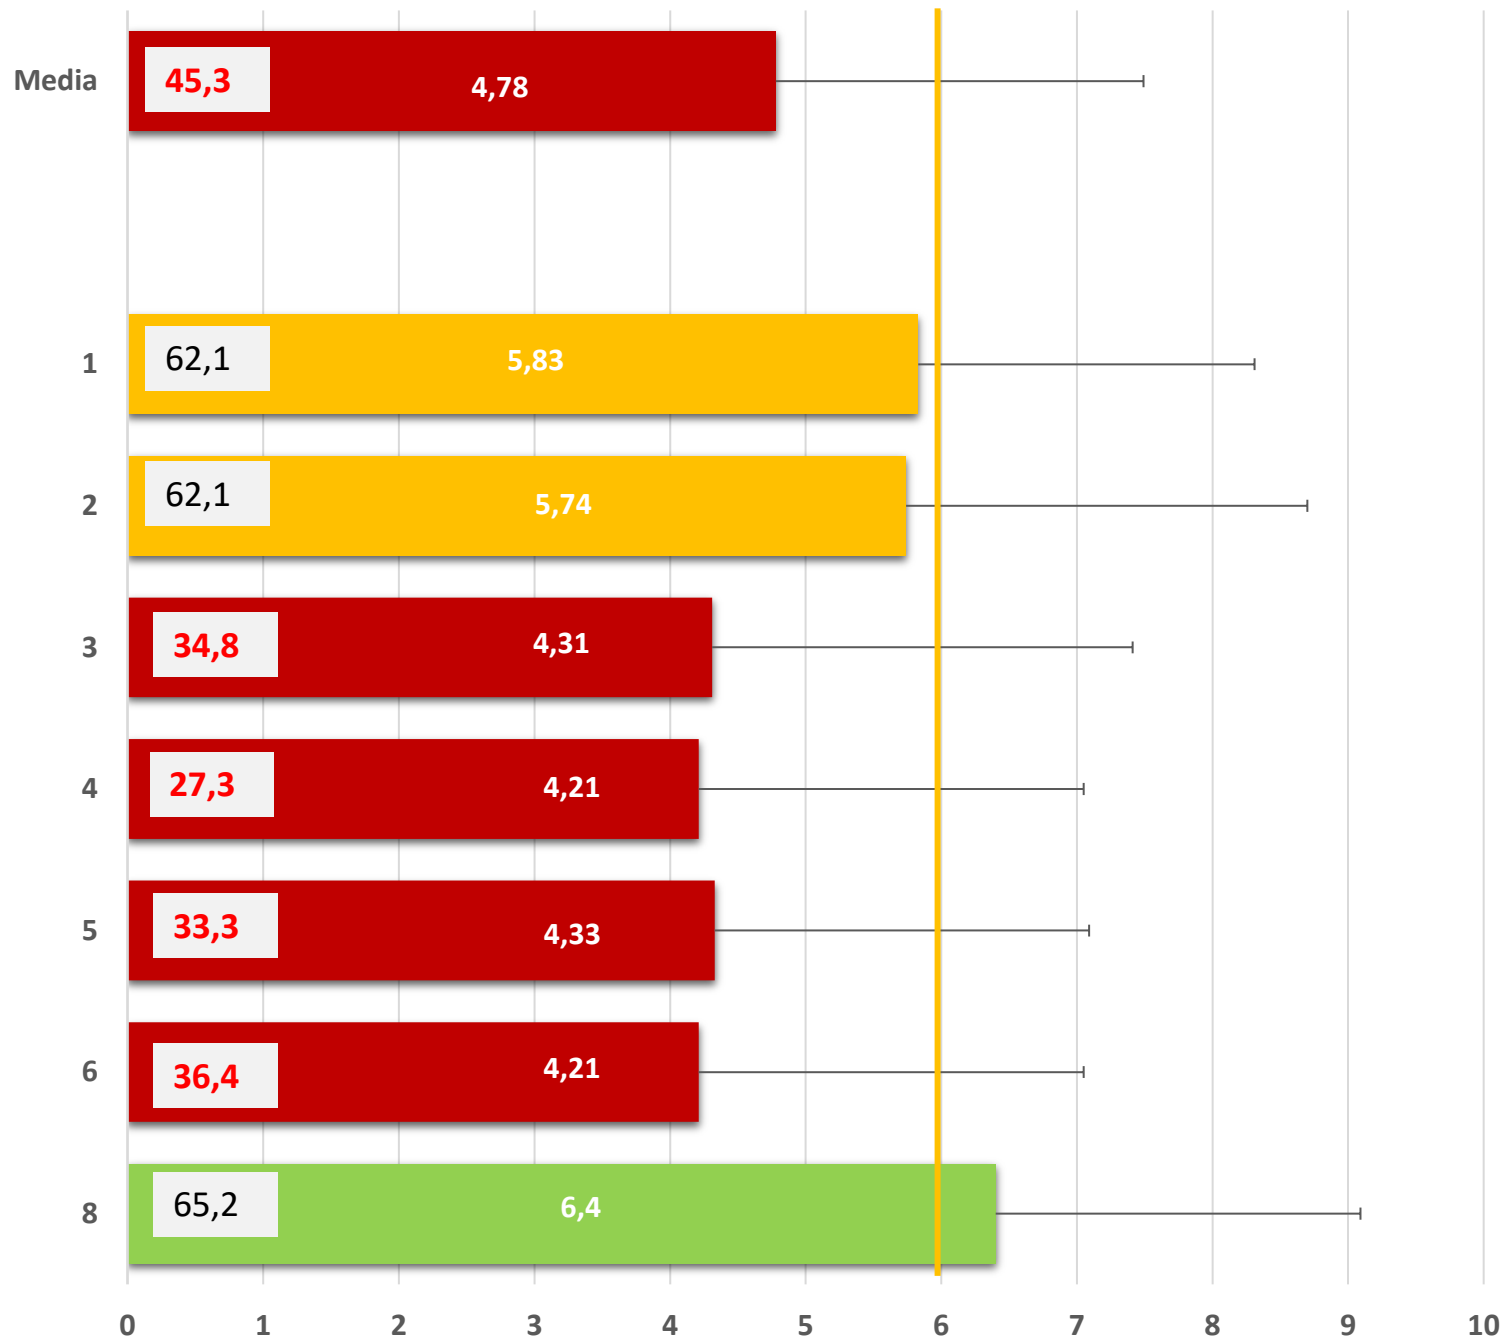

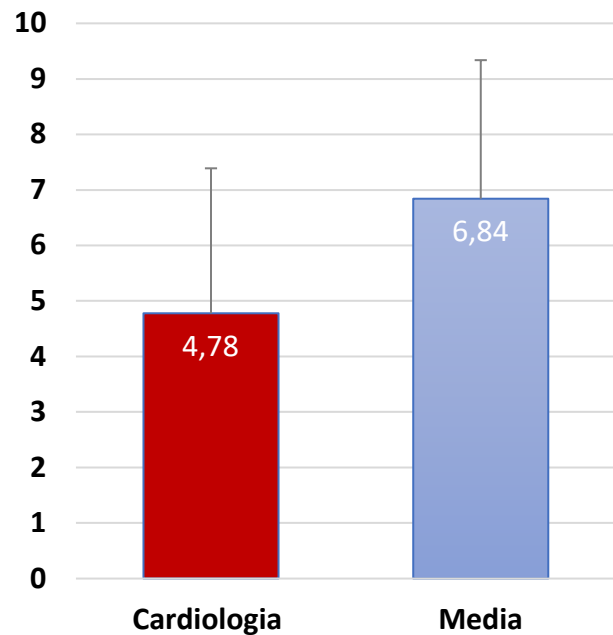

Cardiologia molto negativo (assenza di tutor, disorganizzazione assoluta, affidamento a specializzandi), Chir. Vascolare giudizi molto positivi.

Se disaggregati, dati per cardiologia gravemente negativi, chir vascolare quasi top

**Cardiologia (Policlinico)
disaggregata 2016-2017
N=66**

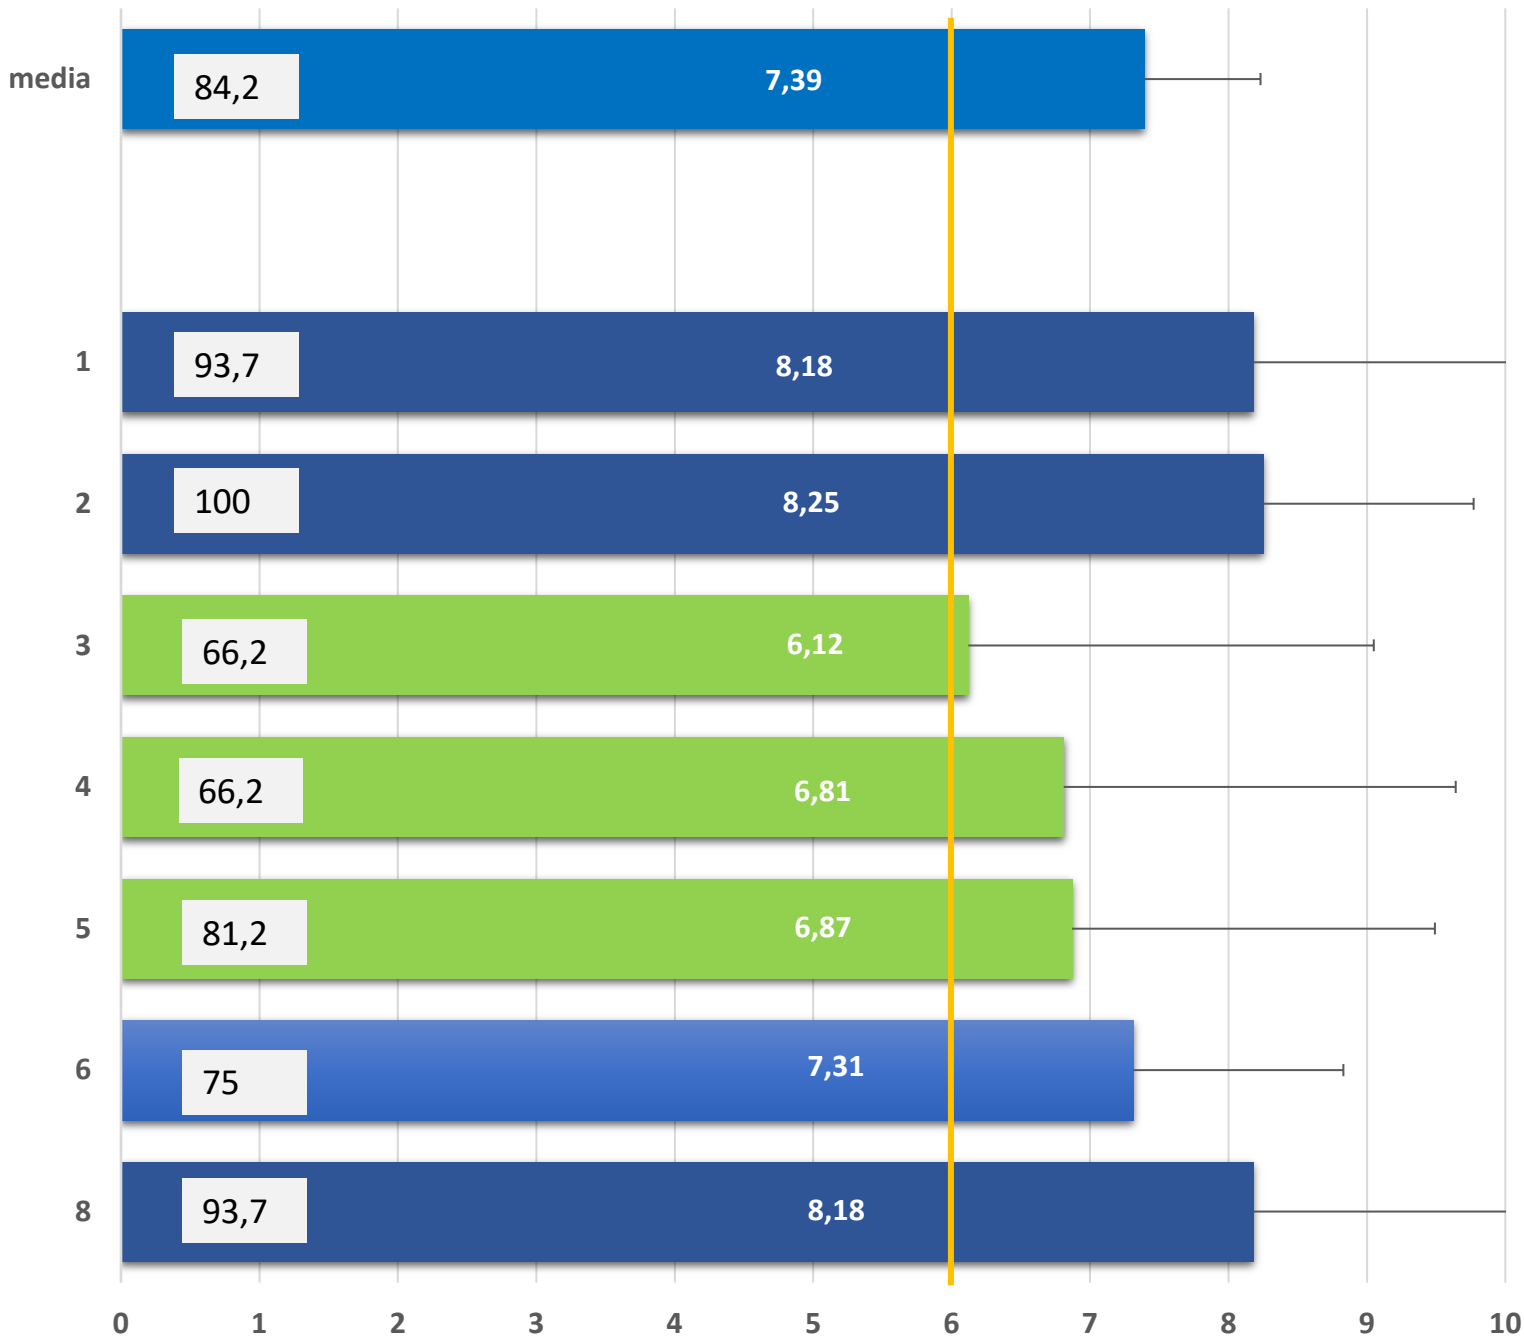

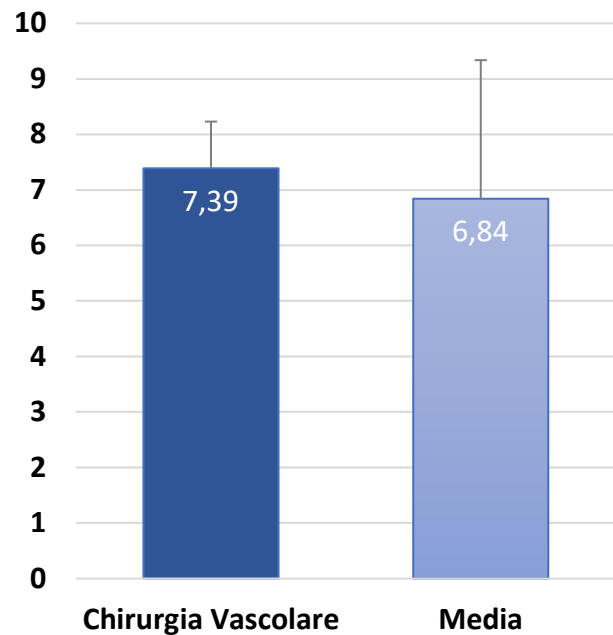

Tirocinio gravemente critico

Chir. Vascolare disaggregata 2016-2017

N=18

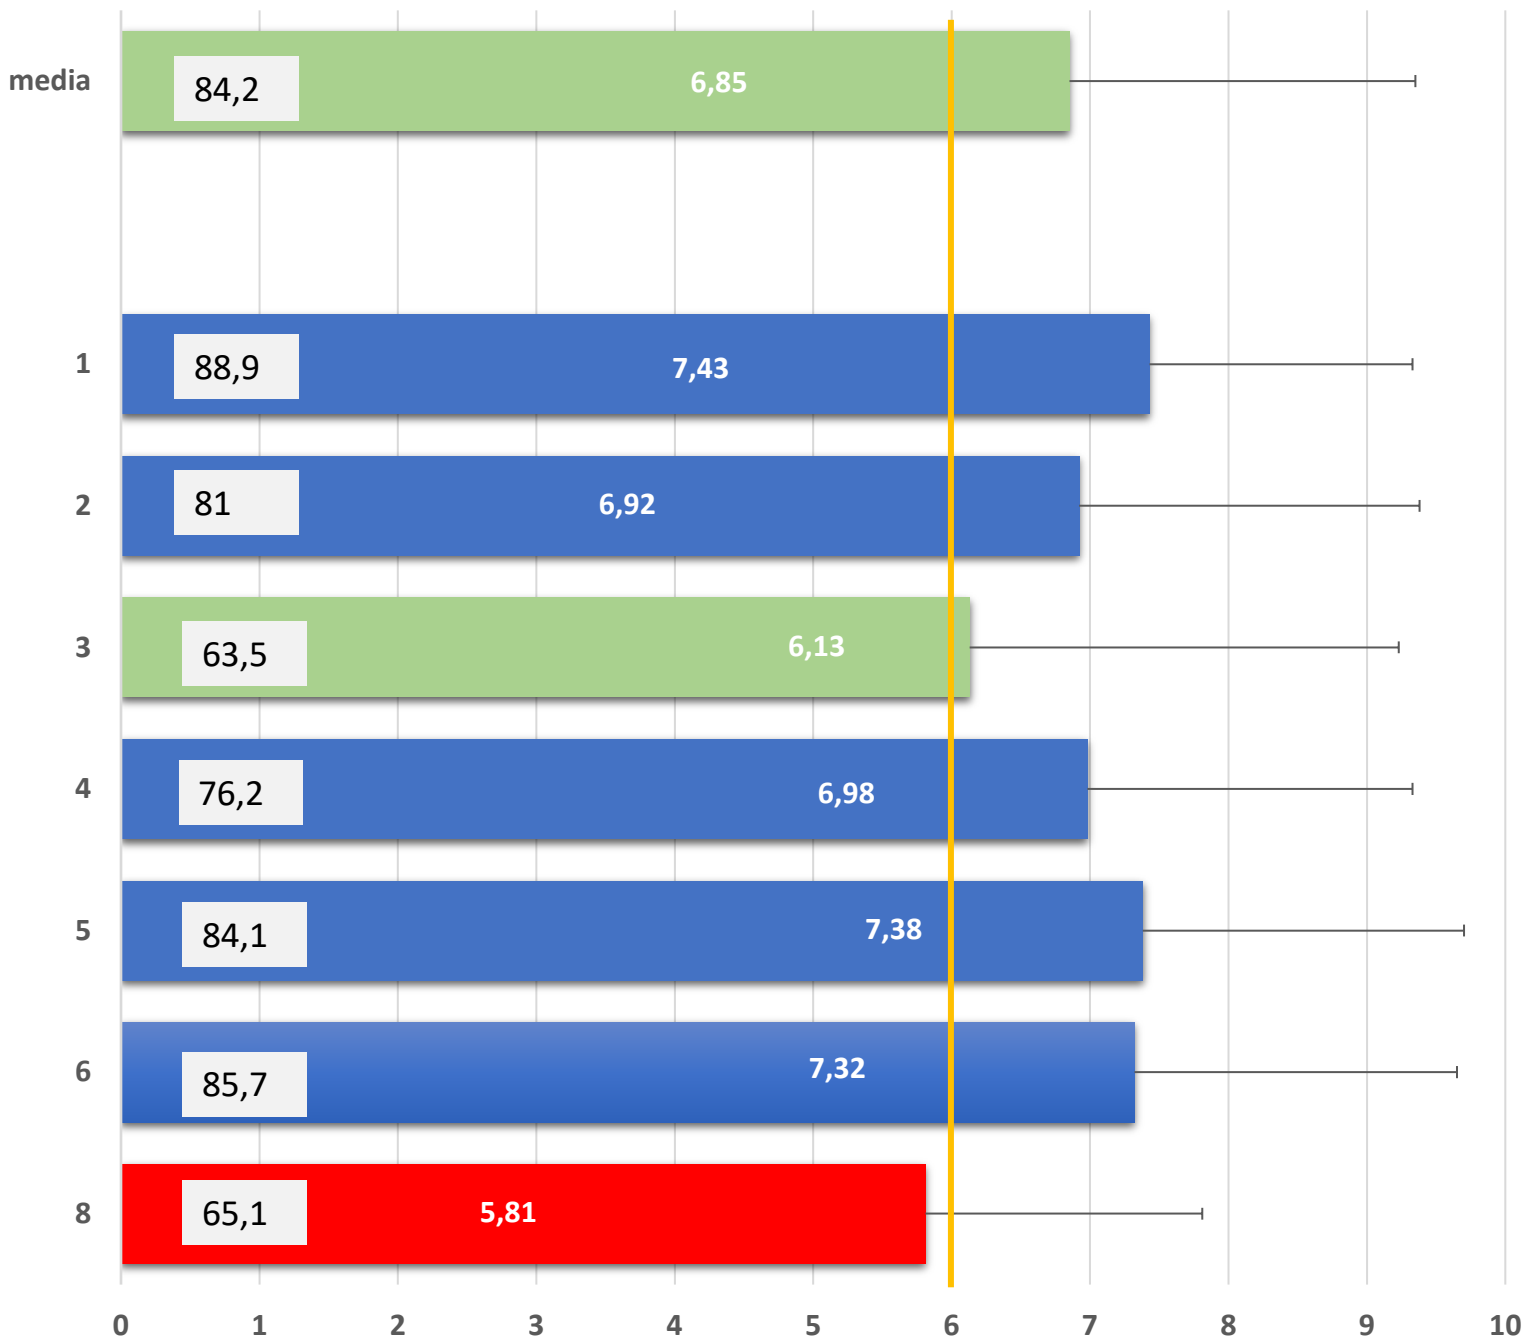

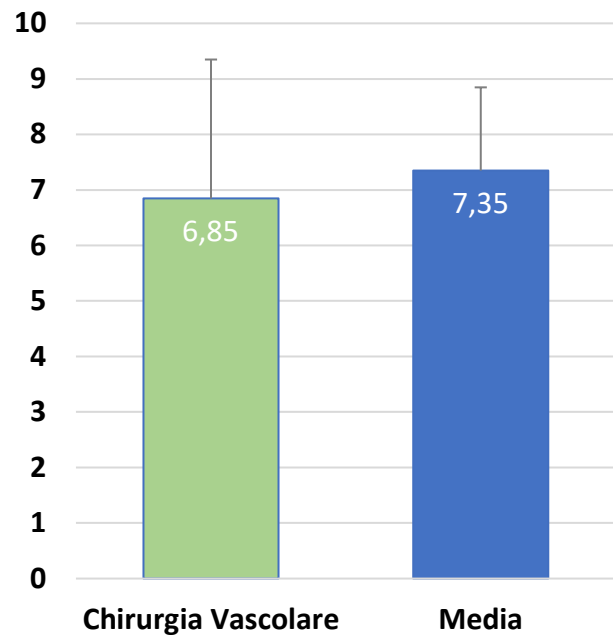

Note:
Tirocinio Positivo e ben Organizzato

Chir. Vascolare disaggregata 2022-2023

N=63

Note:
Un punto critico; da segnalare al referente

Cardiovascolare 2017-2018

N=88

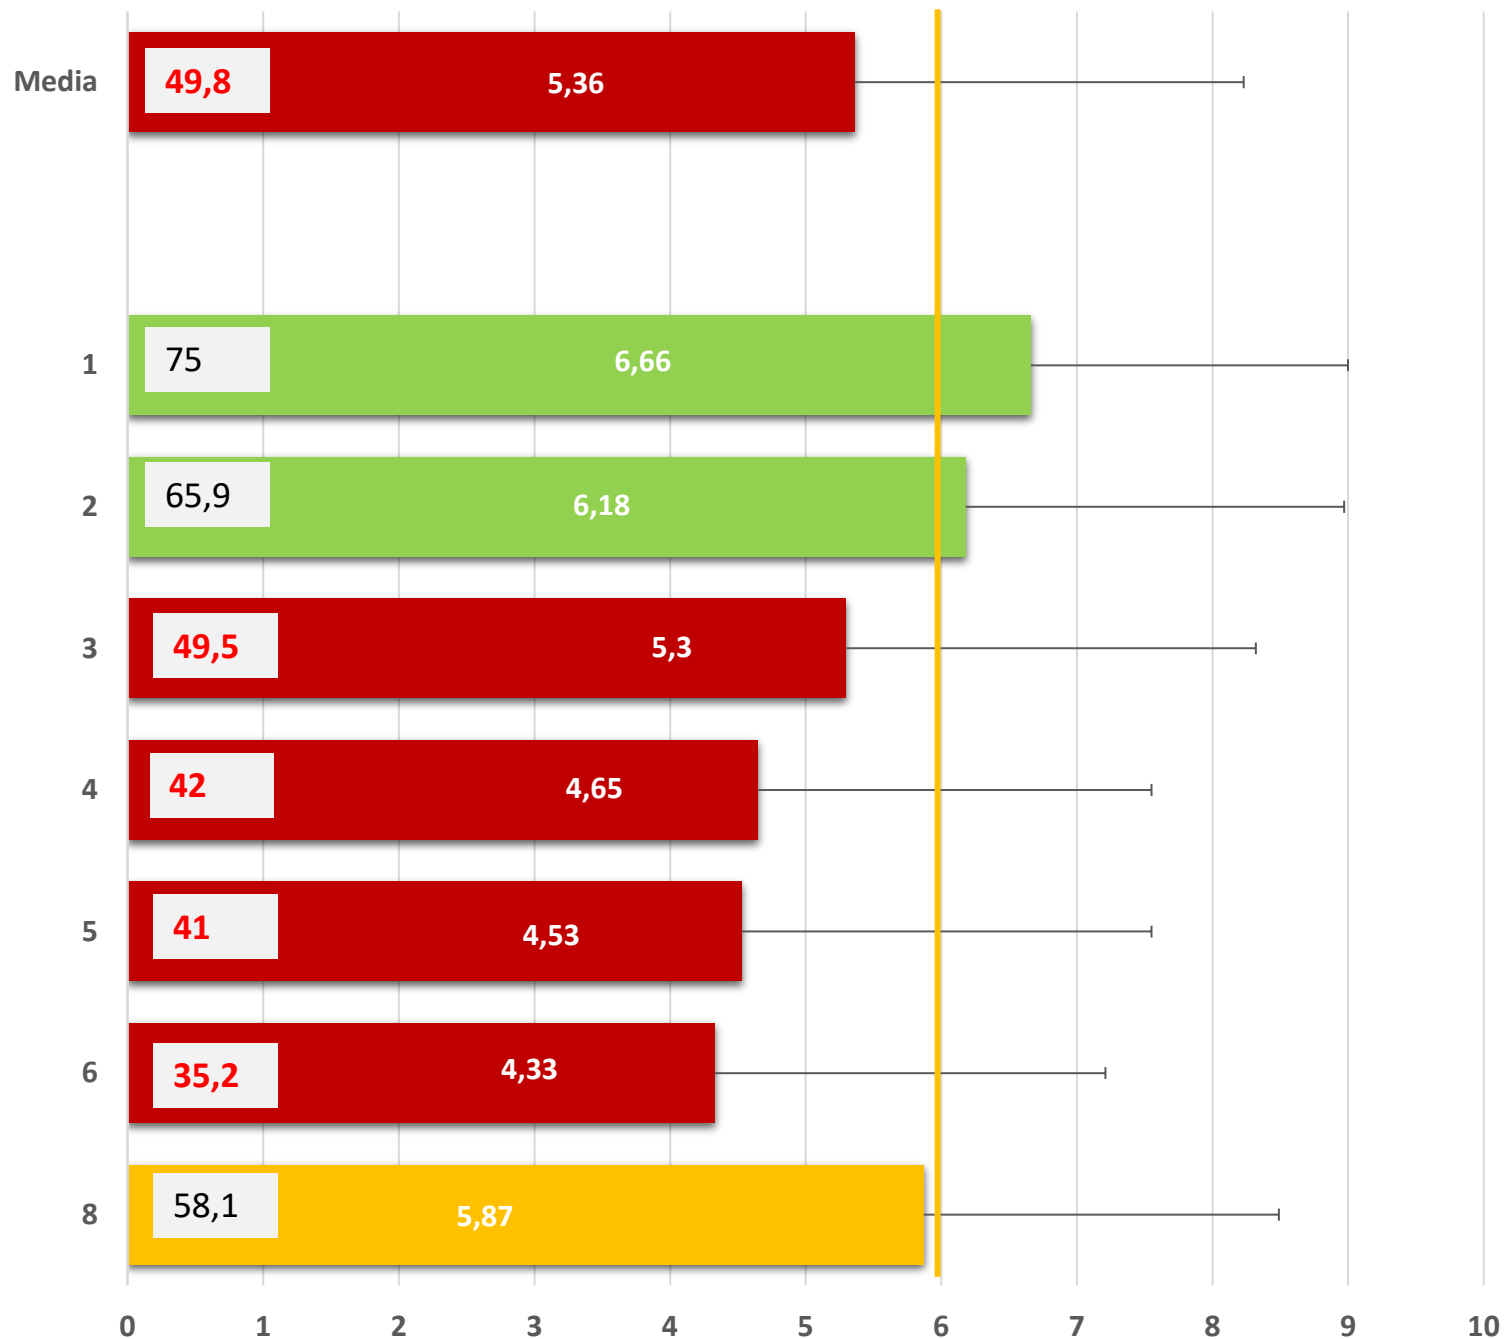

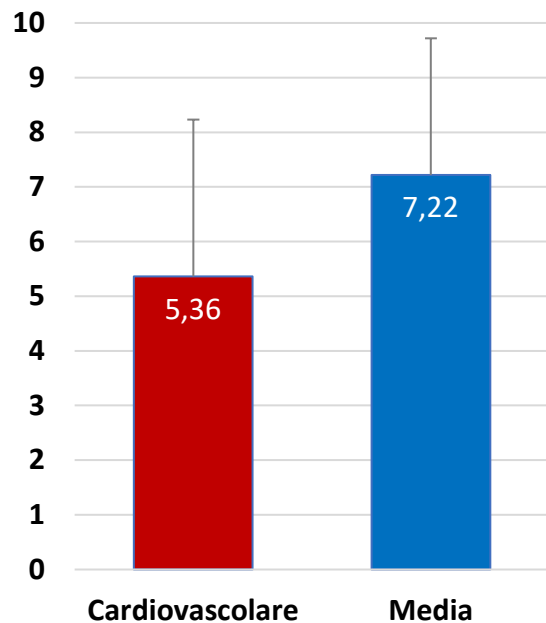

Note:

Persistono notevoli criticità

pessimo, assoluta disorganizzazione, tutor assenti, obiettivi formative non rispettati
Notevole discrepanza fra Cardiologia e Chir. Vascolare.

Cardiologia molto negativo (assenza di tutor, disorganizzazione assoluta, affidamento a specializzandi),

Chir. Vascolare giudizi molto positivi.

Cardiovascolare 2018-2019

N=98

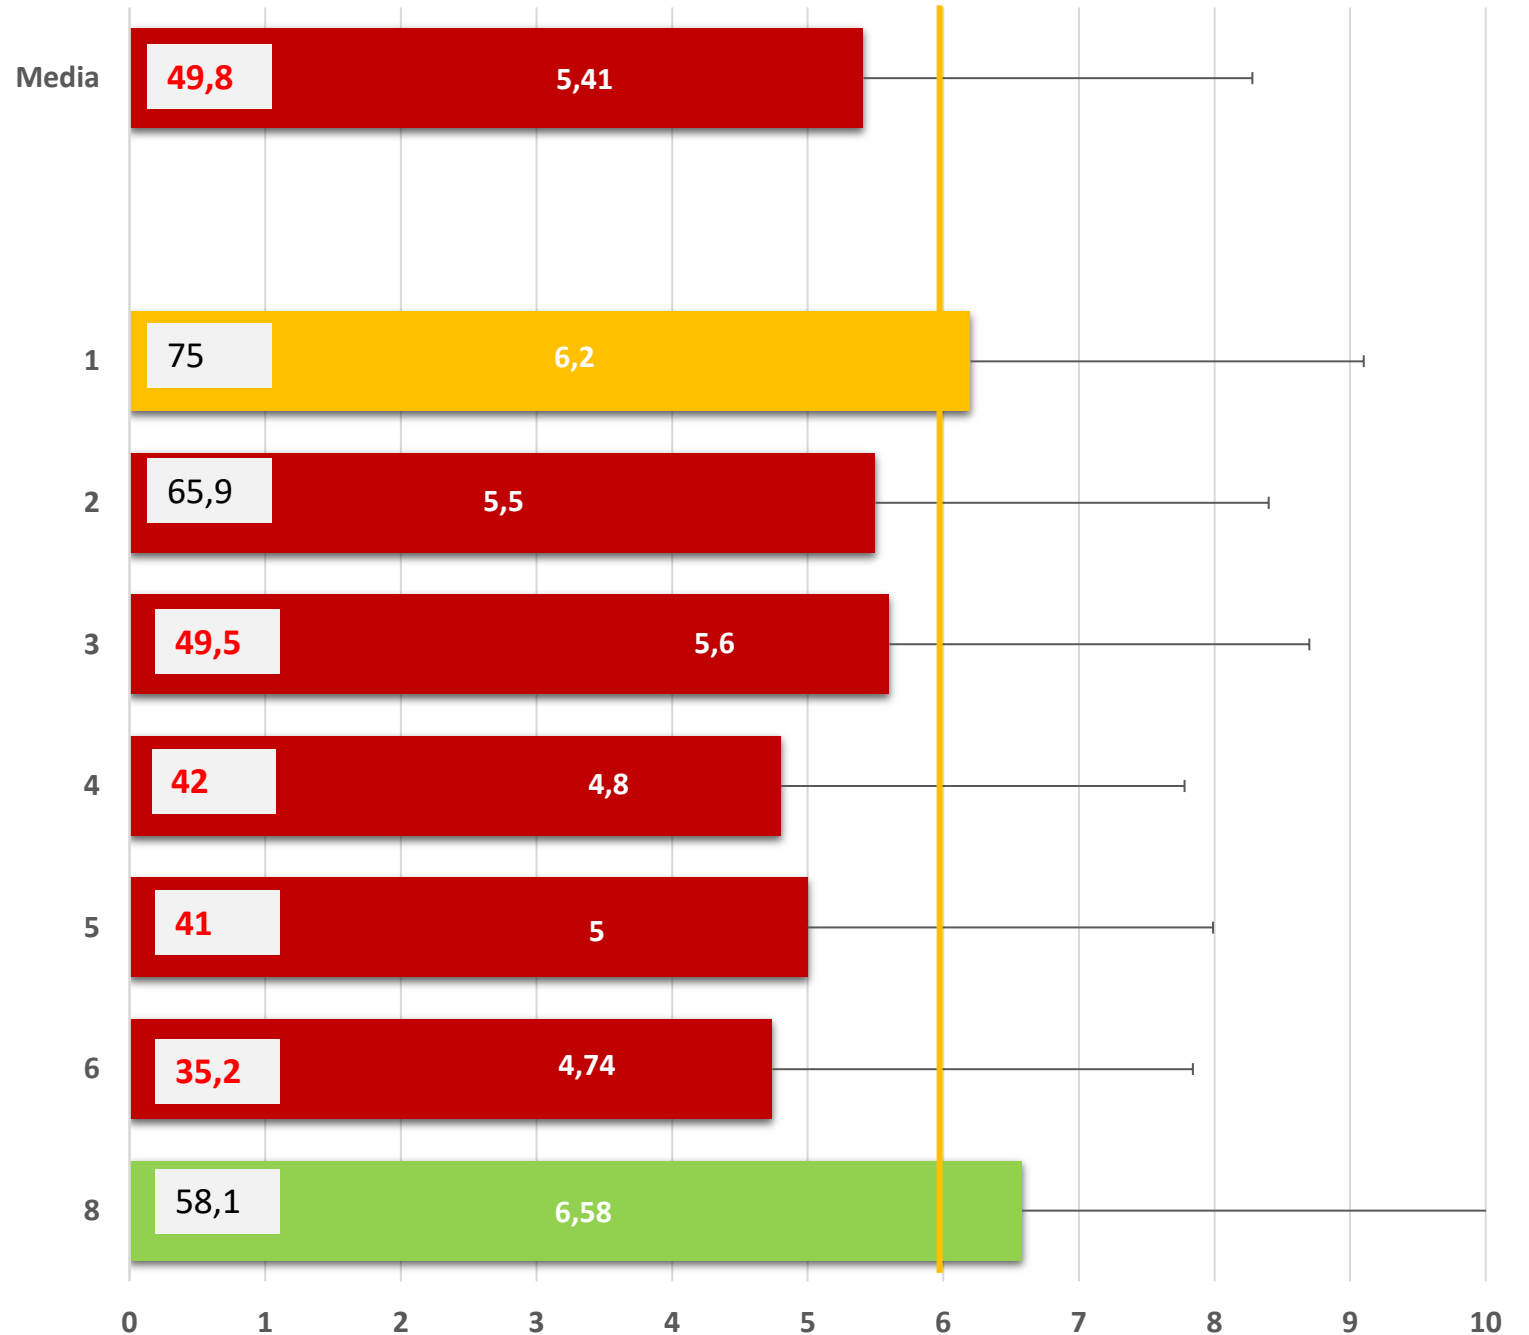

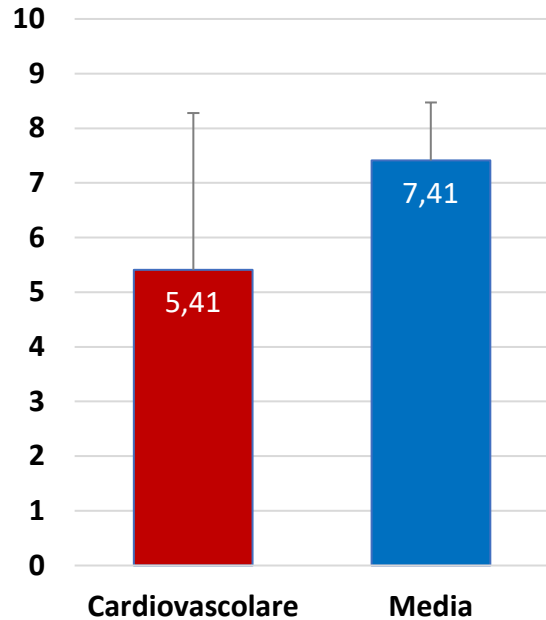

Note:

Persistono notevoli criticità

pessimo, assoluta disorganizzazione, tutor assenti, obiettivi formative non rispettati
Notevole discrepanza fra Cardiologia e Chir. Vascolare.

Cardiologia molto negativo (assenza di tutor, disorganizzazione assoluta, affidamento a specializzandi),

Chir. Vascolare giudizi molto positivi.

Cardiovascolare 2019-2020

N=95

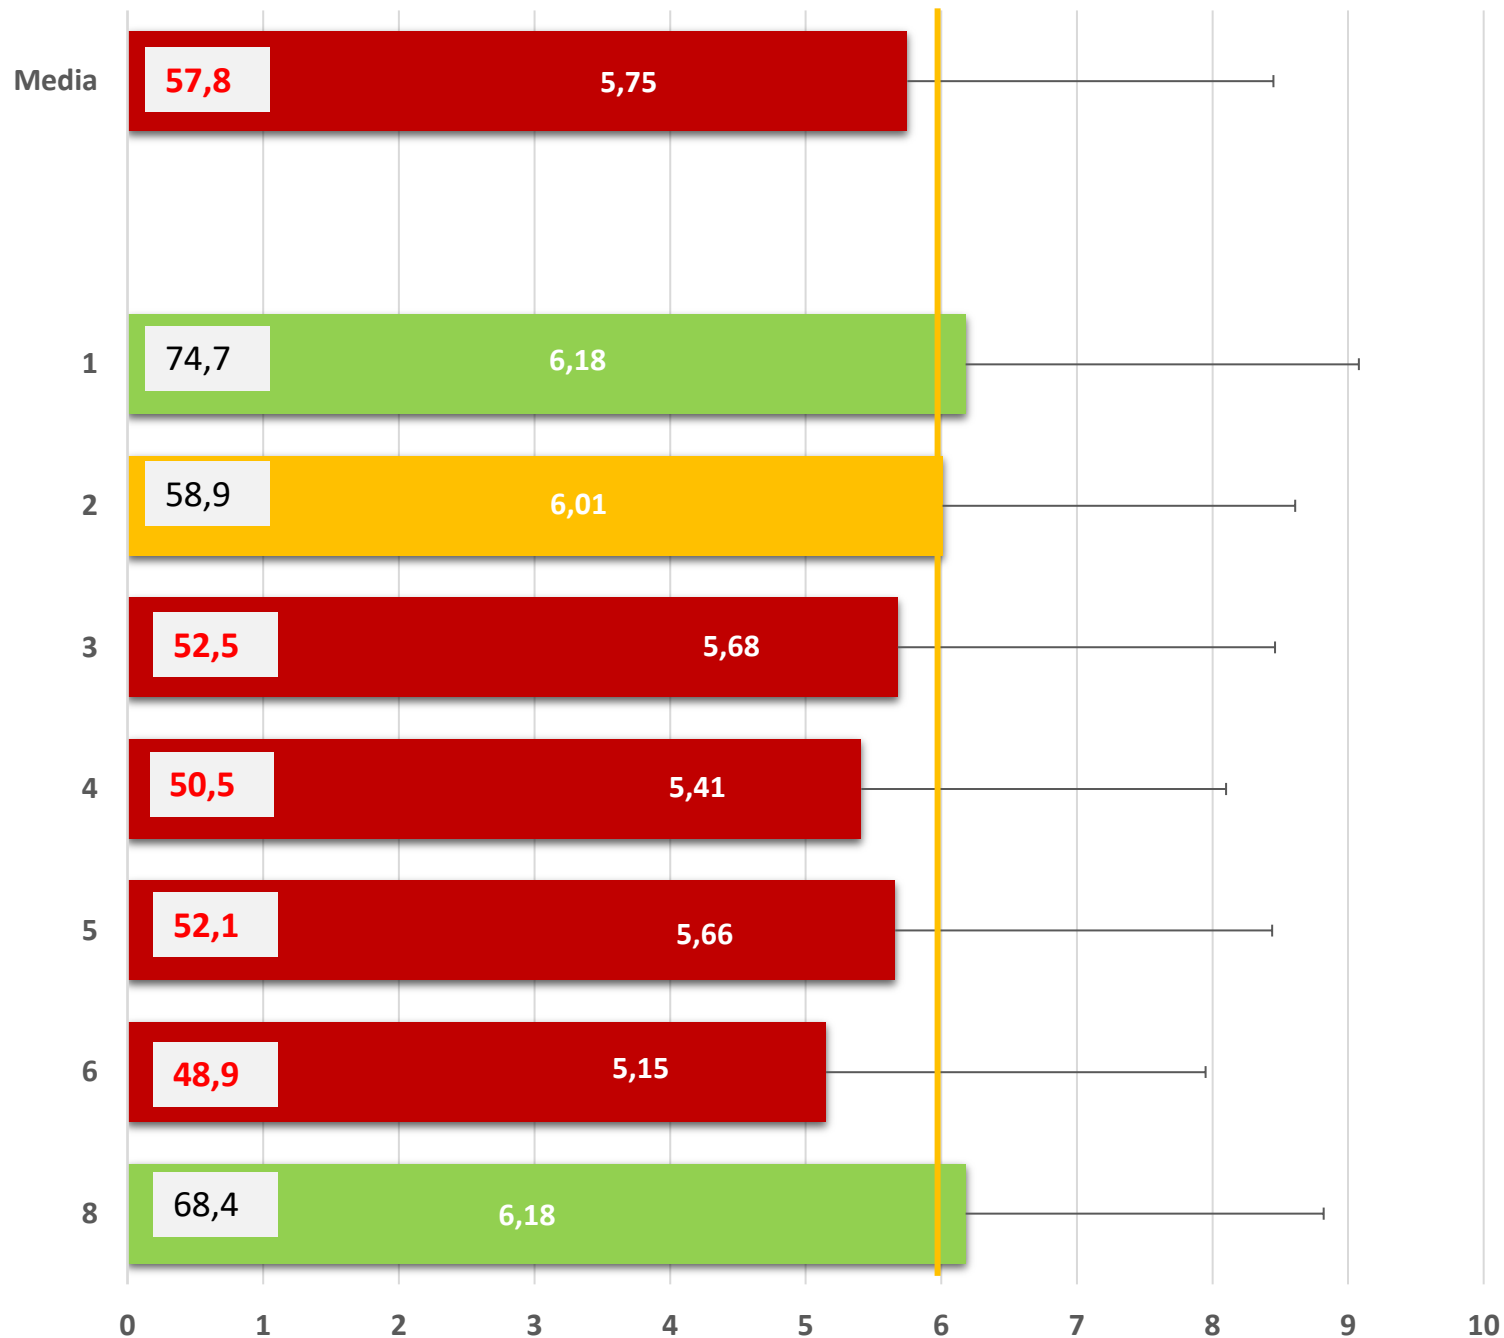

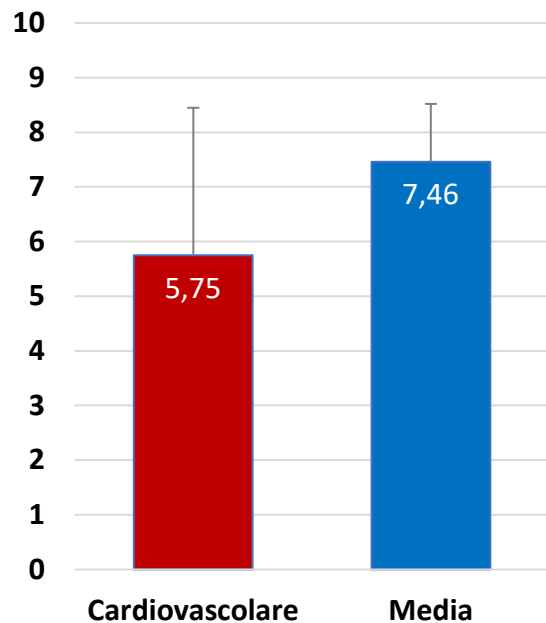

Note:

Persistono notevoli criticità

pessimo, assoluta disorganizzazione, tutor assenti, obiettivi formative non rispettati
Notevole discrepanza fra Cardiologia e Chir. Vascolare.

Cardiologia molto negativo (assenza di tutor, disorganizzazione assoluta, affidamento a specializzandi),

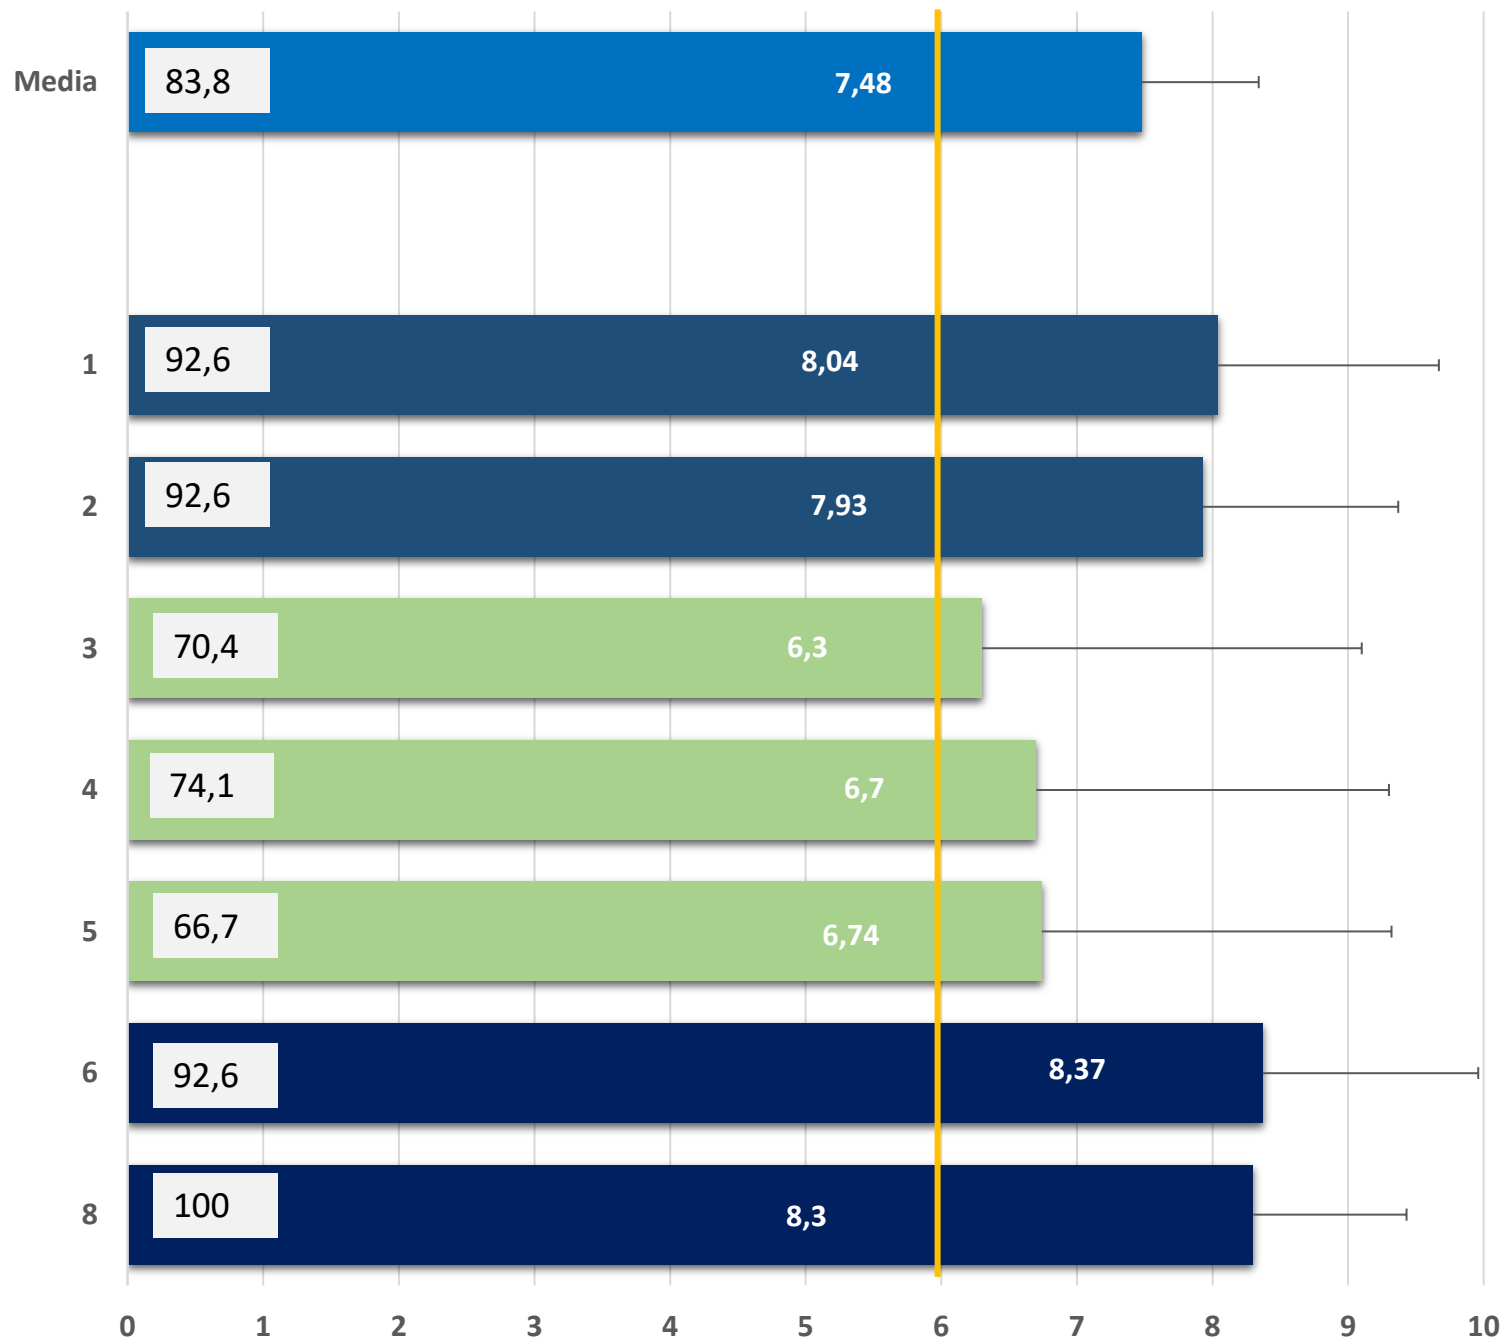

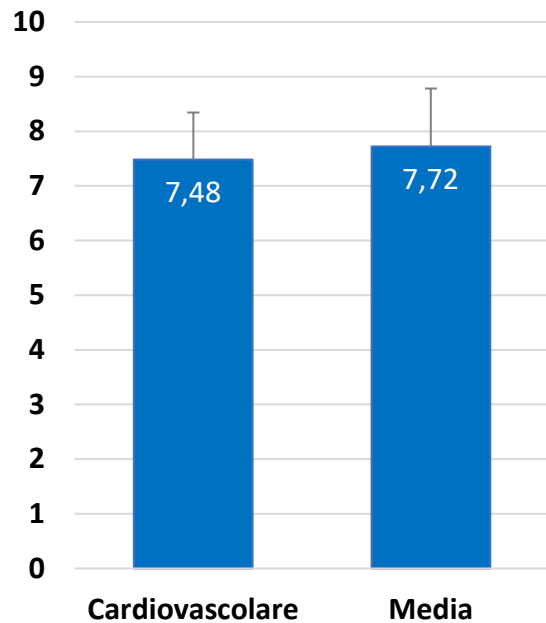

Chir. Vascolare giudizi molto positivi.

Cardiovascolare 2020-21

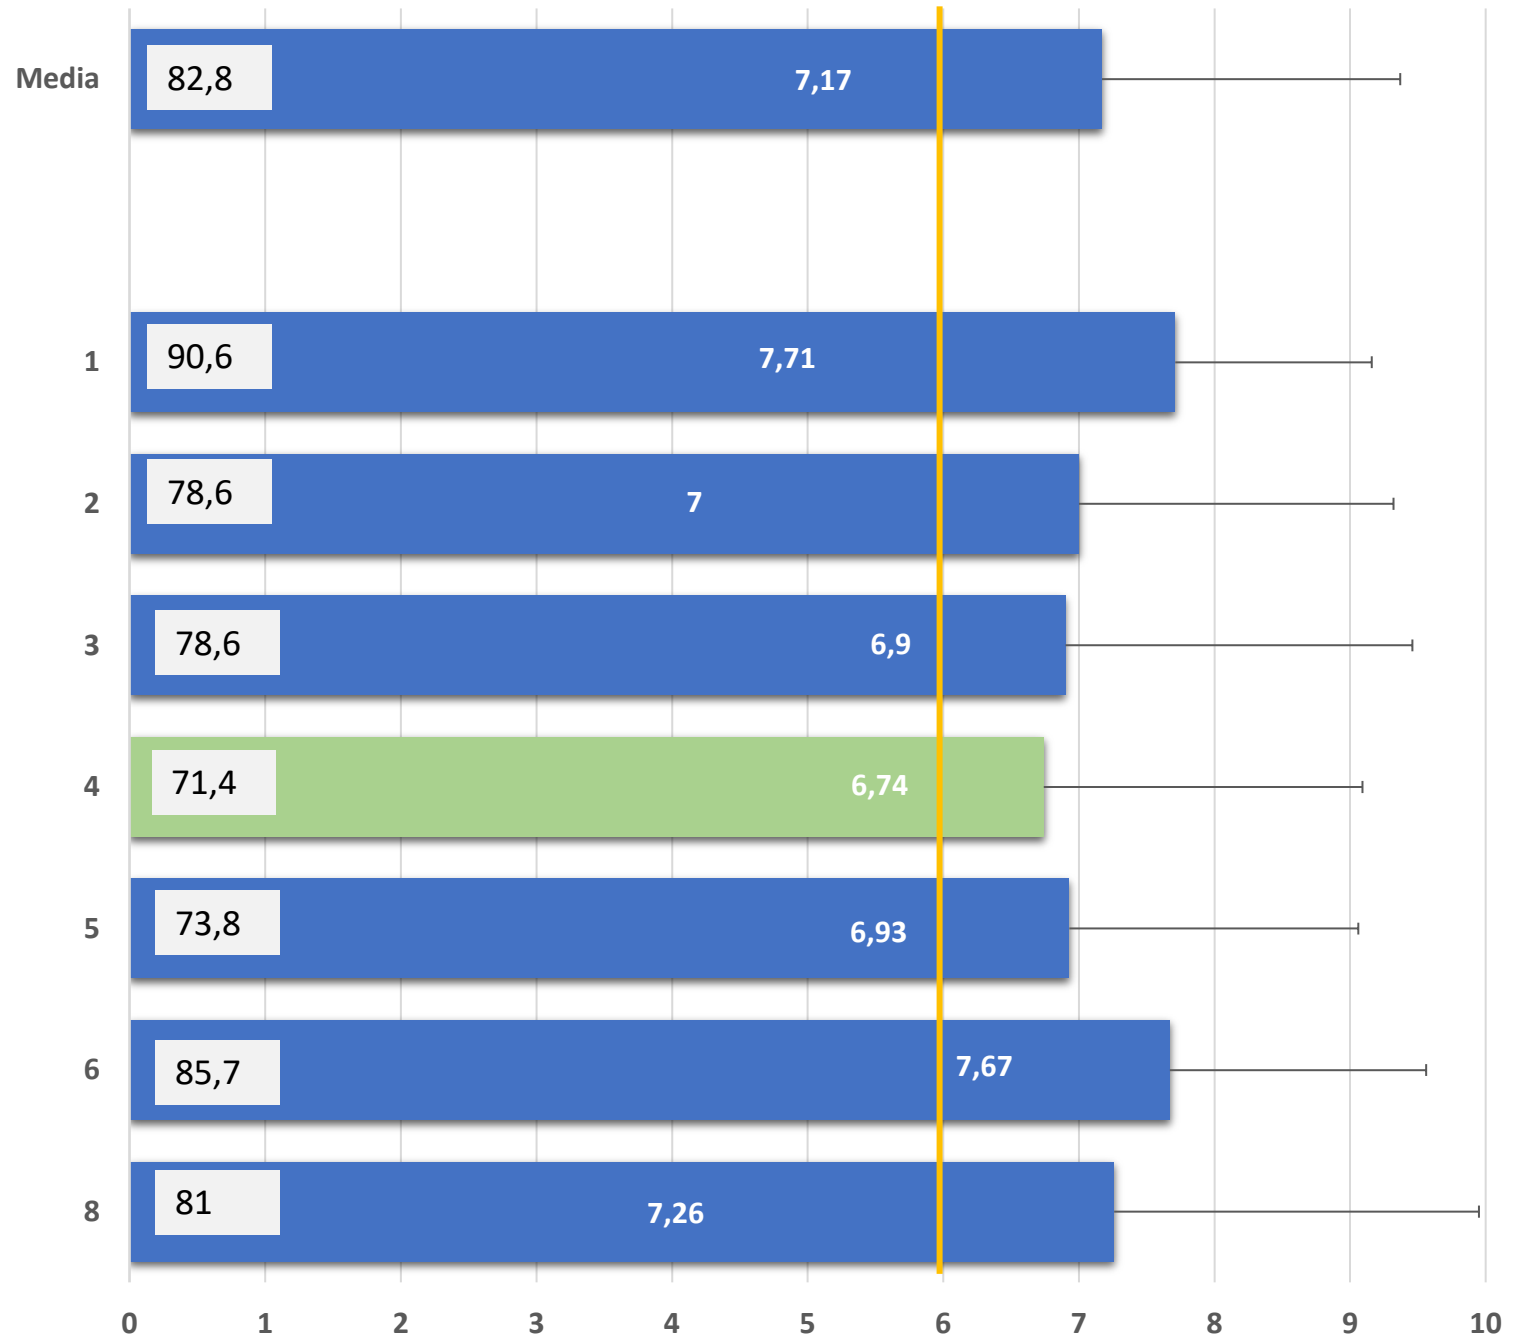

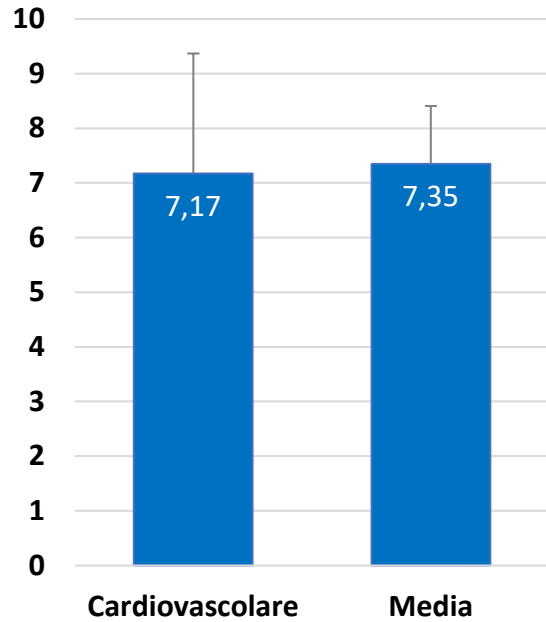

N=27 (Policlinico)

Note : in miglioramento dopo attivazione in parallelo della UOC di Baggiovara

Cardiologia 2022-2023

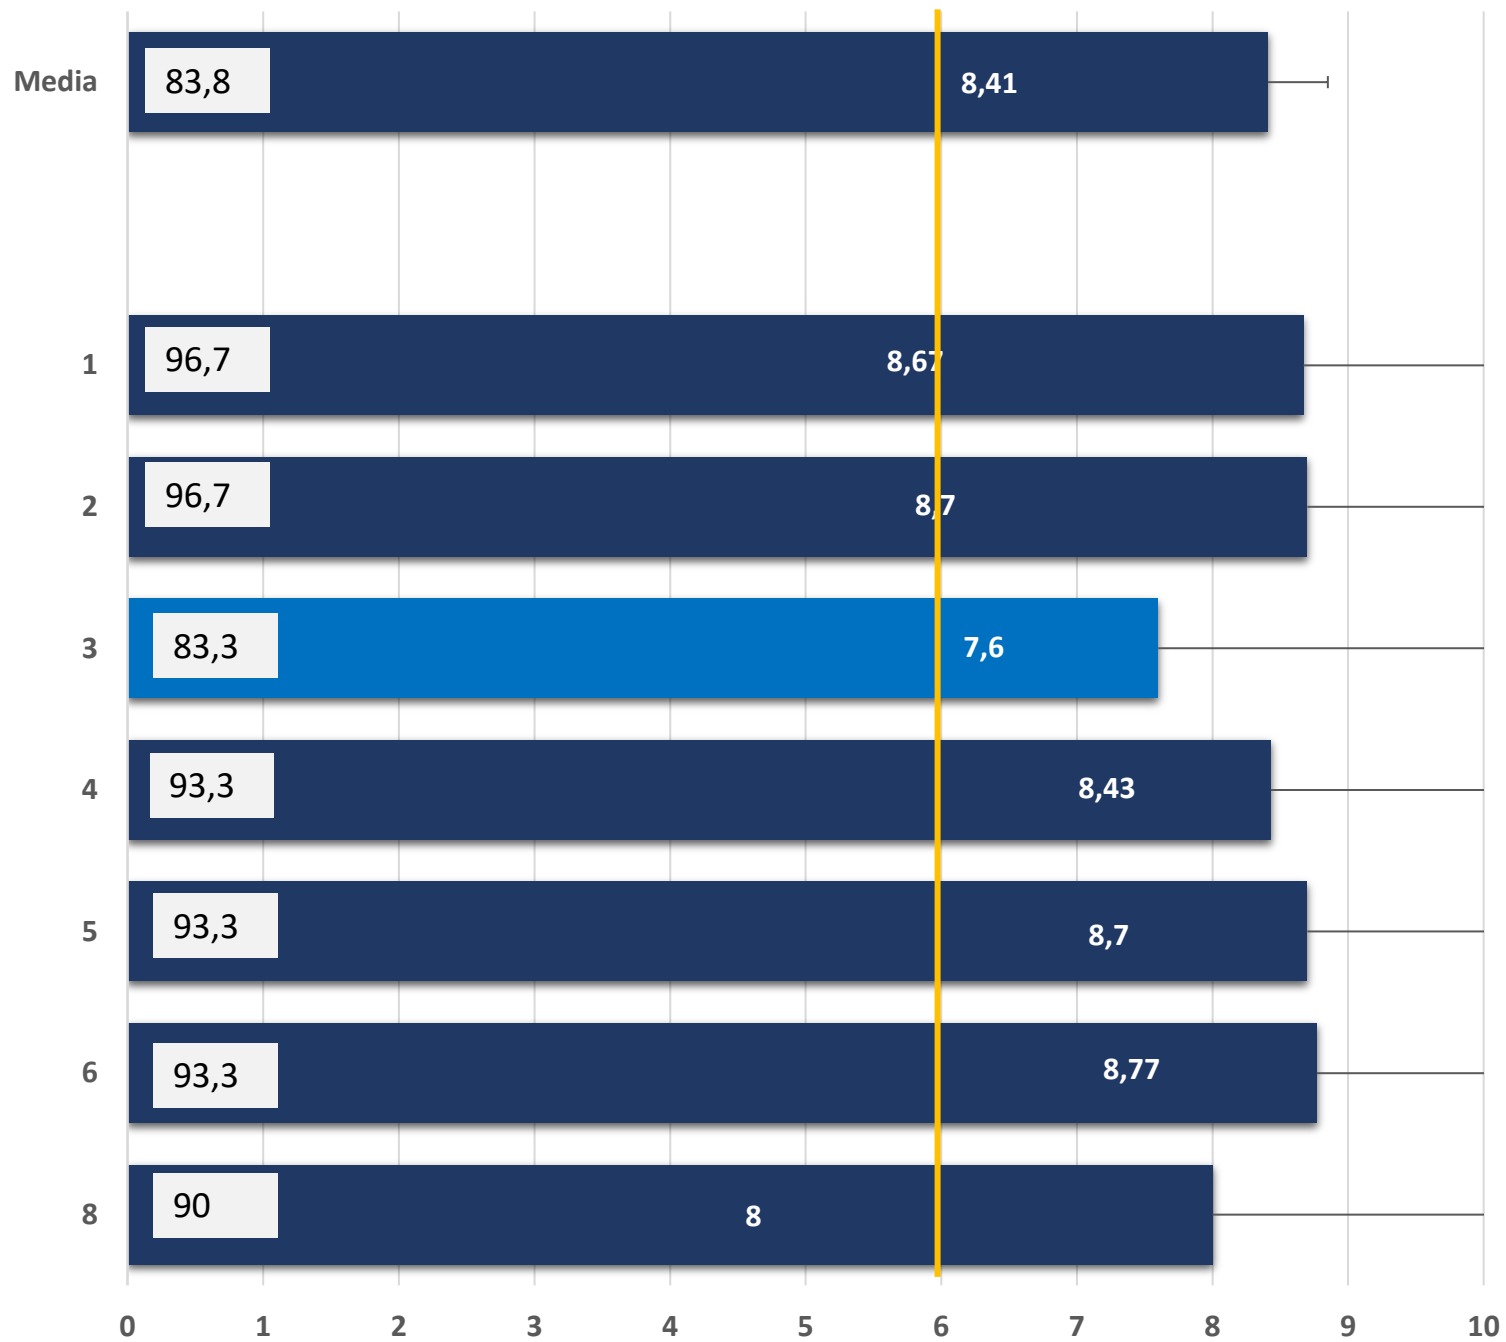

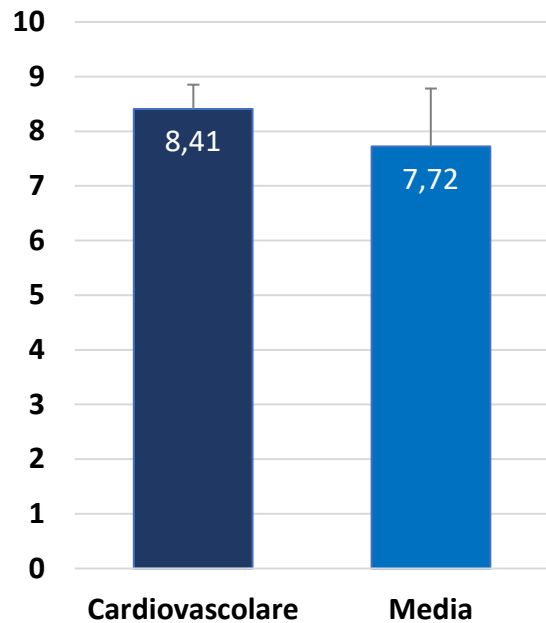

N=42 (Policlinico)

Cardiologia 2020-21

N=30 (Baggiovara)

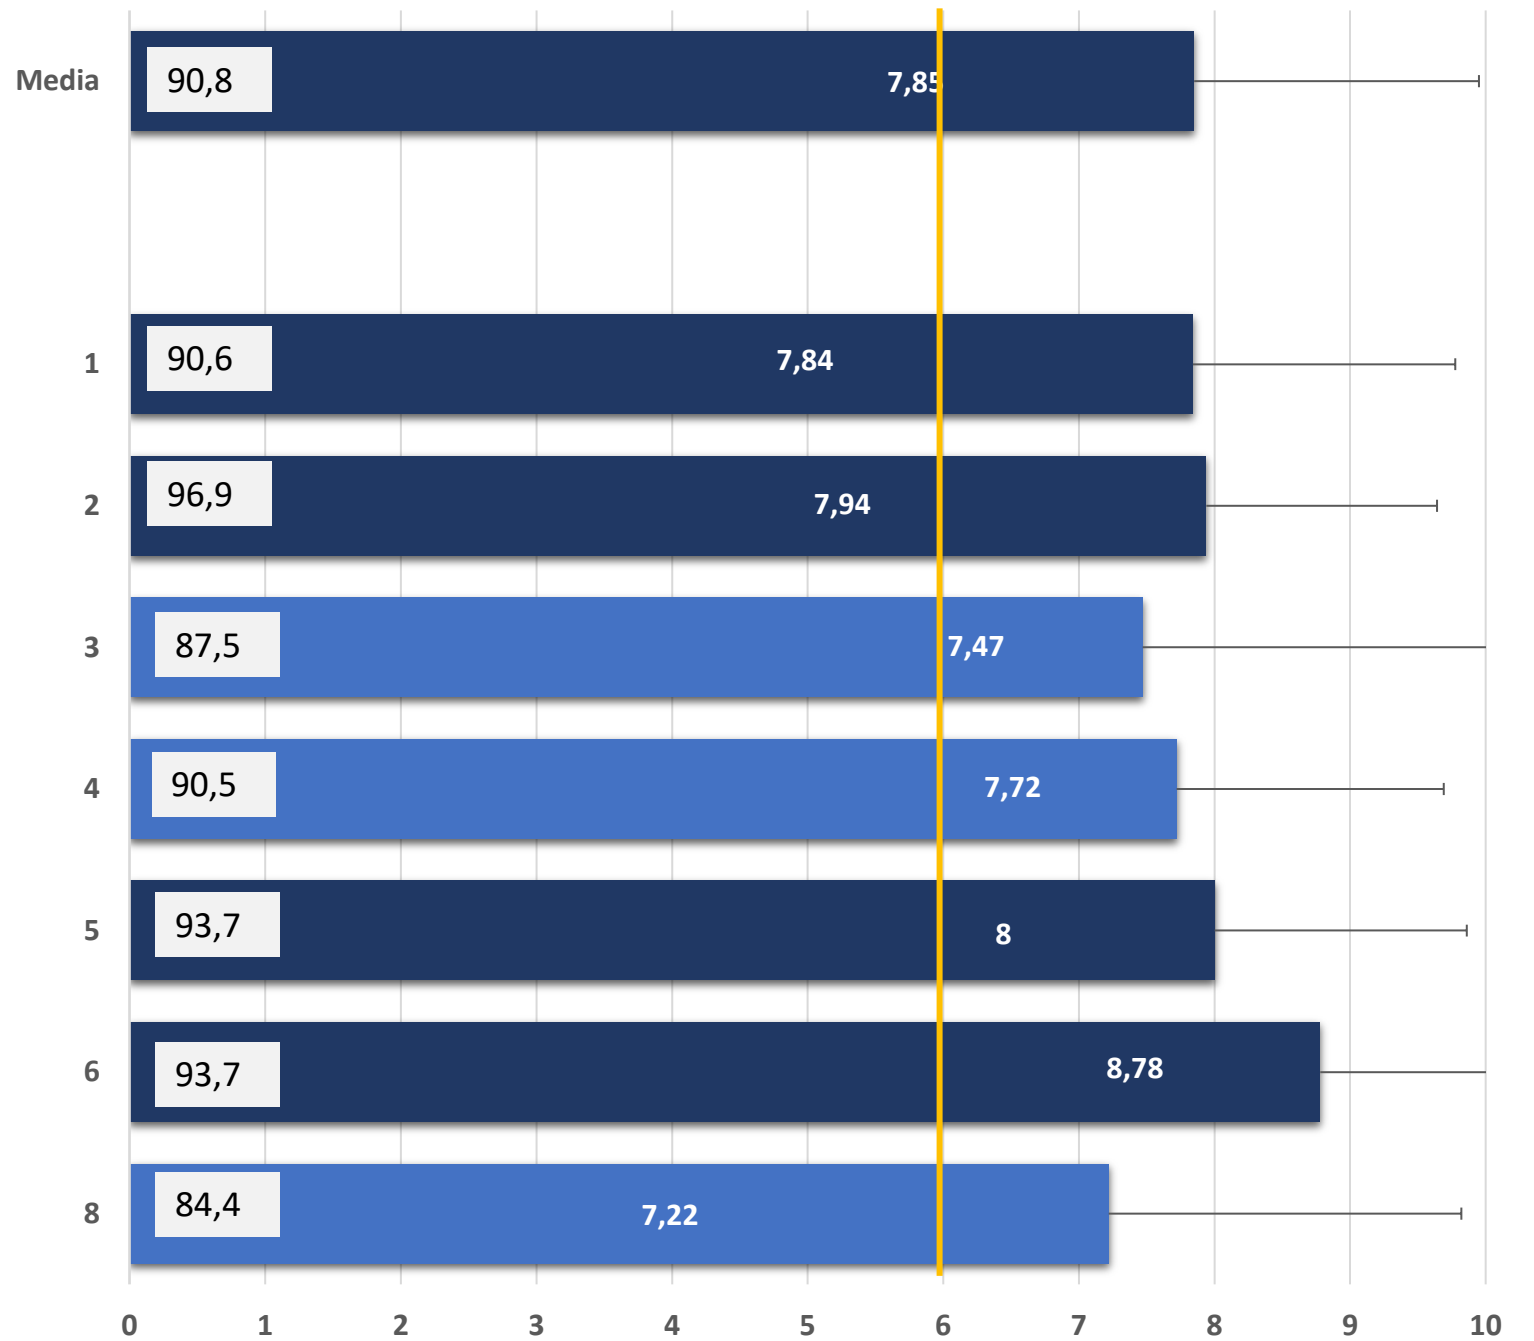

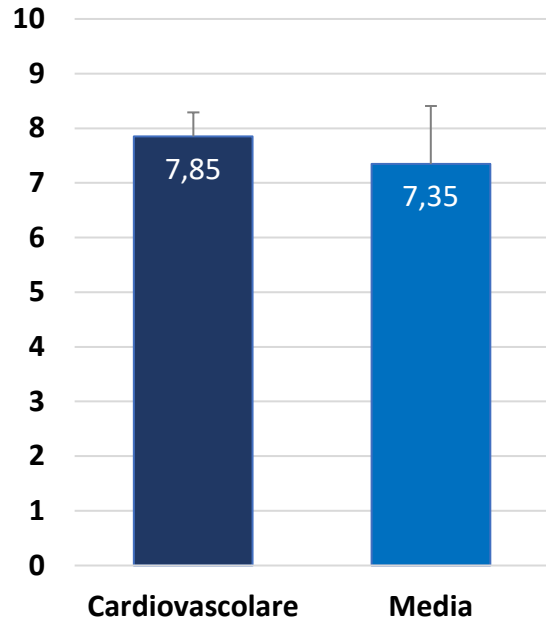

Top: Grande disponibilità
con gli studenti

Cardiologia 2022-2023

N=32 (Baggiovara)

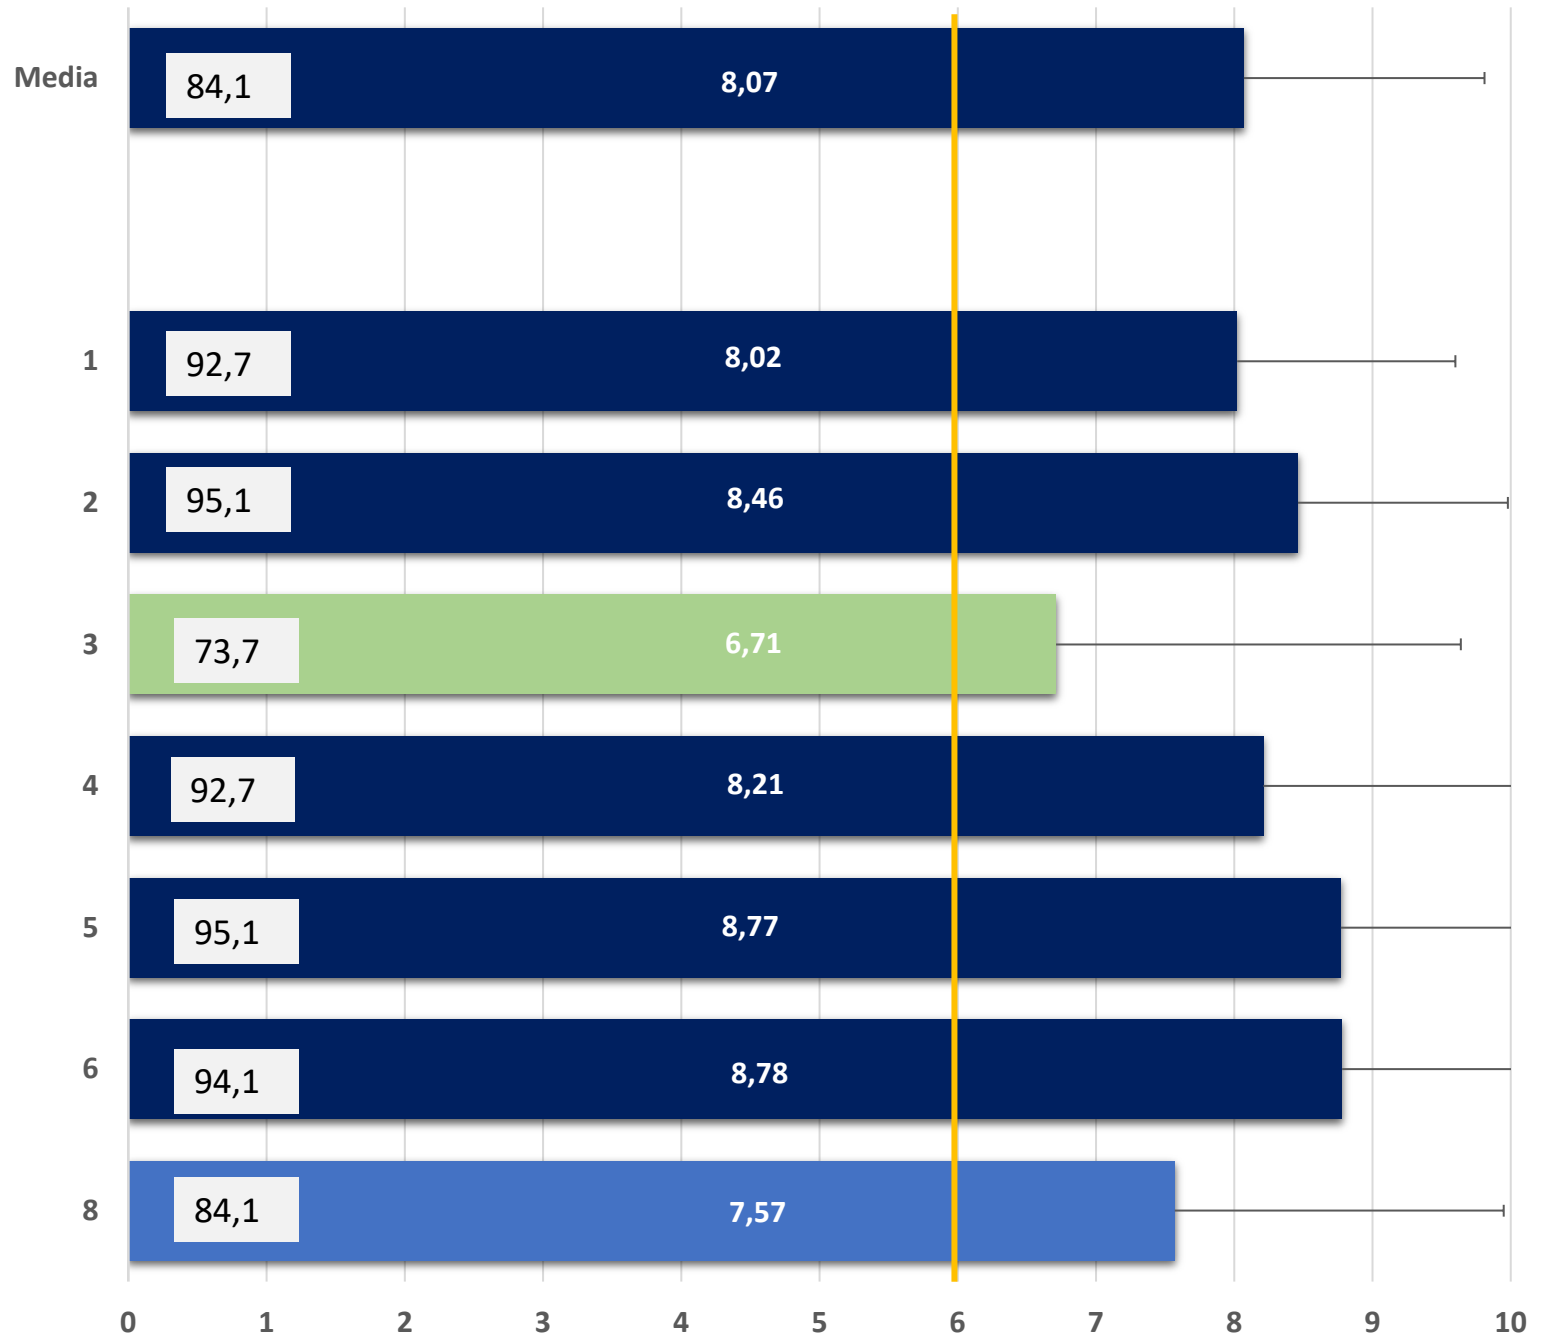

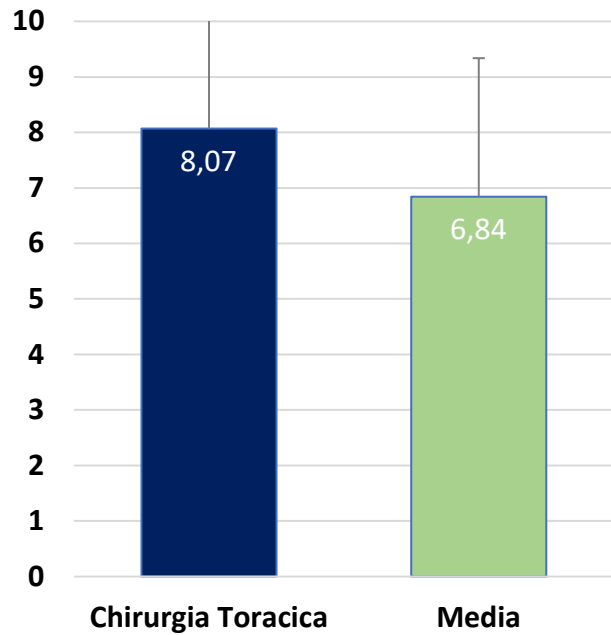

Si conferma ottimo tirocinio

Chir. Toracica 2016-2017

N=84

Note:
Tirocinio Top

Chir. Toracica 2017-2018

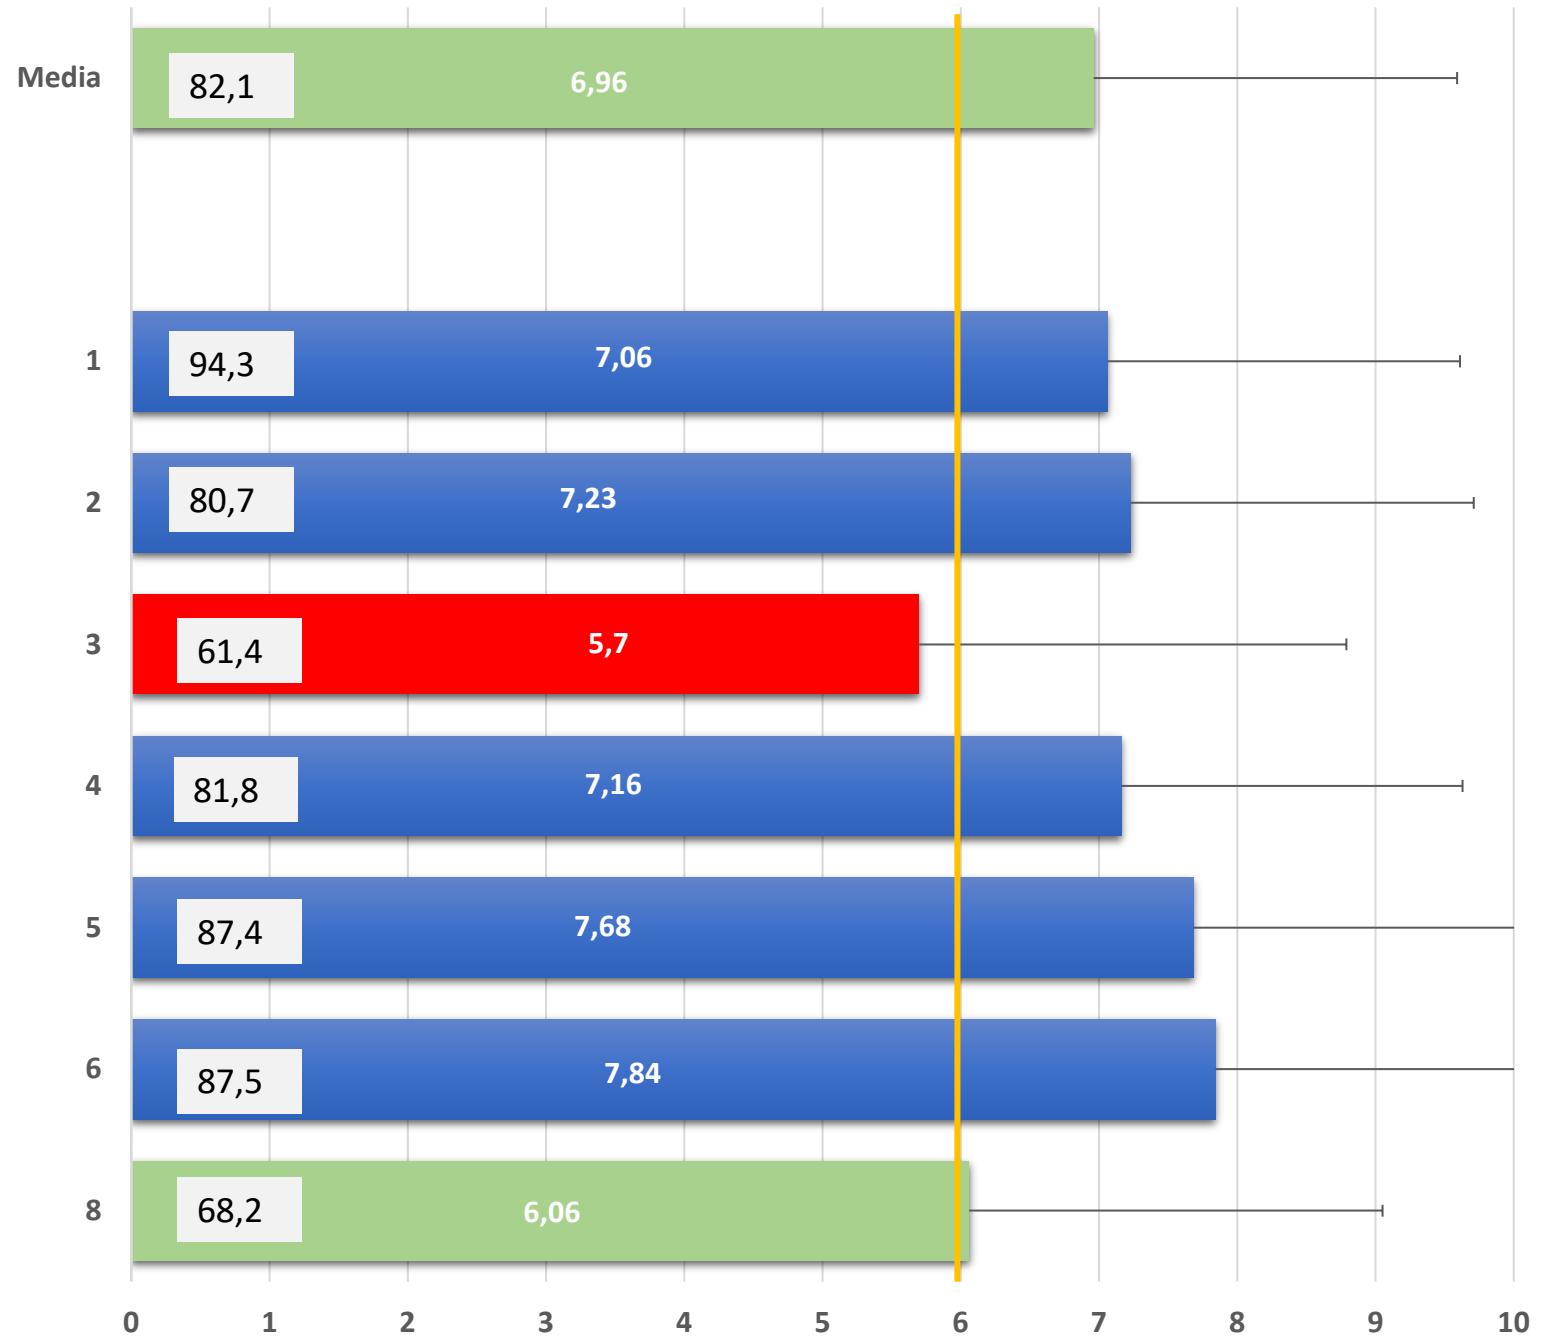

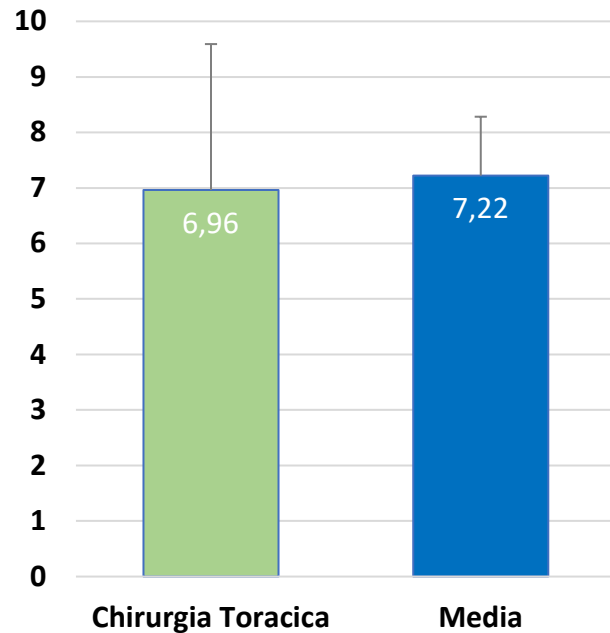

N=88

Note:

In peggioramento

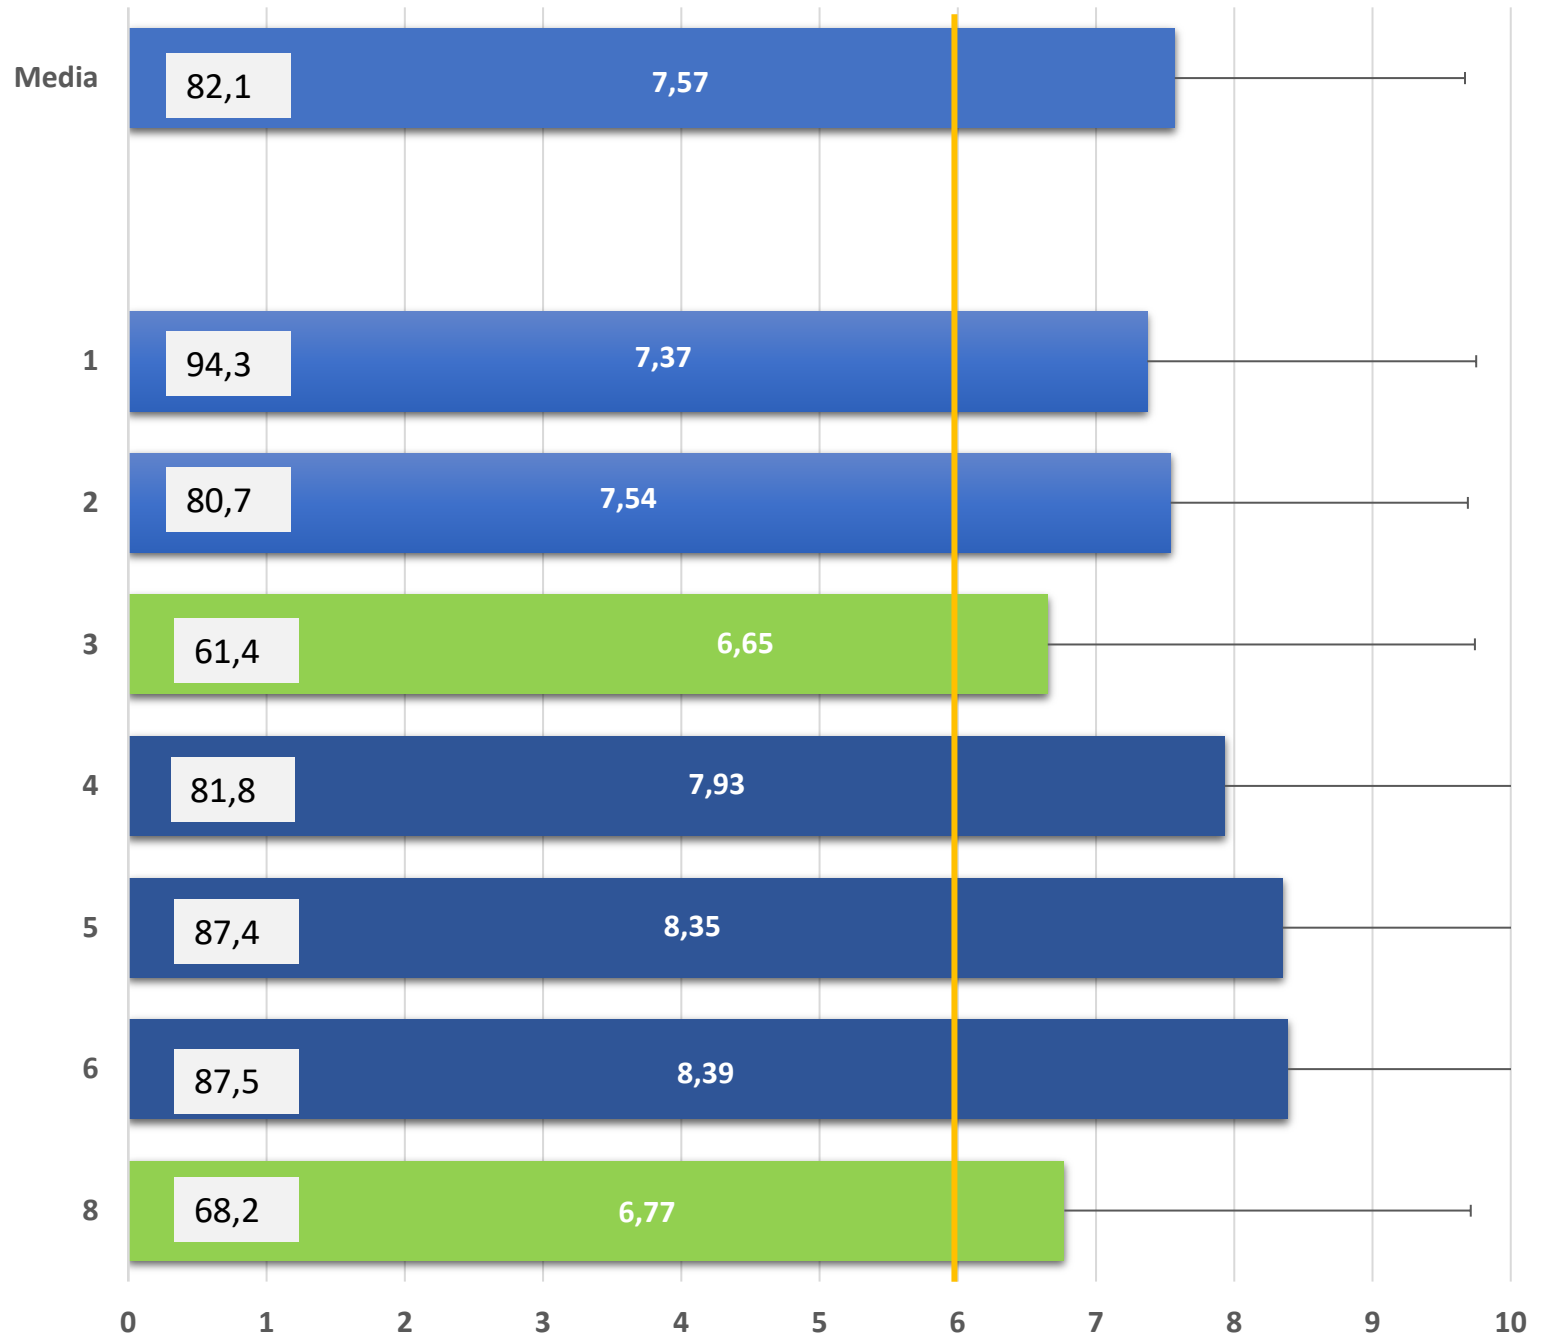

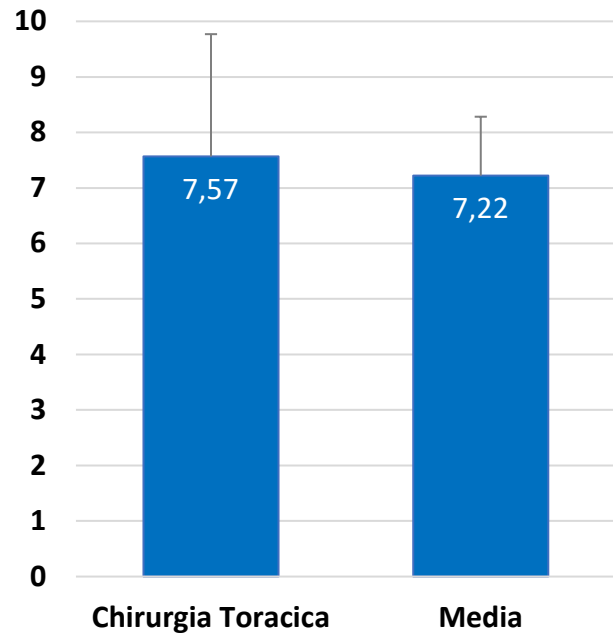

Porre attenzione item 3

mediamente buono Aspetti negative non corrispondenza tra gli argomenti trattati ed esame, non accesso sala operatorial, disparità gruppi tirocinio.

Chir. Toracica 2018-2019

N=95
